### State Cancer Crusade Ready For Annual April Drive

A Crusade meeting for Larger Units of the American Cancer Society was held in Richmond on January 19th, at the Jefferson Hotel. At this time Mr. Richard S. Gillis, Sr., was appointed crusade chairman for the state of Virginia by General Frank Camp, chairman of the fund raising committee of the division. Mr. Gillis is director of activities of the Virginia State Chamber of Commerce. He is also a member of the military staff of Governor J. Lindsay Almond, past president of the Richmond Public Relations Association and a member of many veterans' civic and fraternal organizations. Mr. William H. Phillips, chairman of the Finance and Fund Raising Committee of the Princess Anne Unit, American Cancer Society was present at this meeting to meet Mr. Gillis, and reported that Mr. Gillis is looking forward to visiting the local unit during the April Crusade. Mr. Fred A. Haycox, Jr. is crusade chairman for Princess Anne and Virginia Beach.

Mr. Edgar J. Forio, senior vice-president of the Coca Cola Company is the National Crusade Chairman for 1960. Mr. Forio is an outstanding business leader and will be extremely active during the crusade. Tentative plans call for him to make a two-day visit to Virginia. The honorary chairman of the Crusade Nationally is Mrs. Dwight D. Eisenhower. In accepting Mrs. Eisenhower said:

"I was very pleased to learn that you at the American Cancer Society are planning an even more expansive crusade for 1960, and I want you to know that I will be happy to continue lending my support as honorary national chairman of this drive. It is reassuring to know of the large number of our fellow citizens who, through the efforts of your organization, have been cured of cancer. Let us hope that this increased program for the coming year will bring even greater results than before."

### Beach Preaching Mission to Open Here on February 21st

Be sure to keep the week of February 21-28 open for the third annual Virginia Beach Preaching Mission. Plan to hear such men as Dr. James A. Jones, President of Union Theological Seminary, Richmond, Virginia; Dr. Herbert G. Gork, President of the American Baptist Convention 1959-60; Dr. Harry Denman, Director of Evangelism in the Methodist Church; Dr. Howard Short, Editor, The Christian-Evangelist and Vice-President of the Board of Publications for the United Church of Christ.

Also present this week will be such unusually distinguished Christian ministers as Dr. N. Gordon Cosby, pastor of the Church of the Saviour in Washington, D.C., whose church although it has only 53 members, is considered one of the most promising Christian churches of our day. Hear the beloved Dr. Clovis G. Chappell, author, humorist, and lecturer and former minister of some of the largest churches in Methodism.

A special noonday meeting will be held every day in the Evangelical Lutheran Church of The Good Shepherd. Mass meetings will be held every night in the Virginia Beach High School Auditorium at 7:30 p.m.

Also this week we will have a special dramatic presentation by the Virginia Beach Community College, "The Fall of Man," by Shakespeare.

Rev. Henry T. Morgan, pastor of the First Presbyterian Church of Virginia Beach is chairman of the Preaching Mission Committee.

### News Digest

#### Intruders Enter Training School

An estimated \$500 worth of damage was done in a break-in at Princess Anne Training School near Chincoteague some Saturday night, according to Police Chief J. F. Moore.

J. V. Boykin, principal, said locks were broken on several classroom doors and teachers' desks. A large amount of damage was done to the interior of the school before the intruders were looking for money.

#### Local Realtor Is Recognized

Mrs. Dale Fairless Witt, president of Dale Fairless Realty Corp., was elected first vice president of the National Assn. of Home Builders Women's Auxiliary in Chicago last week.

This group, composed of wives or daughters of home builders and associates, has chapters in 26 states. The local Tidewater Assn. of Home Builders Women's Auxiliary is headed by Mrs. Fred Napolitano.

#### Youths Believed Responsible

Eight youths ranging in age from 11 to 14 are reportedly responsible for hundreds of dollars worth of damage sustained recently by the Cavalier Beach and Cabana Club. Hearings on vandalism and trespassing charges against the youths, most of whom live near the Cavalier club, are scheduled for Feb. 10 in Juvenile and Domestic Relations Court.

Damage included smashed tables and railings, broken electric fixtures and bulbs, and knocked-out fencing around the swimming pool.

Investigating were Youth Officer Henry Capps, Sgt. W. W. Davis, Det. William Hall and Patrolman K. C. Wood. Reportedly two 11-year-olds, were involved, three 12-year-olds, two 13 and one 14 years of age.

#### Speeder Gets Heavy Fine

David Larry Gordon of London Bridge was fined \$150 Monday in Virginia Beach Police Court on charges growing out of a 70 m.p.h. chase.

Patrolman C. H. Payne pursued Gordon on Jan. 24. The police car was extensively damaged when Payne averted to avoid hitting the other vehicle when Gordon reportedly stopped suddenly.

Gordon was fined \$75 for reckless driving, \$50 for driving on a revoked license and \$25 for failing to heed a siren. Judge E. V. Gresham dismissed a charge of leaving the scene of an accident.

### Bill Introduced by Ames, Spong Would Divide Present 28th; Second Judgeship Would Be Provided

Legislation was started in Richmond Tuesday that would make Princess Anne a separate judicial circuit with a second resident judge. The circuit would become the 39th judicial circuit.

Seated at P. Ames Ames, Jr., representing Princess Anne and Virginia Beach, and Senator William B. Spong, Jr. of Portsmouth, introduced the proposed legislation in the General Assembly. The emergency legislation would become effective July 1.

Should the legislation pass, and it is very likely that it will, a second judge to serve the new judicial circuit. A second judge would serve with Judge Robert S. Wahab, Jr. Judge Henry W. Mackenzie, now senior judge of the 28th judicial circuit, would be the only judge of the circuit which would include Portsmouth and Isle of Wight. He would reside in Portsmouth.

The legislation, as proposed, was agreed to by Senators Ames, Spong and Mills E. Galtman. In the latter represents Isle of Wight.

Under the proposed legislation Princess Anne would be cut off from the 28th and made into the new 39th Judicial Circuit. Judge Wahab, now junior judge of the 28th, would become the senior judge of the new 39th circuit. A second judge would then be named to serve with Judge Wahab.

The idea of splitting the present circuit is not surprising to those familiar with the courts. The case load for the circuit has been one of the State's heaviest for several years. At the present time Princess Anne cases constitute more than 50 per cent of the circuit's caseload.

The three senators considered the heavy case load in Princess Anne in making the proposal that he made a separate circuit with two judges.

Princess Anne would then become a separate circuit with two judges. The new circuit would be the 39th circuit and would assume the appellate powers in Princess Anne.

### Virginia Beach Little Theatre Prepares for Season Opening

The Virginia Beach Little Theatre group is hard at work readying the first presentation of the 1960 season, "The Third Best Sport," a comedy by Eleanor and Leo Beyer, will open on Tuesday, February 9 at the Virginia Beach High School Auditorium at 8:30 p.m.

The President of the local Little Theatre, Ashley Haycox, also announced the selection of the "Tender Trap" by Max Schultman and Robert Paul Smith and the "Fallen Angel" authored by Noel Coward as the other two plays to be offered this year. The "Tender Trap" is scheduled for April 26 - 27 while the "Fallen Angel" is set for June 14 - 15.

Caroline Motley and Jack Postel, both veterans of the local Little Theatre group, are the two lead players in the "Third Best Sport." This comedy, originally presented on Broadway in 1959, is concerned with the various situations in which the inexperienced wife of a corporate Executive finds herself when she attempts to cope with the problems of a big business convention. The supporting cast for this first play of the season contains many names and faces well known to those who have attended these local presentations in the past. The roles and players for the "Third Best Sport" are:

Bellevue ..... Andrew Phillips  
Heleen Sayre ..... Caroline Motley  
Douglas Sayre ..... Jack Postel  
Chuck Robbins ..... Jim Dunn  
Arthur Underhill ..... George Webb  
Amy Underhill ..... Patsy Madry  
Marge Robbins ..... Ann Morrison  
John Wagner ..... Robert Walnwright  
Dr. Jonas Lockwood ..... Paul Konnersman  
Myra McHenry ..... Jo Kellam  
Spencer McHenry ..... Norrie Martin

All three plays for this season are under the able leadership of Ruth Masury, who has been directing the Virginia Beach Little Theatre group for the past 11 years.

As in the past, plans are being made to have a professional actor, well known on the stage, take the lead in the last play of the season. As soon as all arrangements have been completed, the announcements concerning the play and its Star will be made.

Tickets for all plays this year may be purchased at the box office on the night of each show.

**BAYSIDE LIONS CLUB MEETS**

The Bayside Lions Club met Wednesday, January 28, at Shore Drive Inn. The president, Eugene F. Caldwell, presiding.

Ivan Mapp presented the guest

speaker, Carroll Clough, supervisor for the Bayside Magisterial District. Clough spoke about the efforts which are being made by the Board of Supervisors of the Princess Anne County to obtain city water and sewage for certain areas in the county.

The Bayside area - one of the most densely populated parts of the county - would benefit a great deal from the acquisition of these services. Several sections in the

Bayside District have very poor water and there are some places where septic tanks do not function properly due to poor drainage. Clough talked of the possibility of having the water lines now serving Fort Story extended in a loop to provide water for the Bayside area. When this service is made available it will be furnished by a bond issue with money being raised for services. Taxes would not be affected.

## A New Judicial Circuit

The legislation proposed Tuesday in the General Assembly that would establish Princess Anne as a separate judicial circuit is not at all surprising in view of the heavy case load that has been carried in Princess Anne for a number of years.

Although we are not possessed of a legal education we are certain that those members of the legal profession who have practiced before the court in Princess Anne have been aware for some time that the workload of the entire 28th Judicial Circuit which embraces, besides Princess Anne, the City of Portsmouth and the County of Isle of Wight, was too great to remain a single circuit.

According to word from Richmond the legislation as proposed by Senators Ames

and Spong would place Princess Anne in a new and separate judicial circuit to be known as the 39th circuit.

To Many this change could have come several years ago. Princess Anne, according to reports, now handles some 60 percent of the cases for the 28th judicial circuit and this can be expected to increase.

We believe the legislation will easily pass and this would mean that a second judge would be appointed to serve with Judge Robert S. Wahab, Jr., who would become senior judge of the new 39th Judicial Circuit.

This court legislation is still another example of the growth of Princess Anne County and Virginia Beach. We believe dividing the present 28th Judicial Circuit is a wise and prudent step.

## WHAT OTHERS ARE SAYING

## The Same Old Story

In 539 B.C. a letter sent to King Cyrus of Persia said:

"Our property seems to me the most beautiful in the world. It is so close to Babylon that we enjoy all the advantages of the city, and yet when we come home we are away from all the noise and dirt."

In 1960, just one year short of 25 centuries later, millions of Americans have the same view. And they have additional reasons by the hundreds for preferring suburbs to the big cities.

A report by the United States Census Bureau shows that from April, 1950, to April, 1959, the population of the U. S.

increased 16 per cent, or a total of 24.1 million persons. And of this total, the suburbs around large cities attracted 15.3 million. The central cities of metropolitan areas increase in population only 1.5 per cent while suburbs increased 44 per cent.

Few residents of either the cities or the suburbs quite realize what problems this raises—although more of them are becoming aware daily of difficulties with such factors as high taxes in the cities and septic tank troubles in the suburbs.

"There is an active antagonism, a mutual distrust between many a central city and its satellite towns," says a recent edition on the problem in the Saturday Evening Post.

A Navy tradition came into being on December 25, 1914, when the crewmen of the battleship New York gave a Christmas party for 125 children at Edinburgh, Scotland.

## The National Outlook

From the viewpoint of business the most important statement in the State-of-the-Union message by President Eisenhower probably was that on retirement of the public debt.

Back of this was a projected surplus of \$200 million for the current fiscal year ending next June 30 and an estimate of \$42 billion surplus for the following fiscal year.

The projection for this year is another revision by the Administration. In the mid-year review by the Budget Bureau it was predicted that there would be a surplus of \$100 million. Then, a few weeks later, Budget Bureau Director, said that the chances were we would have a deficit this year. The difference was continuation of the steel strike and the influence of this upon both corporate profits and individual income. This current revision, however, can be accounted for by other than settlement of the steel strike.

Only a few days ago the Federal Reserve System adopted a new formula for the retention of its earnings, and this resulted in an increased payment to the U. S. Treasury of \$206 million—or by more than the estimated surplus.

The indicated surplus for fiscal 1961 is of quite a different character. Expenditures are estimated at \$78.5 billion, as compared with an anticipated \$41 billion. Revenues are forecast at \$44 billion, which is appreciably higher than had been expected. This is a good sign, but the President had this to say about it.

"Personally, I do not feel that any amount can be properly called a surplus as long as the nation is in debt. I prefer to think of such an item as a reduction on our children's inherited mortgage. And once we have established such payments as normal practice we can profitably make improvements in our tax structure and thereby truly reduce the heavy burdens of taxation."

At first glance this appears to be a conservative and appealing point of view. But analysis of its implications raises some fundamental issues. If we can not have tax relief with income exceeding expenditures by \$42 billion, how much surplus must we have before beginning a program of tax rate reform?

Everyone is interested in getting a reduction of the public debt, but most that be given absolute priority over tax rate reform? Since the historical record shows that within a short period a reduction of taxes brings more revenue to the government, might we not

be better off if we started on tax reform immediately?

Finally, in as much as we have a shortage of venture capital, and that is holding back the growth of the nation, would it not be wise to aid the accumulation of such capital by tax rate reform?

In my judgment a surplus of \$42 billion is more than enough to justify a tax-rate-reform program this year. Further, there already is a program before the House Ways and Means Committee that is particularly suited for the present situation. This is the five year program of the Herlong-Baker bill. This reduces taxes across the board by using the revenue which comes from economic growth for this purpose rather than increased government spending. It is a genuine tax-rate-reform measure, and involves no shifting of taxes from one group to another.

Announces Promotion

L.M. "Bud" Rothwell

The promotion of L. M. "Bud" Rothwell to a top management position as Supervisor was announced today by Mr. F. Wallace Bowler, president of Eastern Finance Corporation.

Rothwell has been manager of the Virginia Beach office of EFC since August of 1956. He had 10 years of experience with consumer finance organizations previous to his joining EFC in July of 1956. Previous to that he had served in the United States Army.

Living at 203 Woodhurst Drive at London Bridge, Rothwell married a former Virginia Beach girl, Merle Amburn. They have two sons, Lynn and Gary, and a daughter, Denise.

The promotion will place a number of offices in Virginia, North Carolina and South Carolina under Rothwell's supervision. This is, Bowler noted, a move in line with the EFC policy of promoting from within whenever possible.

Rothwell will assume his duties this week and, although traveling extensively, will still maintain his residence at London Bridge.

**Marines Seeking High Schoolers**

High school seniors are being advised to enlist in the Marine Corps before graduation, a spokesman for that service admitted today.

But Marine Recruiter Eugene P. Wilson of Norfolk, who made the admission, says he expects a representation of future parents and school authorities.

The seniors won't be ordered to active duty until after graduation. Sgt. Wilson said the delayed active duty program allows him to guarantee qualified young men a place in the Marine Corps.

Otherwise, lowered recruiting quotas make it necessary to place an applicant's name on a waiting list until there is an opening.

The delayed active duty program permits those accepted to remain home up to 120 days before being ordered to recruit training.

"Buddies" who enlist together will be assigned to the same unit for recruit training.

Sgt. Wilson's office is located at Room No. 407 Post Office Building in Norfolk, Virginia.

All Chapter members are asked to bring such articles.

On Dec. 29, 1812, the USS Constitution ("Old Ironsides") captured the British frigate Java with a loss of 9 dead and 25 wounded to the British 48 killed and 162 wounded.

**GRACE BRETHREN CHURCH PLANS DEDICATION SERVICE**

The Grace Brethren Church, Great Neck Road at Hilltop, has planned its building Dedication Service for this coming Sunday, February 7 at 8:00 p.m. Dedication speaker will be the Rev. Edward Lewis, Pastor of the First Brethren Church, Buena Vista, Virginia.

Other guest pastors taking part in the service will be the Rev. K. E. Richardson, pastor of the Fairlawn Brethren Church, Radford, Virginia, the Rev. Vernon J. Harris, pastor of the Washington Heights Brethren Church, Roanoke, Virginia.

Special music for the occasion will be provided by the David

Adams Memorial Chapel Choir from the U.S. Naval Base, Norfolk. The Grace Brethren Church had its beginning in the summer of 1936 when four families began holding services in the home of Mrs. John Allen. The group continued to grow and moved into the Virginia Beach Community House in January 1957. In June of that year the Rev. A. Harold Arrington

accepted the pastorate and is now serving as pastor of the congregation. Property was purchased and in January, 1958, the group remedied the dwelling on the Ashburn property on Great Neck Road and weekly services were held there until the completion of the new church building last Fall.

In the Spring of 1959 the Home Missions Council of the National

Fellowship of Brethren Churches moved in its own building crew and the new church was begun. This is a unique feature of the Home Mission Division of the Brethren Church in that it supplies its own building crew, including the architect, to build its churches.

The new church has been averaging approximately 120 every

Sunday in Sunday School and for the last three months has won first place in its division in the National Sunday School contest sponsored by the Sunday School Board of the National Fellowship of Brethren Churches. Lambert Myers is the Sunday School Superintendent. The Dedication Service is planned for 2:30 p.m. and the public is cordially invited to attend.

### Local Option Is Favored By State Restaurant Groups

The Board of Directors of the Virginia Restaurant Association today passed a resolution in connection with local-option voting for cocktails and highballs with meal service in restaurants and hotels.

At its meeting here, the Association Board noted that it would support legislation that would modify the present ABC laws to provide for the sale of alcoholic beverages in Virginia. It said:

"Such legislation would bring about moderation in drinking here in Virginia which is now the 11th State in annual per capita consumption of alcohol. Such a law also would aid in bringing additional revenue to the State and counties. It would cut down the number of stills in the State; aid in decreasing crime; be a tremendous aid in holding down drunkenness and be a financial aid to restaurants and hotels, suppliers of these places and a boon to many other facets of the economy here in Virginia."

In addition, the Association's Board said that "Virginia is the cradle of American democracy, and yet, to this day, Virginians have not been allowed to vote in their local areas on whether they desire the privilege of ordering a cocktail or highball with meal service."

Last week the Virginia Hotel Association and the States Young Democratic organization both passed resolutions urging the General Assembly to pass a local-option drinking law.

### Virginia Beach United Preaching Mission To Present Drama

The dramatization of Rumer Godden's "An Episode of Sparrows" will be presented on Saturday night, February 27, as part of the Virginia Beach United Preaching Mission.

The drama, which will be performed by the Bishop's Company of Santa Barbara, California, will be staged at the Virginia Beach High School at 7:30 p.m.

The play is a tender story of London slums and of the street children who, robbed of love and security, attempt to steal and fight their way to a place in society. The play shows the adults who meet these children and learn that "social service" must begin with love and that no amount of "organized charity" will replace the redemptive rebirth in a human heart when one person can see the need of another and count it his God-given privilege to help.

The Bishop's Company is a group of professional actors formed in 1952 in Los Angeles and committed to a full-time ministry of drama in the Church in America. The touring unit travels from coast to coast fifty weeks of the year.

The Rev. John D. Keister, Chairman of the Drama Committee for the Preaching Mission, will preside at the service for the dramatic presentation. The public is invited to attend a reception following in the High School, Mrs. V. K. Almond, Jr., is in charge of the reception.

### Plans Progress For Civil War Centennial Fete

The curtain on the Civil War Centennial will be raised next January 1 with all the formality and tribute an appreciative nation can accord the memory of the men on both sides who fought to settle the greatest issue America ever faced.

This announcement was made here today by Major General U.S. Grant, III, chairman of the National Civil War Centennial Commission, who reminded that the kick-off date will inaugurate the greatest commemorative observance ever participated in by Americans, a five-year period during which organized effort will be made to bring the nation's history into proper focus.

Someone has said, pointed out General Grant, that "the basic reason for official commemoration of the Civil War should be to impress and re-impress our people, especially the young, with the terrible price paid for this Union of states which we all enjoy so casually today."

This official observance, under the auspices of the national government, explained the chairman, affords a tremendous series of opportunities to the soul with the true spirit of patriotism through new understanding and deep appreciation of "the spirit of those on both sides of that struggle whose intense convictions and personal sacrifices to defend them are simply without parallel in our history."

As a token of the official beginning of the Centennial, he said, President Eisenhower will be asked to issue a proclamation inviting and urging every American to participate in the series of programs planned at the grass-roots level and coordinated at National Centennial Headquarters in Washington. Many of these already are well along in the planning stage, while the 40 state Centennial commissions now in existence are working constantly to develop them further.

As another tone of nationalism on the opening date, which falls on a Sunday, February 27, and every church in the nation will be asked to arrange special programs calling attention to the significance of the observance. Special sermons, appropriate music, and church study based on the religious significance of the war will be urged.

In support of the religious end of the Centennial, especially on the opening date, the Commission has created a Religious Cooperation Council and has invited some of the most distinguished church leaders in the nation to serve on it. Early acceptance already have been received from the following: Rev. Dr. R. H. Hays, president, Southern Baptist Convention; the Rev. Dr. Edwin T. Dahlberg, president, National Council of the Churches of Christ in the U.S.A.; Rabbi Max D. Davidson, president, Synagogue Council of America; Dr. Charles W. Lowry, chairman, Foundation for Religious Action; Rabbi Edgar F. Magnin, Wilshire Boulevard Temple, Los Angeles, Calif.; the Very Rev. Dr. B. S. Sayre, Jr., dean of the Washington Cathedral; and the Rev. Dr. Billy Graham, evangelist.

As a further help to the churches, the National Commission now is preparing a booklet in which will be outlined means by which to bring more vividly home to members of congregations observances of historic Centennial events. Not only will it list the occurrences, but it will attempt to describe and interpret them. It also will give special recognition to the attempts made by certain leaders of the nation a century ago to avoid the war and to settle the differences peacefully.

General Grant said this booklet also will strive to give intelligent and interpretative information on some of the high points in the military action that took place during the war. He mentioned specifically Fort Donelson, Kennesaw Mountain, Antietam, Chancellorsville, Gettysburg and Appomattox.

### "Mite" Pest Is Long-Time Concern Of Pest Control

No major menace to man but certainly one of his most irritating pests is that piggy-back operator, measured in microns, who literally puts the bite on folks.

Entomologists have given elaborate names to nearly a hundred species of medical or veterinary importance, but she is best known under the common garden-variety cognomen of "mite". To the professional pest control operator at times she represents one of the most interesting problems.

Mites are primarily hitch-hiking bit-and-run creatures who frequently travel with birds, rodents and man or are the unwanted guest of food material or other vegetation. To humans the mite rarely represents a serious medical problem, although on occasions her bite may cause a dermatitis or "itch" requiring cooperation between the pest control operator and on many occasions baffling even to the entomologist, says Dr. Heal.

In the United States the most common varieties found to attack humans include the chicken mite, the northern and tropical fowl mites, tropical rat and mouse mites, rain and mushroom mites, straw itch mites, furniture mites, chiggers, follicle mites and a rare mite known as dermatophagoides.

They are frequently found in homes, apartments, warehouses, stores, factories, food plants and ships, and represent unusual problems to the pest control industry according to Dr. Ralph E. Heal, executive secretary of the National Pest Control Association.

"Very often the problems are quite baffling to the customer, frequently also baffling to the pest control operator and on many occasions baffling even to the entomologist," says Dr. Heal.

"The pests are small and very often may not be present in large numbers, although this is by no means always the case. The identity of the mite may be difficult to establish and frequently under practical conditions the identity may have to be determined tentatively on the basis of the presence of a host animal or vegetable matter as the source of the infestation," he said.

These arthropod pests have irritating, hypersensitive characteristics, noted Dr. Heal. The chicken mite, frequently infests bird nests and pigeon roosts. Normally it lives in a roost area during the day, feeding on its host at night. When the nest is on a building the mite may migrate into the building, especially if the bird abandons the nest. The northern fowl mite, on the other hand, normally lives on the hosts, but if left behind, can survive and seek other food for two or three weeks.

The tropical rat mite, frequently found in industrial structures with a heavy population of rats, leaves the host between feedings. Sudden elimination of rats can bring on a serious mite problem for humans working in the area. The bite on humans is quite irritating, and, if present in large numbers, can cause painful "rat mite dermatitis".

The house mouse mite, on occasion the vector of Rickettsialpox, is occasionally found in homes and industrial plants. Some time ago shoppers and clerks in the baby-wear department of a New York department store were being bitten and the cause was traced to a small population of mice in a restricted wall area. Not many cases of Rickettsialpox have been reported, but most have been identified with the presence of the house mouse mite.

Mushroom mites may center their attention on cheese, dried meats, cereals and many other foods commonly found in homes and in food storage.

In recent years clover mites have appeared in increasing numbers in the eastern seaboard area north of Washington, largely due to new housing developments or garden apartments. Heavily fertilized lawn planting provide ideal conditions for the clover mite. Then in late

### Chapel Guild Has First Meet

The first meeting of the newly organized Protestant Chapel Guild was held Wednesday, January 13 at the Chapel of the Good Shepherd Naval Air Station, Oceana. Following the business meeting, Chaplain Oglesby presented an interesting program on the Holy Land, and illustrated it with 35mm color slides.

All Protestant ladies of the community are invited to join the Guild. Meetings are held the second Wednesday of each month at 10 a.m. at the Chapel of the Good Shepherd. The program for February will be presented by Chaplain Otto Schneider, who will discuss Christian Symbols and Symbolism of the Church.

Officers of the Guild are: Phyllis Guler, president; Jean Becker, vice-president; Lynette Cain, secretary-treasurer; Lenora Kingan, publicity chairman and Joan Knowles, family night coordinator.

fall, throughout the winter and even well into the spring they migrate into homes. Fortunately the clover mite does not bite humans.

If man has his problem with mites, so do animals. The snake mite is a troublesome, blood-sucking parasite of captive snakes. In zoological parks, heavily infested snakes become listless, refuse to feed and may die. The monkey lung mite gives his host coughing and sneezing fits. The dog nasal mite can cause sneezing, head shaking, rubbing of the nose on the part of man's best friend. Male canaries cease singing when infested by the canary lung mite. Earthworm mites swipe their host's food to the extent that a producer of fishworms, who normally fed his worms every two weeks, had to feed them every two or three days after mites became numerous.

Mites, as they may attack or annoy humans present one of the most complex pest control problems. Each of the several species that may be involved has a particular host or hosts, which in turn may present a pest-control problem itself. The full resources of the professional pest control operator often are required to solve these problems.

### Little Creek Players Present British Comedy

U. S. Naval Amphibious Base, Little Creek, Norfolk — When a department store mannequin comes to life and proceeds to investigate just what women are made of, anything can happen.

The Little Creek Players will present "Man Alive," the story of a Hathaway Department Store mannequin, Feb. 11, 12 and 13 at 8:30 p.m. in the Little Creek Players Theatre here at the West Annex.

The play, never before presented by an amateur theatrical group in America, is being directed by Royal Canadian Lt. Col. Peter Ross. He recently starred in the Norfolk Little Theatre's production of "Visit to a Small Planet" and is presently serving as president of the Little Creek Players.

Cast in the title role of the mannequin is Canadian Naval Officer Bill Evans of Winnipeg. He has appeared in amateur theatre in Canada and Britain.

Playing opposite Evans will be Lillian Keene Burton, who has appeared in the Norfolk Little Theatre's "Mister Roberts" and the Harter Theatre productions.

Admission is 80 cents and reservations may be made by calling GARDEN 8-6335 or HOWARD 4-1011, ext. 216. All productions by the Little Creek Players, only Armed Forces amateur theatre group in the Norfolk area, are open to the general public.

## PORT STORY TELLINGS

**PORT STORY**—The "STORY" section of the Port Story, is well suited for his...  
...inventions and several...  
...panding.

...what he calls "mental..."  
...Col. Furey has been...  
...ways of doing things...  
...and faster for 16...  
...years. His approach is to recognize...  
...in some activity and...  
...then figure a better way to solve...  
...the problem. His methods range...  
...from volleyball to stoves and...  
...operations.

The cover to a 1949 edition of the National Defense Transportation Association magazine first...  
...around. His inventive interest...  
...While on duty in 1950, Col. Furey...  
...noted a deficiency in the way bar...  
...rels were being unloaded in the...  
...picture on the magazine's cover.

Stimulated by the challenge of...  
...improving barrel unloading, Col. Furey...  
...designed a 12-barrel "chimney"...  
...set consisting of a ring with chains...  
...suspended and hooks on the chains...  
...to grasp the barrels. His type of...  
...chimney worked automatically and...  
...speeded up the process. Furey...  
...proved to be practical and the...  
...same magazine published an article...  
...on his work.

Later, while in Korea, he de...  
...signed cargo handling equipment...  
...and another set of barrel chim...  
...neys from salvaged material he found...  
...This helped to ease a shortage of...  
...ship equipment.

He also developed the utilized...  
...load concept while with the 14th...  
...Terminal Battalion in Korea. His...  
...unloaded palletized load concept...  
...was checked by an Army board...  
...and found to be useful. The pres...  
...ent use of large Conex containers...  
...which hold large amounts of cargo...  
...in a single package is an exten...  
...sion of his idea.

In 1952, the colonel was assign...  
...ed to the Transportation Corps He...  
...aunched and "Development" Com...  
...mand at Fort Eustis, Va. While...  
...there, he decided there was a need...  
...for a tool to sever, cut, break, tear...  
...and generally open steel bands...  
...used for strapping. Colonel Furey...  
...subsequently made a steel-band...  
...severing tool with no moving parts...  
...and which was easy to handle.

He also made a pull-release...  
...clamp for steel bands which was...  
...easy to open. Since none existed...  
...he also invented a tool to use the...  
...clamp. The government has the...  
...patent for the clamp but he holds...  
...the patent for the necessary tool.

In 1954, a problem was present...  
...to him by the Office of the Chief...  
...of Transportation: that of finding...  
...a way for indigenous personnel...  
...with one arm, one leg, color blind...  
...and illiterate to check cargo. The...  
...idea was to find a simple way of...  
...checking cargo so available per...  
...sonnel anywhere in the world...  
...could be utilized.

He devised the multiple folding...  
...envelope assembly in a short time...  
...to meet the requirement.

The assembly was collapsible...  
...like an accordion and had as many...  
...copies as there were cargo trans...  
...fer points. It was attached to the...  
...outside of cargo containers and the...  
...checker had only to pull off the...  
...top envelope and keep it until a...  
...clerk came and collected them for...  
...recording. This idea was tested for...  
...one year and proved itself as a...  
...solution to the problem. The pres...  
...ent cargo delivery receipts with...  
...the six copies are a variation of...  
...Col. Furey's concept.

His transportation inventions...  
...include four different types of...  
...turnbuckles, a new rig for the...  
...serial tramway at Fort Eustis...  
...which can hold vehicles, large or...  
...small, or 32 drums and steel...  
...beam clamps to use in the hold of...  
...a ship to drag heavy cargo. While...  
...at Bremerhaven, Germany in 1957...  
...he designed a double bridle and...  
...cut down the size of a pallet to...  
...speed the unloading of reefer car...  
...go into a warehouse.

Colonel Furey also has several...  
...inventions designed for civilian...  
...use, among which is a combination...  
...can-bottle opener which is much...  
...easier to use than those now in...  
...use. Another invention for general...  
...use is the "ultimate in ash trays".  
...The ash tray, one of his own...  
...patents, has provisions for holding...  
...and putting out cigarettes, cigars...  
...and pipes, regardless of the habit...  
...or method employed by the smoker.

One of the inventions of which...  
...he is most proud is an all-purpose...  
...conference table. The table is sim...  
...ple, with only two legs, and can...  
...be joined in such a way with other...  
...mating units to form larger tables...  
...of any size or shape. It also is de...  
...signed so people don't have their...  
...knees bothered by table legs.

The table, along with the steel...  
...clamp device, are the two inven...  
...tions he is trying to put into...  
...commercial use. However, the colonel...  
...said that only a small percentage...  
...of inventors make much money...  
...from their inventions.

His new efforts which are either...  
...under development or awaiting

patent office action are also de...  
...veloped. He is especially hopeful of...  
...a jack-turnbuckle combination...  
...which can push, pull or lift large...  
...containers like Army Conex con...  
...tainers. When the utilized load...  
...concept is further developed, he...  
...expects this tool to be useful in...  
...handling large containers. Another...  
...new development is a volleyball...  
...which would improve volleyball...  
...serving and also "killing" the ball...  
...over the net when in the front...  
...court.

Doing his work on rough...  
...sketches after his mental gymnast...  
...ics, Col. Furey hires a draftsman...  
...to make his drawings for the...  
...patent office. The ideas he developed...  
...on government time and with go...  
...vernment materials, he assigned the...  
...patents to the government. Those...  
...he develops on his own time are...  
...in his name, although he gives the...  
...government the option to use them...  
...for governmental purposes. Now...  
...he does all his inventing on his...  
...own time.

The time for his patent applica...  
...tions to be processed by the patent...  
...office vary from a few months to...  
...over a year. It is shorter when the...  
...idea is original rather than a...  
...variation of an existing product.

Colonel Furey gets a "thrill of...  
...making something never used be...  
...fore" but gets a "greater thrill in...  
...seeing them" (inventions) used.  
...He has several other challenges he...  
...plans working on which he has...  
...met in his daily activities. Coming...  
...from Boston, the colonel has shown...  
...the inventive ingenuity long asso...  
...ciated with New Englanders.

**The MIXING BOWL..**  
IT'S Fun TO COOK  
By LUCILE CLARK  
SUN-NEWS FOOD EDITOR  
For the very latest in food fads and fables . . . for practical, down-to-earth recipes that please both palates and pocketbook, read the "Mixing Bowl" by Lucile Clark each Thursday in the Sun-News.

Are you excited by far away places and strange sounding foods? Then, you'll revel in preparing a Hungarian dish dazzling with sour cream and paprika.

Tangy, thick sour cream is one of the chief ingredients of lively Hungarian cuisine, though occasionally light sweet cream may be substituted.

The Hungarian cook uses the colorful orange-red, finely ground paprika with a dainty hand. She does not simply garnish with the "sweet and noble" spice, as she calls it, but adds it by the teaspoon or tablespoon to color and flavor her dishes.

Hearty beef goulash or mutton stew, stuffed cabbage or peppers or pakriks chicken is the everyday fare served with what many consider the royalty of desserts. The mere thought of flaky, paper-thin strudel and elegant Dobos torte, the many layered sponge cake filled with chocolate cream and glazed with caramelized sugar, can set the mouth watering. The glutinous, unbleached flour skillfully milled from hard winter wheat is the finest for strudel making, and the exquisite strudel fillings are a product of the imagination: apple, cheese, cherry, poppyseed or almond to suit your fancy.

Our quick-to-fix casserole of pre-cooked ham, Cheddar and Parmesan cheese and cauliflower leaves time for fashioning a delicious desert torte. A bowl of individual wedges of crisp head lettuce, chewy hard-crusted bread spread with butter and glasses of chilled milk complete the menu.

**HAM AND CAULIFLOWER CASSEROLE**

Buttered casserole, 4-6 servings, preheated oven 325 degrees, 1 1/2 quarts.  
1 medium cauliflower  
1 cup fine cornflake crumbs  
1 pound precooked ham, diced  
1/2 cup chopped green pepper  
1 cup shredded Cheddar cheese  
1 1/2 cups dairy sour cream  
1 cup grated Parmesan cheese  
Green pepper strips  
Paprika

Divide cauliflower into separate flowers. Parboil 8 minutes until almost tender; drain. Mix cauliflower with cornflake crumbs. Add ham, green pepper and Cheddar cheese. Place in casserole. Spread sour cream over top. Sprinkle Parmesan cheese over sour cream. Decorate corners with green pepper strips. Bake 15 minutes. Garnish with paprika.

Now, may I suggest one of my favorites—Potatoes au gratin! Rub a baking dish (1 1/2 qt. size) with a clove of garlic (split). Grease baking dish with butter. Grate 1 pound cheddar cheese in baking dish, put layer of cooked sliced potatoes. Sprinkle over half of cheese, then another layer of potatoes. Over this pour mixed of the following ingredients:  
2 eggs slightly beaten  
1 cup milk  
1 teaspoon salt  
Dash nutmeg

Now, cover with rest of grated cheese, dot with butter, bake 45 minutes in 350 degrees oven. You will need about 3 cups cooked potatoes for the recipe.

I'm sure you would enjoy baked rice with cheddar cheese, too. Here's the way I prepare it.

For each 2 cups of cooked rice—use 1 lb. cheddar cheese. Grate cheese and put in layers in baking dish. Add milk to about half the depth of the rice. Sprinkle over with bread crumbs and dot with butter. Bake until cheese is melted and mixture bubbles in a 350 degrees oven.

To vary, add finely chopped chives or maybe chopped pimiento. For a heartier dish, add chopped ham.

**Club Meeting Held Jan. 27th**

The January meeting of the Bayshore Garden Club of Virginia Beach was held Wednesday, January 27 at the home of Mrs. Frank Baker on Chumley Road. Mrs. John Waller assisted Mrs. Baker. The minutes were read and a report was made by the the Audubon Chairman who announced that the final meeting in the Audubon Series will be held on Thursday, March 3 at eight o'clock at the Virginia Beach High School.

The members were also reminded of Allied Arts Night on February 9 and 10 which will feature the Little Theatre play as well as paintings and floral arrangements. This is part of a program to raise money for a building to be used for the Arts.

Mrs. D. B. Boykin, the chairman of horticulture gave a most informative talk on rooting plants and shrubs. The speaker for the meeting was Mrs. Carl Hall who gave a most interesting talk on landscaping and new yards. Soil erosion, types of trees and shrubs typical of this area and planting were also discussed in her program.

The next meeting of the club will be held on February 24. The exhibit for that meeting will feature a Patriotic Holiday and Mood Indigo.

In December 1891, plans were published for a Navy drydock to be built in Brooklyn, New York. Its 600-foot length was supposed to accommodate the largest Navy warships.

**Children's Home Society of Virginia**  
Princess Anne County's fine campaign last year helped the Children's Home Society of Virginia achieve the largest current income in the Society's 60 years of continuous operation, according to J. W. S. Gilchrist, General Secretary. The report given at the Annual Meeting January 27, 1960, showed that the Society had a total income of \$222,874.00, which is more than \$12,000.00 greater than the previous year. Gilchrist mentioned that the increase in population indicates more and more children will need the help of the Society if they are to have the care and love which all children need. "The steadily increasing income from year to year has enabled the Society to find homes for an increasing number of babies," he said.

The Society placed 128 babies in adoptive homes—also a record—and 147 babies were newly received. The difference between the number placed and the number taken into care is explained by the fact that some mothers got their babies back. In such cases the Society helps these parents in making other plans for their offspring.

Adoptive parents had a large part in making 1959 a successful year in that adoptive fee of \$12,000.00 enabled the Society to expand its services. These fees were based on all or a part of the expense incurred in working with adoptive families, and the individual fees were scaled in relation to the size in each family's income. Approximately one-half of the babies were placed with families before they were four months old and about 40 per cent of the families received their babies in less than a year from the time they applied.

**Allied Arts Night**

The Allied Arts Association announces that it will present an Allied Arts Night at the Virginia Beach High School in conjunction with the Little Theatre production on February 9 and 10. This new association is composed of the Little Theatre, The Art Association, the Concert Association, the Civic Chorus and the Council of Garden Clubs. One of the purposes of this group is to bring more varied cultural entertainment to the Beach area and to encourage and cooperate with the member groups in their individual endeavors. On February 9 and 10 there will be a display in the high school lobby consisting of paintings coordinated with floral arrangements, music, anti-reflections. The Allied Arts Association hopes to thus be able to familiarize the public with the Association aims and future plans. This same group presented the highly successful Feldman Concert here on February 1st.

**STEP OUT IN IT**  
Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:  
**Supple Full Coil suspension**—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.  
**Butyl rubber body mounts**—Thicker, newly designed body mounts further insulate you from the road.  
**Body by Fisher**—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.  
**Foam cushioned seats**—Chevy offers foam cushioned seats in both front and rear in all series but one.  
**Safety-Girdler frame**—X-built and not merely X-braced, the Safety-Girdler frame affords greater rigidity to minimize twisting and squeaks.  
**Hydraulic valve lifters**—Oil lubed hydraulic valve lifters reduce engine noise to a whisper.  
**Cushioned steering shaft**—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.  
**Precision balanced wheels and tires**—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.  
**Easy steering ratio**—Chevy's high ratio Ball Race steering takes the work out of steering for you.  
**Superior weight distribution**—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.  
**Wide choice of power theme**—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

## Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of Oct. date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1940. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

## BOWLING NEWS

### PRINCESS ANNE VOL. FIRE DEPT. TENPIN LEAGUE

Krauss Construction continued to hold its first place position by defeating F.O.P. No. 1 two games and total pinfall with Moose Onorati, team captain for Krauss leading the way with a 531 set. C. W. Simmons was high for the losers with a 477. C. F. Kadas Co. was the only four point winner topping Va. Beach VFD. Davis Corner downed White Lumber three to one with Emrhaf Motors doing likewise to the Western Auto Flyers. Blackwater and F.O.P. No. 2 split two points a piece.

Moose Onorati of Krauss Construction set a new league record for high individual game rolling a 225. This topped Joe Perez's previous high of 224 rolled on December 28. Other high individual games were rolled by M. L. Dozier of Blackwater with a 188 and Andy Holland of Va. Beach VFD with a 180. Floyd Jones also of Va. Beach VFD continues to hold high individual set of 574 while Krauss Construction has high team set of 2607.

The Norfolk City Tenpin Bowling Association tournament will be held at the Thunderbird Bowl starting next Saturday, Feb. 6th at 4:30 p.m. Five man teams will bowl on Saturday the 6th and 13th with singles and doubles rolling on the following Sundays. Some of the Princess Anne Volunteer League teams will participate in this event and we invite all interested to come and watch this bowling.

## NEWS FOR VETERANS

veteran's legally adopted child, the VA explained.

First, points in connection with the new pension law were spotlighted this week by the Veterans Administration as a result of numerous inquiries from veterans and veterans' dependents.

Second, the law does not make any changes in the basic eligibility of a living veteran for pension. The veteran still must be totally and permanently disabled from causes that are not traceable to his military service; he must have 90 days or more of honorable wartime service, and his income must be below the prescribed limits.

Third, the new law has no effect on the usual questionnaires which VA sends just after the first of the year to persons who receive VA pension checks on which they must list their income of the year preceding. All persons who receive the annual income questionnaire after the first of the year should fill it out promptly, sign it and return it to VA.

Fourth, persons now on the pension rolls will receive full information and details on their choices under the new law in simple time before July 1, 1960 for them to make any necessary decisions.

Fifth, the new pension law applies to veterans of World War I, World War II and the Korean Conflict and their dependents. It does not apply directly to Spanish War veterans, who have their own special pension laws. However, a small number of Spanish War veterans may be affected by a provision which makes some eligible for an "invalid list" if their condition requires it for getting in and out of bed.

A Navy tradition came into being on Dec. 25, 1914, when the crewmen of the battleship New York gave a Christmas party for 125 children at Edinburgh, Scotland.

## ARE Meeting Dates Are Set

The annual Mid-Winter Conference of the Association for Research and Enlightenment will be held at its national headquarters, 97th St., Virginia Beach, on Feb. 4, 5, 6 and 7.

Anna Mormon, former Texan and now local music teacher of Kempsville Meadows and Woodstock, is in charge of the program, the theme being "Creative Living in The New Age."

Hugh Lynn Cayce, manager of the psychic research organization, will open the conference at 8:00 p.m., February 4 with an address titled "What is the New Age?"

Other highlights of the 4-day series of lectures and classes will be an evening address by Col. Frank Adams, Fort Eustis, on "Creative Living for Adults in the New Age."

Others participating in the program are Marguerite Briggs, Grace Huffman, Alfred Gustave, Dorothy Evelyn Stanley, Peter Schultz and Ruth LeNoir.

Saturday morning at 10:00 A.M. will be highlighted by local teachers Robert Clapp (John B. Dey School), Wym Price (Linkhorn Park School) and Anna Mormon (Kempsville Meadows and Woodstock) talking on "Teaching Children in the New Age."

### NORFOLK TENPIN HOLIDAY TOURNAMENT

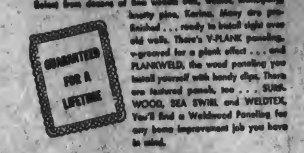

The sixth Annual Norfolk Bowling Association tournament will commence on Feb. 6th at 4:30 p.m. at the Thunderbird Lanes, Virginia Beach when 34 of the areas top teams vie for the largest prize list to date along with 60 doubles teams and 120 singles.

## BUT MOTHER'S BIG HELPER IS

# HOUSEPOWER

It's fun to have mother's little helpers on the job, if just for company. But it's even more fun to have HOUSEPOWER, mother's big, big helper that turns homemaking into a joy all over the house and all round the clock.

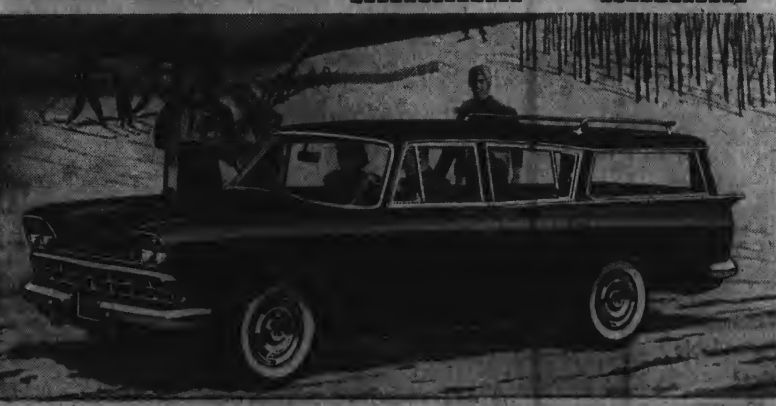

So why settle for less in your home? The ample electricity that modern house wiring brings keeps Electric Appliances working at their best no matter how many you turn on at one time... keeps lights bright and steady.

To have HOUSEPOWER you need a 100 ampere or more electric entrance box... at least eight regular and three heavy-duty circuits... and plenty of handy switches and outlets. These Electric helpers you own now, or add tomorrow, work like the big helpers you deserve, zipping through chores in top form.

Get a wiring check-up today. See the Yellow Pages of your phone book for the name of an Electrical Contractor near you. Ask him to make a HOUSEPOWER check-up at your house. The cost of added HOUSEPOWER comes home in modest... gives so much full-time help for so little.

## NOTES FROM YOUR COUNTY AGENT

By E. R. "DICK" COCKRELL, JR.

LISTEN TO YOUR COUNTY AGENT

6:20 THURSDAYS, 12:10 SATURDAY, STATION WTAR

The poultryman told the feed and seed dealer to sack up 5 bushels of laying mix, and as he watched the process added: "Hey, aren't you giving me a lot of trash in that?" "Nope," retorted the dealer, "I'm charging you 10 cents a pound for it."

**CHANGE IN ALFALFA WEEVIL CONTROL RECOMMENDATIONS**  
On January 19, the Food and Drug Administration announced the establishment of a tolerance of zero for residues of heptachlor on alfalfa. Due to this announcement, Dr. J. O. Rowell, of the Virginia Agricultural Extension Service has made this change in the control of the alfalfa weevil control, effective immediately.

There are only two ways that you can control the alfalfa weevil. One is to apply the fertilizer-heptachlor mixture before February 21st. Fertilizer heptachlor mixtures, containing 4 pounds of heptachlor per ton of the medium analysis grades should be applied at the rate of 700- to 1000 pounds to the acre. Mixtures containing 8 pounds of heptachlor per ton of the higher analysis grades should be applied at the rate of 300 to 500 pounds to the acre. Remember, this mixture cannot be applied after February 21st.

The second method of controlling the alfalfa weevil is to apply 50 to 60 pounds of a 21% granulated heptachlor form. This cannot be applied after February 21st. Heptachlor sprays cannot be used. Therefore, to control the alfalfa weevil, you can only use the heptachlor mixture or the granulated heptachlor.

Since 95% of the alfalfa grown in the county is normally infested with weevil, you cannot afford not to apply control measures.

### VEGETABLE ACREAGE GUIDES

In order to maintain good prices of potatoes in 1960, Mr. Al Merken, of the National Potato Council, urges Virginia growers to plant the same acreage of Irish potatoes in 1960 as they did in 1959.

Other vegetable crops that Merker recommends to keep the same acreage are kale, spinach, late snap beans, late cabbage, sweet corn, and onions.

Vegetables that Merker recommends a 5% cut in are cucumbers, peppers, sweet potatoes, early snap beans, and early cabbage.

It is advisable to follow these acreage planting guides in order to receive good prices for your 1960 vegetable crops.

### POULTRY SCHOOL SET FOR MARCH 15

The Norfolk Chamber of Commerce Agricultural Committee has good news for southeastern Virginia Poultry Producers. They have announced tentative plans for the third annual Norfolk-Princess Anne Poultry School. This will be held at the Great Bridge Christian Church, on March 15. Poultry specialists from the VPI Agricultural Extension Service and the Experiment Station will appear on the program.

This will be an all day school, and the ladies of the church are being asked to serve the luncheon meal, consisting of an egg menu.

### SELECT THE BEST VARIETY

Now is the time to buy your red clover seed. In doing so, you want to buy the best adapted variety for your farm.

There are four recommended varieties for Princess Anne County. They are certified Kenland, certified Chesapeake, certified Pennsco, and certified or locally Virginia adapted.

Certified Kenland and Certified Chesapeake have given better performance here in this area than the other two. From our observations we can determine little difference between the production of these two varieties.

Remember, from February 1 to the 15 is the most ideal time for the seeding of red clover. Be sure to get your seed now.

### MEET GROWERS TO MEET

High Quality Seed will be the major topic of discussion at the Annual Membership meeting of the Virginia Crop Improvement Association. This membership meeting will be held at the William Byrd Hotel in Richmond, Virginia, Thursday, February 4, from 10:00 A.M. to 3:45 P.M.

Discussion leaders will come from Virginia, Mississippi, and North Carolina. Many growers of certified seed in Princess Anne will be in attendance.

### AUTOMATION

Last week it was my pleasure to visit two automatic hog feeding operations. This was extremely interesting to me because I saw ways that other farmers were using to eliminate a great deal of labor in feeding large numbers of hogs.

Mr. Robert Parker, near Waverly, had an excellent operation. Mr. Parker could take grains from different storage tanks, grind and mix it and deliver it to the feed hoppers without ever touching the grain. This was not an elaborate setup, however it was automatic.

This type of operation could be used very successfully by our hog producers here in this area who have pig parvies. Also, dairymen could use this type of operation very nicely for grinding and mixing their home grown feeds.

The cost is very economical for the convenience and labor saved.

### MANY SOYBEANS HAVE LOW GERMINATION

The State seed testing Laboratory reports that only 60% of the soybeans tested have only a germination of 85% or higher this year. Some of the best appearing beans are giving the poorest germination. To date, no one has been able to determine the exact cause for these poor germinations.

I would like to recommend to our many soybean growers in this county to have their soybeans tested before planting. To do this, send a two pound sample to Division of Plant Industry, 1112 State Office Building, Richmond, Virginia. There is no charge for the test.

### TOP DRESS THAT PASTURE

Now is the time to top dress your permanent pastures with 600 to 1000 pounds of fertilizer. The analysis will depend largely on the soil sample and the extent of grazing.

If the pasture was heavily grazed or if the growth rate is slow, it would be wise to use 5-10-10, however, if you want to encourage clover, the suggested analysis would

be 6-14-14. For average pastures where there is 50% grass and 50% clover, 2-12-12 or 3-18-18 would probably be your best analysis.

### ASC DISTRICT AWARD

The Virginia Dairies Soil Conservation District has received the Good Year Soil Conservation District award for prominent activity in 1957 and 1958.

A very handsome plaque was presented to the District by the Good Year Tire Company.

The award program is an incentive for good service to the people of soil conservation districts over the entire nation.

### TAKE SOIL SAMPLES NOW

Now is the time for all farmers of Princess Anne County to take soil samples of their land that will be seeded to crops in 1960.

A soil sample analysis is a tremendous asset in determining the analysis and amount of fertilizer to be used for a specific crop.

Many people think of a soil sample as only giving indication of line needs. However, this particular need is one that does not occur each year. However, determining the level of phosphate and potash in your soil is definitely needed each year for certain crops.

For instance, every acre of corn ground should be sampled before fertilizing your corn crop. There are many ways that the crop can be fertilized. Without a soil sample it is difficult to determine the proper analysis and amounts to use.

I have sufficient soil sample boxes for you to use in taking your soil samples and bring them back to me. I will have an analysis run on these samples at the Experiment Station and assist you by making a recommendation for the specific crop to be grown.

### A VISIT WILL HELP

A. N. Homes, Soil Conservation Technician has a reminder for all farmers who have signed up for permanent practices under the ASC Program in the County.

Homes says that they have an extremely heavy work load at this time of the year and that speedy results can be obtained by visiting his office and giving him certain information about the practice that you want done. This will speed up the work of the soil conservation service and will assist you in getting your drainage work done sooner.

### Korean Mission Has Birthday

The government of Korea has sponsored a special anniversary service celebrating the 75th anniversary of Protestant missions in Korea.

Some 450 missionaries of all denominations came to Seoul, the capital, where they were honored by the government with the commemorative service, dinner and a performance of Korean folk songs and dances. Fifteen Presbyterian, U.S. missionaries were singled out for special honor, because of length of service. Among them were Rev. and Mrs. E. T. Boyer, supported by First Presbyterian Church in Virginia Beach.

A congratulatory speech by Presiding Synagogue Rhee was read. And the assembled missionary community was thanked for their own and their predecessors' labors in introducing the Christian faith to Korea.

Missionaries said this may have been the first time in the Church's history that a government has sponsored such a program.

The Korean church is said to be the largest Protestant church in Asia, and Seoul holds the greatest number of churches in proportion to population of any city in the world.

### PRINCESS ANNE GARDEN CLUB WILL MEET ON MONDAY

The Princess Anne Garden Club will meet on Monday, February 8, at 2:30 at the home of Mrs. Tazewell Thompson, Little Neck Point, Lynnhaven.

### THUNDERBIRDS TAKE ANOTHER 4 POINTS

The Virginia Beach ten-pin quintet returned from the Portsmouth Bowl late Sunday with dampened spirits but thankful that their opponents failed to show for their Inter-city Traveling League match. Scheduled to bowl Portsmouth No. 1, which recently resigned from the league, the T-birds bowled for averages in accordance with league rules but belatedly learned that nothing in those league rules governed the number of pins that would fall. As a result they rolled their lowest series of season while backing into another four points, for 33 out of the last 34. It may have been that lack of competition failed to arouse any keen competitive interest on the part of the local team, although they generally agreed the low scores were due to the team's inability to adjust to the new lanes. Kent Shaffer and Hank Hickey had the two high series, with 572 and 584, respectively. However, under ordinary circumstances these series would probably have been low. Although the Portsmouth Bowl is an extremely luxurious establishment, the Thunderbirds were happy to return to their equally luxurious Thunderbird Bowl.

Coaches Sporting Goods and the Thunderbird Bowl have announced the schedule for their team in the City Tournament. The T-birds will bowl their team match at 7:00 p.m. on Saturday, February 6th, on lanes 17 and 18 at the Thunderbird Bowl. Doubles matches will commence at 7:00 p.m. on Sunday, February 7th, also on lanes 17 and 18. Singles matches will commence at 8:15 a.m. on the same evening. The public is cordially invited and encouraged to come out and support their team.

### City's Special Luxury Tax Showed Gain During 1959 Over Previous Year According to Auditor's Figures

The total tax revenue collected in the special tax fund of the City of Virginia Beach increased by more than \$13,000 during 1959 over the previous year, according to figures released today by the City Auditor, F. M. Durham.

The special tax fund embraces the amusement, cigarette, restaurant, hotel room and meals and the beach equipment taxes. The special tax fund was set up several years ago to help finance the beach restoration program and other specified expenses.

Primarily the money collected from these tax sources are collected during the summer months and primarily are paid by tourists visiting here.

According to the figures for 1959 and 1958 the amusement tax increased by \$1,000. The figures in this category were \$15,388.24 for 1958 and \$16,388.24 for 1959.

Funds collected from the cigarette tax also increased from \$32,235.33 in 1958 to \$33,409.85 in 1959. A slight decrease in the restaurant meal tax was noted. This figure declined from \$48,883.20 in 1958 to \$48,322.30 in 1959.

The biggest increase between the two years came in the tax collected from the hotel and meal source. This showed an increase of \$10,548.80. This was broken down to \$102,316.10 collected from this source in 1958 and \$112,864.96 collected in 1959.

The beach equipment tax increased from \$3,251.27 in 1958 to \$3,627.75 in 1959.

The overall figures for the special tax fund showed an increase in 1959 of \$11,037.60. The total tax collected in 1959 from these various sources amounted to \$202,834.14 and in 1958 the figure rose to \$214,581.74.

It was noted by Durham that the hotel and meal tax would mean an increase in gross business for this industry of \$351,028 in 1959 over 1958, or a 10 per cent increase in business.

## ART GROUP TO PRESENT FILM

The internationally acclaimed and award winning film "The Red Balloon" will be shown at the February 17th meeting of the Virginia Beach Art Association at 8:15 p.m. at the Virginia Beach High School. "The Red Balloon" was filmed in color in Paris and is an exceptional beautiful film. Also, to be shown will be a Robert Flaherty award winner, "Land of the Long Day." This is a poetic color film about Eskimo life on Baffin Island. The movies are open to the public free of charge and children accompanied by adults are welcome.

## Local Employment Service Is Seeking Census Applicants

H. H. Bender, Manager of the Virginia Beach office of the Virginia State Employment Service at 408-17th Street, Virginia Beach, Virginia, announced that the office is accepting applications for Census Enumerators for the Princess Anne and Virginia Beach areas. Applications will be screened and submitted to the Area Supervisor, Mr. Jennings R. Hick. The following is a brief description of an Enumerator's job:

An Enumerator is "Uncle Sam" to many people he will meet, so he needs good judgement, patience and understanding. He must be accurate in his work, courteous in manner, and faithful in the performance of his duties.

Enumerators receive thorough training in the use of the Census Forms and Census procedures, such as interviewing techniques and map reading, before they begin collecting information. Their crew leaders give them assignments, answer their questions, and review their work.

Each Enumerator who successfully completes the training course is assigned one or more areas called "Enumeration Districts" or "ED's." He is given a map of each district and enough Census forms to do the job.

He will go throughout his assigned area, visiting each place where people live or might live to obtain and record information about the dwelling and the residents. His basic job is to find all the places where people live or might live and accurately and completely record facts about the people and their homes.

The following general instructions must be complied with:

## Jaycees Seek Nominations For Beach's 'First Citizen'

Nominations for Virginia Beach's First Citizen award are now being received by the Virginia Beach Junior Chamber of Commerce. Ayler Holland, Jr., Chairman of the First Citizen Committee, announced that nominations sent through the mail must be postmarked no later than February 10, but that he will accept all nominations delivered before 6:00 p.m., February 11.

It is pointed out that the award will be made on the basis of community service rendered above and beyond normal duties and that it is not a requirement that their services be restricted to the year 1959. Any male or female living or working in Virginia Beach is eligible and all individuals and organizations are urged to assist in the selection of another First Citizen.

The Committee is anxious to consider all qualified persons and therefore wishes to receive as many nominations as possible. Address all nominations to: Ayler Holland, Jr., Chairman, First Citizen Committee, P. O. Box 274, Virginia Beach, Virginia.

## Mrs. Nelms Gets Highest Award

Richmond—The Virginia Travel Council's highest award, "The Silver Dollar Certificate," has just been presented to Mrs. J. C. Nelms of Virginia Beach for outstanding volunteer service. The award was announced today by J. C. Nelms, president of the Council, which is a non-profit, non-political organization established for the purpose of selling Virginia as a travel destination.

## CHILDREN'S MOVIE PROGRAM

The Children's Movie Program sponsored by the Virginia Beach Art Association is offering two movies for children at 10:30 a.m. Saturday, February 12th at the Virginia Beach High School. The movies will be "The Magic Horse," which depicts a popular Russian tale, and "Beaver Valley," one of the Walt Disney animal films showing animals in their natural surroundings. The program is over at noon and is open to all children who have season tickets or who pay 25 cents for the single admission.

## Local Realtor Is 'Governor'

Mrs. Juanita S. Dickson, of Dickson Realty and Mortgage Service in Virginia Beach, has been elected Governor of Virginia for the Women's Council of the National Association of Real Estate Boards, it was learned this week.

The Virginia Beach Realtor was elected at a meeting of the Women's Council in Washington, D. C. She also serves as Virginia representative on the National Council for public affairs.

"We hope to set up chapters throughout the State so that women in real estate may exchange ideas and have workshops to further their education in real estate and related fields," the new Governor stated.

Mrs. Dickson is a member of the Board of Directors of the Virginia Beach Real Estate Board and is a member of the International Association of Women Realtors. Mrs. Dickson has been in real estate or related work in this area for 15 years.

Mrs. Carolyn F. Boyles of Potomac, Md., is the new president of the Women's Council of NARBE.

## Poster Contest Now Underway

The Norfolk Little Theatre is sponsoring a poster contest among students of the Tidewater area, with the cooperation of the Norfolk Museum. All high school and college students are eligible. The subject of the posters will be "Twelfth Night," the Little Theatre's first Shakespearean production which will be presented March 26 through April 12 at the Claremont Avenue playhouse. Judges will include a member of the museum staff, and posters are to be delivered to the Norfolk Museum, on or before Friday, March 18th. Winning posters from each school participating will be on display at the Little Theatre during the run of "Twelfth Night," and winners will receive tickets for the Monday night performance, which has been designated student night. Further information may be obtained by telephoning Mrs. J. W. Sills, Publicity Chairman for the Little Theatre, Garden 8-6882, after 5:00.

The drama students of the Country Day School are assisting their director, Mrs. J. W. Sills, in publicizing the Norfolk Little Theatre's forthcoming production of "Twelfth Night." Barbara Thomas, a ninth grade student, painted all the posters for the twins contest, which will be held at the theatre February 15th. Have you a twin? Come join the fun. Two girls, or a boy and a girl. Prizes for the winners, and a chance at the leading roles.

Jeanne Payne, a Country Day senior, active in dramatics for six years, and at present rehearsing the leading role in one of the school's two yearly exact plays, is student representative for the school in the Norfolk Little Theatre's poster contest.

## GARDEN CLUB HAS TWELFTH BIRTHDAY

The Linkhorn Park Garden Club celebrated its Twelfth Birthday at a dinner party given at the home of Mrs. James J. Standing on 45th Street on Friday, February 5th at 7:30 p.m. with the husbands as invited guests.

A color film "How Green is Your Garden" was presented showing the proper preparation of the soil for gardens and grass.

William H. Phillips, Mr. Tom Rose and Mr. Elmer Tarrall judged the Valentine flower arrangements and awarded gold ribbons to Mrs. Tom Rose, Mrs. William H. Meredith and Mrs. S. R. Meredith.

## New Snack Bar Opened

Colonel William P. Pope, Fort Story Commanding Officer, cuts a ribbon to open the new snack bar at the Bachelor Officers' Quarters on the post. Accompanying the colonel (left to right) are Captain Erwin W. Wright, Officers' Club Secretary; Master Sergeant Noyt G. Williams, Mess Steward of the Officers' Open Mess; and Sergeant Benjamin W. Bassett, Non-Commissioned Officer in charge of the snack bar. Master Sergeant Williams designed the new eating place.

## White Amendment Big Aid To Beach, Fishing Operators

Princess Anne Delegate P. B. White, displaying alertness to the needs of his community, won approval of an amendment to the Blue Law legislation pending in the current session of the General Assembly that would exempt beach and fishing operations from the law.

The Blue Law primarily deals with business openings on Sundays and the original bill proposed by Norfolk Delegate Toy Savage did not exempt beach and fishing operations.

Delegate White was quick to catch the omission and won approval from Sponsor Savage to exempt beach and fishing operations from the law.

The Blue Law bill also exempts all forms of entertainment, recreation and sightseeing operations.

Thanks to Delegate White the law would not affect beach and fishing operations, an important operation in this resort and recreation area.

## Award Given Co-op Manager

Howard H. Gordon, general manager of Southern States Cooperative, has received the Progressive Farmer magazine's "Man of the Year" award for service to Virginia Agriculture in 1959.

The presentation was made in Richmond January 28 by William C. LaRue, of Raleigh, N. C., associate editor of the national publication, at a luncheon attended by members of the Southern States Board of Directors and management staff. Presiding was Campbell M. Wade, of Cecilia, Ky., newly elected president of Southern States.

Gordon, general manager of the cooperative since last April, was cited for his work, not only with Southern States, but for his service with government farm agencies in the 30's and early 40's, his sixteen years work with the Virginia Agricultural Conference Board, and the year spent as assistant to U.S. Secretary of Agriculture Ezra Benson as head of the USDA Production and Marketing Administration and president of the Commodity Credit Corporation.

Present at the luncheon was Harry H. Nuttle, of Denton, Md., who was named Maryland's "Man of the Year" by the Progressive Farmer in 1958, and three other Southern States directors, two from near Richmond, who have been honored as "Master Farmers" by the magazine in recent years. They were W. N. Stoneman, of Varina, who is retiring this year as SSC president,

## Paper by the Carload

"Make it 25 carloads," says Gaston C. Hudgins (left), grocery merchandiser of Colonial Stores whose 81 super in Tidewater Virginia began record-setting sale of Scott Paper's products Thursday, January 21. The happy salesman is Fred Brant, Scott's Charlotte (N.C.) division manager.

## News Digest

### White Joins in Signing Proposal

Princess Anne Delegate P. B. White this week joined 34 other lawmakers in the General Assembly proposing that the Assembly declare the 1954 school desegregation decision null and void.

A bill launched in the House of Delegates would return the state to the "massive resistance" policy it abandoned just one year ago.

White signed the nullification proposal circulated by Delegate Lucas Phillips of Loudoun County.

### Collection Records Fall in County

Three new collection records have been set by the treasurer's office of Princess Anne County.

A total of \$3,389 per cent of the current levies have been collected and \$8,433 per cent of the current and back levies have been received.

During the fiscal year ending in June, 1959, a total of \$8,710,354.94 was received and disbursed through the office.

### Wainwright Made Committee Member

Robert M. Wainwright, Virginia Beach realtor, has been appointed a member of the Board Services Committee of the National Assn. of Real Estate Boards.

The BSC is a study committee designed to promote a closer liaison between the national association and local boards.

Wainwright, a past president of the resort's real estate board and a former regional vice president of the Virginia Beach High School, has headed his own real estate firm since 1954.

### Civic Chorus in First Appearance

The Virginia Beach Civic Chorus made its first public appearance of the season on Tuesday evening, February 9, at the opening play given by the Virginia Beach Little Theatre at the Virginia Beach High School. The Chorus rendered two numbers as a brief preview of their ability. "This could be the beginning of many such civic appearances," according to the Chorus' director Charles Daws, "if the public likes our singing."

## Outdoor Phone Booths to Have Info for Users

Outdoor telephone booths in the Virginia Beach area are going to provide visitors and local residents with more information than the telephone number.

The Chesapeake and Potomac Telephone Company of Virginia is installing a new information card that lists the name of the city, street address and the telephone number. The card will be attached to the public telephone in outdoor telephone booths.

There is a growing need for providing this information and it is of particular value to out-of-town telephone users.

Street information often is important for a person who needs the service of the police, fire department, taxicab, auto repair or what have you.

The C&P has almost 3,300 outdoor booths in its territory. There are 65 in the Virginia Beach exchange area.

Work is under way by the C&P to equip all these outdoor phone booths with the information card.

## Dances Feature At Little Creek

U.S. Naval Amphibious Base, Little Creek, Norfolk—Four dances will highlight ceremonies honoring the 18th Anniversary of the Amphibious Force here February 20.

Officers, their wives and guests will celebrate the occasion at a reception and ball in Rockwell Hall from 8 p.m. to midnight. Simultaneously, chief petty officers and their guests will honor the anniversary at the CPO Club, first and second class petty officers and their guests at Club 50 and third class petty officers and below and their guests at the Gator Club.

Each of the four dances will feature a cake-cutting ceremony commemorating the establishment of the Amphibious Force in 1942.

Vice Admiral George C. Townner, Commander of the Atlantic Fleet Amphibious Force, will host the affair.

## Boy Scoutarama Scheduled For 'Dome' Next Saturday

The Princess Anne-Virginia Beach District of the Boy Scouts of America will hold its second annual Scoutarama at the Virginia Beach Convention Hall on Saturday, February 13th, from one until nine p.m.

Participating in the Scoutarama will be the fourteen hundred boys in the thirty nine Packs, Troops and Posts of the PAVAB District. The Scoutarama will feature the Golden Jubilee Year of Scouting theme, "For God and Country."

Head of the PAVAB District is Spencer Lott, chairman. Captain J. R. Horro, USN, is chairman of the District Activities Committee, which organizes the Scoutarama.

More than thirty booths will be set up in the Virginia Beach "Chrome Dome" featuring various projects, handwork and demonstrations of the scouting skills. Entertainment will be provided during the afternoon and evening by the WIPDOAT Indian Dancers from Port-mouth, under the direction of Chief Mike Herbert, and by the Ju-Jitsu team from the Langley Air Force Base. Mr. Bill Miller, head of the Music Department of the Virginia Beach High School will provide organ interludes during the Scoutarama.

Tickets for the PAVAB Scoutarama are twenty-five cents and may be obtained at the door to the Virginia Beach Convention Hall.

There was a steady stream of character witnesses for Hayman, who testified as to Hayman's good reputation as a truth and veracity. Heath was the only defense witness. He admitted making the remark but said he apologized for it within 30 seconds. He said "there is no excuse for a man losing his temper."

## Mayor Leading Group to Capitol

Mayor Frank A. Dusch and a large delegation of Virginia Beach and Princess Anne County leaders will appear at the public hearing on the revision of the state's present liquor laws.

A group of 30 to 40 leaders from the Convention Center Thursday morning for the trip to Richmond. The group was scheduled to join another group of Tidewater area residents.

The public hearing on the liquor laws was scheduled for 2 p.m. in Richmond. The local group is expected to return tonight.

## CHURCH HOLDING ANNUAL DANCE

Ticket sales for the annual parish dance of St. Gregory the Great Catholic Church are exceeding expectations, according to Sal Romano, general chairman of the dance.

The affair will be held on February 27 at 9 p.m. in the Starlight Room of the Monticello Hotel. Special invitations have been extended to parishioners of St. Mary's, Holy Trinity, St. Paul, X, and Star of the Sea Catholic Churches, Romano said.

The Knights of Columbus of Portsmouth, Ocean View, and Virginia Beach members of the Roma Lodge, Ryan Club and Catholic Daughters of America have also been invited to attend, he said.

## WHITE ELEPHANT SALE IS PLANNED

White elephants will be auctioned off to raise funds for the Women's Auxiliary of the Tidewater Association of Home Builders when the group meets on February 17.

President of the auxiliary is Mrs. Fred Napollitano.

## Small Business Firms in Line for Government Aid

Small Business concerns can now obtain help from the Small Business Administration in locating private property for their business needs through Government Surplus Sales.

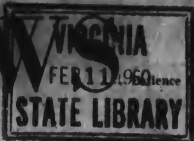

In announcing this new SBA service, Clarence P. Moore, Richmond Regional Director of SBA, explained that a "Want List" has been established and business firms wishing to be listed may do so by contacting any of the seven SBA offices in Region IV area. In addition to the Regional Office in Richmond, field offices are located in Baltimore, Md., Charlotte, N. C., Columbia, S. C., Charleston, W. Va., Clarksville, W. Va., and Washington, D. C.

Catalogs of current sales at all major Government selling installations in the five-state area are on display in the Richmond Regional Office located at 900 North Lombardy Street. Business firms are invited to review these catalogs as often as needed to locate property which they wish to buy. Firms that cannot conveniently visit the Richmond Office may have this review made for them through the "Want List" procedure.

A Sales Information Handbook is available to small business firms upon request. This handbook lists all major Government selling installations in this area and gives the methods of sale used; and other sales information needed by business firms interested in buying at Government sales.

Mr. Moore strongly believes that small business will profit by using this sales assistance and hopes small business will avail themselves of this service as well as other SBA programs including financing, federal procurement, marketing, research, management and technical assistance.

## Preaching Mission at Beach Drama will be part of

The Bishop's Company of Santa Barbara, California will present "An Episode of Sparrows" on February 27, 7:30 p.m. at the Virginia Beach High School. The drama is part of the United Preaching Mission of Virginia Beach.

Miss Godden's simplicity is that of art; under it lies a depth of feeling and experience which is beyond the scope of most novellas of today. The poetry, humor, compassion, and profound understanding of the book has been captured in the special adaptation of the novel for presentation by The Bishop's Company. "An Episode of Sparrows" is the story of how two children make a garden in the unpromising surroundings of a poor street in London, and in so doing, change several people's lives.

Presented with a skilled cast, "An Episode of Sparrows" is one of the six carefully selected plays in the repertoire of The Bishop's Company, first American touring repertory company of its kind. Currently on its 7th National Tour and second International Tour, the Company was founded in 1952 by Phyllis Benbow Beardsley, who formulated the idea in 1938. Featured in administrative capacities, as well as leading actors with the Company, are six of the original members of the Company: Hal Bokar, Supervising Director and Associate Producer; Merle Harbach, Booking Manager; Minnie Caldwell, Promotion; James Wheaton, Promotion; Elizabeth Wolfe, Executive Secretary; and Phyllis Benbow Beardsley, Founder-Producer.

Two touring units, traveling from coast to coast 50 weeks of the year, present drama in the church at its best.

## Music Club to Meet Feb. 19

Mrs. E. R. Hargis, Jr. and Mrs. Russell Gimbirt will entertain the Virginia Beach Music Club at Mrs. Hargis's home on 30th Street on Friday, February 19 at 8 o'clock. Mrs. Goldsborough Robinson, President of the club will preside. Mrs. Maurice Terrie, vice president and program chairman will present Mrs. Mary Ann Wilford, pianist, Mrs. Donald Hood, soprano, and several vocal trios sung by Mrs. Hood, Mrs. Charles Glimcock and Mrs. Ronald Weil.

### CHOOSE ONLY AT CORNER

WINNING AAA POSTER, VIRGINIA BEACH. Thirty-five per cent of all pedestrian deaths in cities occurred when the victim was crossing the street between intersections, according to the Tidewater Automobile Association.

Jay-walking is one of the most dangerous violations in the pedestrian safety program. "The pedestrian who fails to cross at the intersection runs the risk of sudden death from passing cars. By crossing at the intersection, the pedestrian may take advantage of such protective devices as crosswalk signs and signals. These are intended to protect him, and it is foolish not to use them."

A safety poster illustrating the theme, "Cross Only at Corners," is being distributed to schools in Virginia Beach as part of the regular monthly safety education program of Tidewater Automobile Association.

The new poster, designed by Judy Harrison, a 10-year-old student in the fifth grade at Lincoln School, Oventown, Kentucky, was a first-prize winner in the American Automobile Association's 1959 National Traffic Safety Poster Contest. The prize was awarded by a panel of nationally-known judges, and the poster will be reproduced and distributed by AAA motor clubs in many sections of the country.

### LYNNHAVEN GARDEN CLUB

CELEBRATE 20th BIRTHDAY

Four Charter Members of the Lynnhaven Garden Club: Mrs. John B. Davis, Mrs. H. E. Kaiser, Mrs. H. W. Olin and Mrs. Rebecca Redfern helped the club celebrate its twentieth birthday February 2nd at the Pine Tree Inn.

The hostesses, Mrs. W. B. Payne, Mrs. Mrs. W. B. Payne, Jr., Mrs. Fred Clark and Mrs. Fred Leman had decorated the table very artistically with Red Carnations, Camellias and ivy. There was a beautiful white tiered birthday cake decorated with red roses in front of the president.

Mrs. Davis gave a brief history of the club. During the past twenty years its greatest achievements have been the beautification of the land adjoining the railroad track at Eureka Park, the planting of trees in the triangle at Lynnhaven and the planting of a Magnolia tree in the Presbyterian Church yard in memory of those who lost their lives in World War II.

# CAN YOU AFFORD the Anti-Billboard Law?

### WHAT IS THE ANTI-BILLBOARD LAW?

The anti-billboard law now before the General Assembly amounts to complete prohibition of commercial advertising signs on the Interstate Highways.

### WHY CHANGE THE PRESENT LAW?

There is no valid reason for controls on Interstate Highways different from those on other highways. Interstate Highways are being used as a target by pressure groups dedicated to elimination of signs on all roads.

### WHO WILL BE HURT BY THIS LAW?

Everyone. But the tourist industry will suffer most from it.

### JUST HOW IMPORTANT IS THE TOURIST INDUSTRY?

It is the second largest business in Virginia with an annual income of \$54 million dollars. It provides employment for 180,000 people.

### HOW DOES THE TRAVEL INDUSTRY FEEL?

The industry spends 2 1/2 million dollars annually on outdoor advertising. The Virginia Travel Council says, "Attempts to operate without outdoor advertising have been tried by many catering to travel, without success." Travel business suffered a 40% drop on the only major section of Interstate Highway now in operation in Virginia.

### WON'T THE INTERSTATE SYSTEM BE ONLY 3% OF VIRGINIA'S PRIMARY ROAD SYSTEM?

Yes. But it is estimated that it will carry 80% of our out-of-state traffic.

### HOW DOES THE TOURIST FEEL ABOUT OUTDOOR ADVERTISING?

The Virginia Department of Highways made a survey in which they interviewed 5,977 motorists. Seventy per cent had no objection whatever to "billboards." A substantial number of the remaining 30% objected only to a specific feature, such as sign congestion, or the backs of signs, but did not object to signs in general.

### IS THE INTERSTATE SYSTEM INTENDED AS A SCENIC DRIVE?

No. It is a high speed, no stop, limited access system which will carry 50% commercial traffic. Factories, warehouses, and other types of business will build right up to the right of way. Only signs are barred.

### WHAT ABOUT INDIVIDUAL PROPERTY RIGHTS?

No. Being denied the right to lease their land for outdoor advertising purposes, the owner is depriving property interest and to the right of way of the use of their property, without compensation. The legality of such action is highly questionable.

### WHAT CAN YOU DO ABOUT IT?

You are strongly requested to call or write the State Legislature in Richmond from your district, today. Your legislators want to hear your views.

### ARE STATE'S RIGHTS INVOLVED?

Yes. The proposed law would surrender to the Federal Government, Virginia's right to control outdoor advertising on Interstate Highways.

### COULDN'T VIRGINIA REPEAL THE LAW LATER?

NO. NO. NO. It authorizes the State to enter into a contract with the Federal Government to forever prohibit signs on the Interstate system. If the General Assembly passes this law and later decides to repeal it, the Federal Government can not only deny future interstate funds, but can withhold funds for all Federal aid roads.

### WHAT DOES THE STATE GET IN RETURN?

Only \$300,000 per year, for 13 years, as a "bonus" for surrendering to the Federal Government, or enough to build about 1/4 of a mile of Interstate road. It will cost the State as much to conform with the law as the State would receive.

### DOES THE STATE HAVE TO PASS THIS LAW TO GET THE "BONUS"?

No. By Federal law only about 1/2 of the Interstate System is eligible. Certain commercial and other areas are ineligible for the bonus. Virginia gets nothing extra for going far beyond the Federal law and prohibiting signs on the entire system.

### WHAT ABOUT OTHER STATES?

In 1959, similar anti-billboard legislation to comply with the Federal Act was introduced in 28 states. In only two states was such legislation passed. As to our neighboring states, only Maryland prohibits billboards on the Interstate System. The following nearby states have NO legislation prohibiting billboards on the Interstate System: Florida, Georgia, South Carolina, North Carolina, Pennsylvania, Delaware, New York, New Jersey.

### TO SUM IT UP . . .

1. The proposed anti-billboard law would completely bar commercial outdoor advertising from what is essentially a commercial highway.
2. In the fight for tourist business, the proposed anti-billboard law would give a strong competitive advantage to such neighboring states as North Carolina, which recently defeated an anti-billboard act.
3. The proposed anti-billboard law would deal a vital economic blow to all restaurant, service station, motel and hotel workers . . . to these hands of your neighbors whose very livelihood depends on their right to attract the tourist dollar.
4. The proposed anti-billboard law would affect you and every other Virginian financially by hurting the State's \$454,000,000 travel industry.
5. And most important of all, the proposed anti-billboard law would represent still another invasion of State's Rights by the Federal Government.

## DIAGONALLY SPEAKING

### Second Judgeship Needed

The question has recently been raised, not by Princess Anne County, but an area outside of the County that Norfolk City had recently elected an additional judge without first showing the need for one and that this mistake should not happen in the case of the 28th Judicial Circuit, of which Princess Anne is a part.

The report of the Judicial Council of Virginia to the General Assembly clearly points out the need for an additional judge. The Judicial Council recommends a separate circuit for the City of Portsmouth and it further states and we quote:

"The Twenty-Eighth Circuit as now constituted has one of the heaviest case loads of any Circuit in the state. The proposed change would give the judge of the Circuit Court of the City of Portsmouth a case load

of cases commenced which would compare with that of the other city courts, and the 28th Circuit would still have a very heavy case load."

The average case load of a circuit with one judge is 750 cases per year. Last year Princess Anne County alone, excluding Portsmouth and the County of Isle of Wight, had about twice the number of cases the average circuit has and the Judicial Council points out that the 28th Judicial Circuit had cases pending on January 1, 1959 that totaled 1,476 cases per judge. This means that each judge of the 28th Judicial Circuit now handles twice the number of cases of the average judge.

With this information and with the heavy case load a second judge is warranted and we believe the General Assembly will act accordingly.

### Why Not Local Option?

Much has been written and much has been said about the proposed legislation in the current General Assembly which would liberalize the present laws concerning whisky in the State of Virginia. We believe too little has been said about certain aspects of this legislation.

First of all the proposed drink legislation does not "open the gates" to wholesale whisky drinking on every corner, but it does provide a local option feature that would permit the individual locality to decide for itself how they want whisky dispensed in their community.

This is not the only good feature of the bill for we feel it has many provisions that are sound. The bill, as we understand it, would legalize the sale of whisky by the drink in hotels and restaurants that meet rigid requirements of the ABC board.

To permit cocktails to be served with meals in public dining places would only be recognition of a privilege that is already enjoyed by private clubs. We cannot agree with the objection that it would be letting down the bars and would encourage greater liquor consumption, or would give rise to any particular problem of policing.

In states that have changed their liquor laws per capita drinking has decreased when sold by the drink. This is the case in Oregon with a 10.5 per cent reduction in consumption, in Washington a 10 per cent reduction, and in Idaho a 37.3 per cent reduction in the consumption of whisky. This would tend to discount the theory that a change in Virginia's present system of dispensing whisky would increase consumption. These and other states have not

encountered any increased difficulty in law enforcement.

Another strong argument supports Virginia's growing stature as a tourist state, and the needed expansion of this business. It is to be expected that all concerns involved in the state's billion dollar a year tourist business will support this measure, since these visiting our state from other areas of the nation are genuinely disappointed when they do not find all the comforts of home offered them while visiting us. Lack of a drink before dinner, in any one of the state's highly respected and widely known hostilities has been one of our glaring short comings in the past.

We can find no fault with the bill as proposed. It has all the necessary limits that will make each locality act unto its own personal taste, yet the bill permits those localities where taste have changed to keep up with the demands of the public in a changing society.

We earnestly believe the proposed bill is in keeping with changing times. It is a reasonable and conservative bill, a bill in keeping with the life that many Virginians lead.

After all the bill leaves any changes in the present liquor sale procedure up to the individual community. We believe the people of each locality should be able to decide for his own particular area the way they want whisky sold. We cannot see any reason not to have local option on the question. We hope members of the General Assembly will give careful and due consideration to this legislation and pass the bill.

## WHAT OTHERS ARE SAYING

### Whisky by the Drink

There is merit in the bill introduced in the Virginia House of Delegates by Henry H. Howell, Jr. and Calvin H. Childress of Norfolk, providing for the sale of hard liquor by the drink in especially licensed restaurants. The leading reason is that it would end the requirement that in order to take or serve a drink the individual must buy a bottle of whatever he prefers from an ABC store. He cannot buy a single drink though that may be all he wants.

A result of the present system is that many a buyer by the bottle ends by quickly consuming its content and being made irresponsible thereby. Usually most people who like a drink take it before dinner, in the form of cocktail, highball, or straight. They may also want a liqueur after dinner. If these drinks cannot be had at the place they go to dine, they meet elsewhere first and have what they want and almost always drink more than they would at the restaurant or hotel dining room, or bar.

To make legal the sale of hard liquor after dinner. If these drinks would result in

the development of restaurants of a quality greatly superior to any now in the State. The proprietors could afford to serve better food because of the profit on the drinks.

The present system in Virginia makes it, in comparison with states where a drink can be bought, seem a less responsible and less civilized State, and with restrictions on freedom some people find shocking in the Old Dominion.

The Howell-Childress bill properly calls for local option. We find a weakness in its provisions that would restrict licensees to those able to afford the expensive licenses. The bill as it stands would tend to be a "class" statute, if made operative. That could easily be amended to provide for the sale of drinks in a way in keeping with Virginia's history until the "blue-nose" practices of modern times. The evil lessons of Prohibition will not have been fully learned in Virginia until provisions approximating those of the Howell-Childress bill are in force.

## The National Outlook

"Shared Responsibility"  
By Ralph Robey

Under the Employment Act of 1946 the President is required to make an economic report to the Congress shortly after the first of each year. The report, prepared largely by the Council of Economic Advisors, always reviews the developments of the previous year and indicates what is ahead and what the government plans to do about it. The Council is composed of three members and under it is a small group of research experts. Chairman of the present council is Dr. Raymond J. Saulnier.

Just as the State of the Union and the Budget messages, the Economic Report, by its nature, a political document, and this must be kept in mind in reading and appraising it. However, the report is more nearly a political showcase than a political platform.

In the 1960 report the term "shared responsibility" is used time after time to describe our economic system. It clearly reflects the conviction of the Administration that government can not, and must not be expected to, carry the full responsibility for our progress and prosperity.

This, obviously, is a sound philosophy and it is regrettable that it did not become controlling long ago. At present government is spending an incredible amount of the nation's income. The federal budget itself is just short of \$30 billion. That does not include the trust funds. When these are added the total is \$30 billion. These are expenditures. Total receipts are over \$102 billion.

State and local expenditures are about \$40 billion. For the nation as a whole, therefore, government at all levels is controlling about \$140 billion of spending. Our national income is a shade over \$300 billion. This means that federal state and local government is

directing the spending of approximately one-third of our national income.

It is said that nothing can be done about this volume of spending and there is a large, articulate group which maintains that government is not spending enough. There is no justification for increasing total spending, and the only significant argument for insisting that the total can not be reduced is that the public is demanding all the services and present activities of government.

We all know that the public is demanding nothing of the kind. Many of the services and activities of government are the result of pressure groups and they can be cut back anytime the public decides that we have gone too far in turning responsibility and functions over to government.

This is one of the reasons why it is so encouraging to have the Economic Report place such emphasis upon "shared responsibility." The drawback is that the budget and proposed program do not follow through on "shared responsibility." Almost every major item in the federal budget shows 1961 spending higher than 1960, and the aggregate increase is \$1.4 billion. And President Eisenhower in his letter of transmittal says: "We are confident that our changing and increasing needs in the future can be met."

There is no doubt that we can meet any needs that are necessary, but we can not go ahead increasing the total of government spending in this nation without its having an effect upon other parts of the economy. This effect is likely to be unfavorable.

The time has arrived when we should call a halt to increased spending. It can be done if the public lets the Congress and state and local government units know that it wants and demands a reversal of the current upward trend of spending.

## Be-Lo Winners Number Almost 200 for Contest

Announcement was made this week by Mr. Frank L. Pentrice, president of the Be-Lo Super Market chain that nearly 200 local residents will be winners in Be-Lo's Guessing Contest. This is a contest conducted on the local level and is open to residents of the Tidewater area. The contest consists of guessing the number of a specific item that will be sold in all 20 of the Be-Lo Super Markets each week. The item is changed every week and each week winners are awarded \$1000 in cash. The contest is now in its sixth week and winners have been announced for each week of the contest to date.

So far, \$500. prizes have already been awarded to W. B. Potts, H. L. Hughes, Mrs. S. T. Rhine, and Mrs. J. A. Bramble. Prizes amounting to \$5000. have been awarded to nearly a hundred Tidewater residents.

Coincidental with the announcement of the guessing contest winners, Mr. Pentrice also announced that Be-Lo Super Markets have entered all their checker-cashiers in the National Checker of the Year contest, conducted annually by the Super Market Institute and The National Cash Register Company.

Each year the Institute conducts a search for the Checker in each company who is most representative of the best checker-cashiers in the Super Market Industry. First winners are chosen for every state, territory and foreign country. Ten finalists will be flown by United Air Lines jets to the Super Market Institute Annual Convention in Atlantic City May 14, where the Checker of the Year will be chosen. Prizes include a 2-week all-expense-paid tour of Hawaii as a guest of Dole Hawaiian Pineapple Co. The second and third place winners will receive vacations at the Hollywood Beach, Hollywood, Florida.

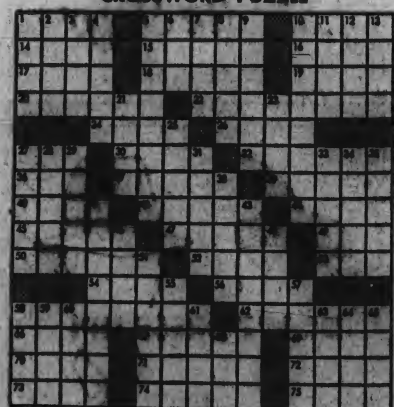

Be-Lo Super Markets will conduct its promotion during January 15, February 15. During that period customers can vote in the store for their choice of checker of the year. The customer votes will be influential in the eventual choice of the winner. The local winner will receive a complete spring wardrobe from Rice's and will be eligible to enter and possibly win the regional and national prizes. Second and third place prizes are Television and radio sets.

Judges of the contest will be announced at a later date.

MR. JENNINGS H. RICH

Mr. Jennings H. Rich, area supervisor for the census bureau announces mass examination for census enumerator will be held February 12 at the Virginia Beach Convention Center at 10 a.m. This will be for the Virginia Beach Princess Anne area.

## News and Views of Aragona Village

By ELAINE HARVEY

### ARAGONA COMMUNITY RECREATION CENTER, INC.

The agenda of events and activities planned by the ARCC is growing in length, and at the moment almost too numerous to mention. However, a time table of events proves that those individuals active in the civic affairs of the community have given considerable time and thought in working out a worth while schedule. Topmost at this time seems to be "fund-raising" projects, among which are the Little Theatre play and the Aragona Village Carnival. A play has been selected and the Little Theatre producer has requested that all parties interested in taking part in this Spring's production, please in touch with Mr. Larry Marshall, GY 74260 for information and details. The name of the play and the date of presentation will be announced at an early date.

The Carnival dates have been announced as May 6 and 7, to be held on the grounds of the proposed Recreation Center at the end of DeLaura Lane. It is planned to have a good number of booths for games, and, as in previous carnivals presented by the Aragona Village Community group, there will be fortune-telling, sales of candies, cakes and entertainment of the highest order. Those who would like to take part in operating and managing a booth for this carnival may contact Mr. Larry Marshall for full details. This season's carnival will hold a genuine worth while place in the life of the Aragona Village community because those who participate in the production of the amusement events, as well as the families who enjoy them, will have the feeling of justifiable pride of being a part of the whole project. They will be on "home-ground" so to speak. The land for the recreation center has now been deeded to the organization by Mr. John Aragona, developer of the Village, and a hearty welcome is extended to all residents and home-owners in the Aragona Village area to participate in the production of the carnival and the

Little Theatre play. These events will provide a wholesome atmosphere of recreation for the adults in addition to the great amount of fun for the children.

### LET A REALITY

There has been considerable discussion between the civic leaders in the Aragona Community and the officials of both Princess Anne County and the Transit Company in an effort to conclude arrangements for bus service for the Village. However, at this time there now appears to be no promise of bus service for the immediate future.

### ACRC, INC., CONDUCTING MEMBERSHIP DRIVE

The Aragona Community Recreation Center, Inc., is now conducting a membership drive, and all residents and home-owners in the Aragona Village area are cordially invited to attend the meetings of the ACRC, dates of which are announced in this column, to see and to hear what is being done by this group of civic minded citizens for the betterment of the community as a whole.

### ARAGONA VILLAGE GARDEN CLUB

The Aragona Garden Club held its regular monthly meeting on Tuesday evening, February ninth, at the Christ Presbyterian Church. Announcement was made that one of the club's Spring projects will be a "Reaffirmation" contest and a club trophy will be awarded to the winner of the contest.

### ARAGONA VILLAGE ELEMENTARY SCHOOL TEEN DANCE CLUB

The members of the Teen Dance Club who regularly hold dances at the Aragona Elementary School auditorium, participated in the "Let's Dance" program of WTAR-TV recently. The Teen Dance group are invited to appear on the WAVY-TV "Dance Party", February 27th.

The Teen Dance scheduled for Friday, February 12, is postponed as Mr. Lee Scarborough's Sixth Grade Class of the Aragona Elementary School will hold its Class Dance in the auditorium on Friday evening. The other three sixth grade classes have been invited to attend.

### PARENT-TEACHER ASSOCIATION

The next regular meeting of the Parent-Teacher Association will be held on the evening of February twenty-third in the auditorium of the Aragona Elementary School. A special display of reading materials used on the first grade level will be presented for the information and pleasure of the parents at that time.

Mr. E. L. Land, Principal, reported that the newly organized school newspaper which is being published by Mrs. Shaffer's Fifth Grade Class is experiencing a fine success. Principal Land also stated that during the past week a hearing specialist had visited the school, examined those pupils who experience difficulties in normal hearing ability, and also, a speech therapist is conducting clinical therapy at the school and is experiencing fine success with those children with speech impediments. Mr. Frank Taylor is serving as visiting teacher and is at the school every Tuesday. Mr. Taylor will be available for interviews with parents who feel the need for assistance in providing

Telephone GY 7-3342

the necessary books for their child. Principal Land reported that the Fifth Grade Reading Program, which is based on individual approach, has proved highly successful. It appears that the children enjoy reading much more, and exhibit a greater interest in reading for pleasure than heretofore. Mr. Land again mentioned that an open invitation is extended to all parents to visit the school to observe its methods of operation, and also to visit the school lunch room.

### FACULTY BOWLING TEAM

There are a few members of the faculty who take a genuine interest in the sport of bowling, and it has been said that there is an enthusiastic gallery rooting for the team when they bowl every Wednesday afternoon between four and six o'clock at the Thunderbird Bowling Alleys in Virginia Beach. Their most recent opponent was the Faculty Team from Thalia.

### BOY SCOUTS ACTIVITIES

Cub Scout Pack No. 479 held their Blue and Gold Banquet on Tuesday evening, February ninth, at the Aragona Elementary School auditorium, as a part of the celebra-

tion of the Fiftieth Anniversary of Scouting. The Golden Jubilee of Boy Scouting will be celebrated on Saturday, February thirteenth, at the dome auditorium in Virginia Beach. There will be several Packs and Troops of Boy Scouts from the Aragona Village community take part in this celebration.

### GIRL SCOUTS ACTIVITIES

Troop No. 233 reports a busy month of activities, among which were trips to the Mercury Roller Rink and to the Coca Cola Bottling Plant. The troop held a recent election and the following officers were selected: Barbara Curtis, Patrol Leader of the Red Wing Patrol, and Natalie Bromfield, Assistant Patrol Leader. Nancy Martin Patrol Leader of Woodchuck Patrol and Sharon Stanley as Assistant Patrol Leader. Carol Wright was elected Secretary, Nancy Cooper, Treasurer and Sherry Robinson, Librarian of Girl Scout Troop No. 233. Mrs. D. E. Wright is Leader and Mrs. H. H. Borden, is co-leader of Troop No. 233.

### TRAINING COURSE UNDER WAY

The Brownie and Girl Scout Leaders Training Courses are under way, and anyone interested in participating in Girl Scout activities in this area are requested to contact Mrs. Shirley Emerson, Neighborhood Chairman, Telephone GY 7-3750. Several courses are scheduled and period of training will run through March 31.

## Farm Prospects for decade Part of Display for Bankers

Virginia's bankers and professional agricultural workers will be given a look at the farm prospects for the decade ahead during the Virginia Bankers Farm Credit Conference, March 6-9 at Natural Bridge.

Forestry, contract farming, and livestock will be among the subjects discussed by speakers at the annual meeting sponsored by the Virginia Bankers Association in cooperation with Virginia Polytechnic Institute and the Federal Reserve Bank of Richmond. More than 200 Virginians are expected to attend.

An economist for a New York bank, a panel of agricultural economists from Virginia Tech, and a professor of agricultural economics at Pennsylvania State University will venture forecasts for the decade ahead during the conference.

P. Henry Mueller, vice president, First National City Bank of New York, will open the program with a talk entitled "What's Ahead in the '60's". "The Farm Outlook for the 1960's" will be the subject of a panel discussion moderated by Dr.

Harry M. Love, chairman of the department of agricultural economics and rural sociology at Virginia Tech. The panelists, all agricultural economists at VPI, will be Upton Livemore, Paul Hoepner, Al Orlego, Dick Luckham, Monte Juillat, Harold Walker and James Bell. The morning program of the first day's session will be devoted to the New York economist and the outlook panel. The afternoon program consists of a forestry tour for the delegates.

"Policy and Politics in the '60's" will be the subject of an address by Dr. George E. Brundow, professor of agricultural economics at Pennsylvania State University. Dr. Brundow will be the final speaker on the program before adjournment on Wednesday.

Tuesday's program, sandwiched between the predictions for the coming decade, will be devoted to a variety of talks on agricultural subjects.

Willis T. Hancock, agricultural representative of the County Trust Company of Maryland, Glen Burnie, Maryland, will discuss "The Impact of Contract Farming" and Maurice H. Kirby, president, First National Bank of Henderson,

Kentucky, will speak on "A Country Banker's Philosophy". Mr. Kirby is a past president of the Kentucky Bankers Association.

Speakers from Texas and Tennessee, will discuss the livestock situation in the southwest and the southeast during Tuesday afternoon's session. O. "Doley" Dawson, vice president and manager of the agricultural department, Bank of the Southwest, Houston, Texas, will discuss the southwest area and Wyman G. Chapel, southern editor of Daane Agricultural Service, Inc., Memphis, Tennessee, will discuss the southeast.

A Washington newspaperman and public relations consultant, Winston K. Fendleton, will be the speaker at the annual conference banquet Tuesday night.

Registration for the conference opens Sunday afternoon, March 6. The three-day meeting will end at noon on Wednesday, March 9.

A recent survey by the nation's bankers to determine how Mr. and Mrs. America handle their money showed: 80 per cent of the families polled pay their bills by bank check; 62 per cent had savings in the bank; 19 per cent were paying off a mortgage on their home; 14 per cent had a personal bank loan; and ten per cent had financed their car through a bank.

## Your Social Security

By KARL W. THINKLE  
Field Representative

Are you in business for yourself?  
Did you net more than \$400.00 in  
1963? You are required to file a  
report of your earnings on separate  
Schedule C (Earnings and Expenses  
from Self-Employed Business or  
Profession) with your 1963 Federal income  
tax return. The tax on 1963 net  
earnings is 9% of the first \$4,000.00  
and the return must be filed on or  
before April 15, 1964.

For a number of years now self-  
employed people have been covered  
by the Social Security Act (self-  
employed persons are excepted).  
This means that they are eligible  
for the same benefits as wage  
earners.

The earnings to be reported for  
self-employment tax are the net  
earnings from your trade or busi-  
ness or profession. Do not include  
income from dividends, rentals from  
real estate, or income from other  
types of investments on your Sched-  
ule C.

Social security benefits are based  
upon the amount of earnings credit-  
ed to your account. Prompt and ac-  
curate returns are therefore of great  
importance to you.

Additional information about re-  
porting self-employment income  
may be secured from the local of-  
fice of the Director of Internal  
Revenue.

**CHURCH HONORS NEW PASTOR**  
The Bayside Baptist Church held a reception for their new pastor Wednesday night, February 3, at 8:30 p.m. a large number of the congregation and friends were present to welcome Rev. and Mrs. James V. De Poe. The Rev. De Poe comes to the Bayside Church from an 8 year pastorate at Rocky Mount, Va. The Rev. and Mrs. De Poe and their four children are residing at 605 Lakeview Drive, Lakeview Shores.

Rev. De Poe has previously held pastorates in Virginia at Farmville, Wytheville and Rocky Mount. He holds the B.A. degree from Baylor University at Waco, Texas and a B.D. degree from Yale Divinity School at New Haven, Conn. He is a native of Dyersburg, Tenn.

Rev. De Poe is a past president of the State Baptist Pastors' Conference, and for the past two years has been on the administrative committee of the Virginia Baptist Board of Missions and Education. The Bayside Baptist Church, now meeting at the second floor of Overton's Super Market at Robbina Corner, was organized in 1857. The future site of the church is on Pleasant House Road. A choice site of 4 1/2 acres is owned by the church.

This Southern Baptist church is affiliated with the Norfolk Baptist Association. Visitors are always welcome.

**USS FORRESTAL ENLISTED MEN'S WIVES CLUB**

The Enlisted Men's Wives Club of the USS Forrestal held a Membership Coffee January 28th at the Enlisted Mens Club on Hampton Boulevard. Special guest of honor were: Mrs. S. R. Brown, Jr., Mrs. Vernon E. Benton and Mrs. A. M. Oliver members of the USS Forrestal Officers Wives Club. A member of prospective members were also present.

At the regular meetings of the club a Nursery is provided by the club. Those wishing information on the club are asked to contact Mrs. Inks UL 3-510.

**BAYSIDE JUNIOR WOMAN'S CLUB MEETS**

The Bayside Junior Woman's Club met Tuesday night, February

2, at the Social Hall of the Bayside Christian Church.

Mrs. Carol Clough, Supervisor from the Bayside District on the County Board of Supervisors was guest speaker. He was introduced by Mrs. J. E. Abasalom, Jr.

He spoke to the club on the possibility and probability of obtaining water in the Bayside area, possibly 15 or 20 months from now.

Mrs. E. A. Hudson, Princess Anne County co-chairman of the Mother's March of Dimes, told the club that the Bayside area brought in over \$3,000.00 which was more than any other section of the county.

Hoots, Mr. S. E. Lewis and Mrs. D. S. Maxwell.

**DIAMOND SPRINGS GARDEN CLUB MEETS**

The Diamond Springs Garden Club met Thursday night, February 4th at 8:00 p.m. at the home of Mrs. William Reese, Odessa Drive.

Mrs. D. C. Black was speaker for the evening. She talked to the club on the National Federation of Garden Clubs home in St. Louis and how all of federated garden clubs come under the National. She also gave an oral judging on the arrangements.

The club plans to take Valentine treats to the Youth Center which is one of the club's projects for the year.

The theme of the arrangements for the meeting were: "Dried Drama" featuring a dried arrangement or "Be My Valentine" which was an arrangement using an accessory for a party table.

Ribbons were awarded to Mrs. Ronald Rhodes, Mrs. Elmer Evans, Mrs. Gene Barrow, Mrs. Herbert Huntley, Mrs. William Stokes and Mrs. Roger Cobb.

**BAYSIDE LIONS CLUB HOLDS MEETING**

The Bayside Lions Club met Wednesday night, February 3rd at 7:30 p.m. at Shore Drive Inn. The guest speaker for the evening was Mr. Carl Nelson, national sales manager for station WTAR-TV. He was introduced by Mr. Michael Henry, program chairman.

Nelson talked to the club on problems which are facing the television industry. He named seven things which have been charged against the industry: Fraud and Deception, of which has been revealed in recent weeks; Payola; also much in the public press recently; Negligence; on the part of those in charge; Program Imbalance, wherein some stations have very little variety in their programs; Crime and Violence, of which some stations present a great deal; Sponsor interference, where the sponsor sometimes has too much to say about the formation of a show and Distasteful Commercialism.

Nelson also said that the people in authority in the television industry are gravely concerned about the practices and are taking steps to correct them. In the case of the rigged Quiz Shows and Payola, drastic steps have been taken. CBS took off all its quiz shows and the other networks have put them under strict controls. Steps are being taken to correct the other conditions.

Gordon Hughson, second vice president, reported that the various committees in the club have spent part of their appropriations or have definite plans for doing so in the near future.

George Hill, Sight Conservation Chairman, read a communication from the Hutton Eye Bank in Richmond announcing that all Lions are invited to attend an open house to be held on Sunday, February 14th. Many of the members expressed their intentions to attend.

A number of men from the Aragona Village section who will help form the membership of a new club in Aragona Village were at this meeting. The Bayside Club is the sponsoring club for this new group and is proud to have a part in extending Lionism to this community.

**RAYMOND CHRISTIAN CHURCH NEWS:**  
The Official Board of the church met Monday night, February 8th at 8:00 p.m. This was the first meeting of the new board.

Tuesday night, February 9 at 7:00 p.m. the Laymen's Fellowship held a dinner meeting at the Social Hall of the church. "Chef" Brickhouse prepared and served the meal. The Fellowship is considering reorganizing a Boy Scout Troop.

**BAYLAKE METHODIST CHURCH NEWS:**  
Sunday, February 7, in the absence of the pastor, Rev. James W. Reynolds, Jr., who is sick with the flu, Rev. Kenneth Carbaugh brought the message to the congregation.

Tuesday, February 16, the Committee on Worship will meet at the church at 7:30 p.m.

"SERVING VIRGINIA'S FASTEST GROWING COUNTY"

VIRGINIA BEACH, VIRGINIA, THURSDAY, FEBRUARY 11, 1960

SECTION B

## Chairman Appointed Duke Fund Campaign

Carl J. Parkinson of Virginia Beach, Va., has been appointed an Area Chairman for the 13th annual Duke University Loyalty Fund campaign.

The appointments of 253 such chairmen were announced today by Charles A. Dukes, Director of Alumni Affairs at Duke. "The area chairmen will make an effort to contact personally all Duke alumni who reside in their regions, in an effort to enlist the unrestricted financial support the University needs this year."

Money raised through the Loyalty Fund from alumni, parents of students, and friends has become a substantial part of the University's annual operating budget. Last year the Fund surpassed \$300,000 for the first time when more than 42 per cent of the University's former students participated as donors.

Shown from collection are "Rhapsody" by Honore Daumier; "The Visitation" by Sir Jacob Epstein; and "Adam," by Auguste Rodin.

## Colonial Stores Local Realtor Report Sales Group Member

ATLANTA, Jan. 30.—In a preliminary summary to Stockholders, Colonial Stores Incorporated today reported sales for 1959 of \$450,748,817, an increase of 31 per cent over sales of \$347,132,213 in 1958, and net profit, before non-recurring items, of \$3,757,491 as compared with \$4,005,427 for 1958.

Earnings applicable to common stock, based on the 2,755,000 shares now outstanding, were \$1.13 per share in 1959 compared with \$1.70 in 1958.

The Company noted that a special charge of \$488,044 had been incurred in August 1959 in connection with the sale of its Indianapolis Branch, and that a special credit of \$243,135, covering refund of Federal Excess Profits taxes, had been recorded in 1958. Excluding these non-recurring items, operating earnings per share of common stock were \$1.31 in 1959 and \$1.61 in 1958.

At year-end, Colonial had 430 supermarkets in operation, compared with 473 at the end of 1958. Sales for 1960 should reach \$475 million and an improvement in earnings is anticipated as a result of higher sales and the elimination of operating losses attributable to the Indianapolis Branch and to other unprofitable units closed during the year.

**SP/4 PHILIP P. PASQUALINO JR.** MANEUVERS IN GERMANY.

U. S. FORCES, Germany (AP)—Army Specialist Four Philip P. Pasqualino Jr., whose parents live at 13 Burton Drive, London Bridge, Va., is participating with other personnel from the 24th Infantry Division in Exercise Winter Shield at the Grafenwohr-Hohenfels training area in southern Germany.

The maneuver was scheduled to end February 7.

Winter Shield, an annual winter maneuver involving 60,000 troops, is designed to determine the combat readiness of Seventh Army troops.

Specialist Pasqualino, a fire team leader in Headquarters Company of the division's 24th Infantry, entered the Army in October 1956 and arrived overseas in June 1957. His wife, Helga, is with him in Germany.

By Thomas Collins  
**LIFE ON \$200 A MONTH—HOW TO MANAGE IT**

WHAT follows here will be of some satisfaction to people who like to scold me.

Always they're asking how a couple can live in retirement on \$200 a month. And they scoff at the notion that it can be done. This is intended to spell the matter out.

Couples who retire on \$200 a month will spend, in the main, about \$2.50 a day for food—or \$75 a month. They will spend about \$50 for housing, and about \$8 for utilities. The remaining \$67 they will spend by ear—a little this month for clothes, hairpins, and razor blades; a little next month for doctors and pills, and maybe a movie.

These figures are for people with no property or investments, and who live in rented city quarters.

Most economic studies show that living costs will vary between different parts of the country, and between big cities and small cities. These studies usually deal with families. Retired couples on a small income—so best I can determine it—live about as cheaply in one place as another. Except that in some rural areas in the southern states they can live on \$200 a month and have a bank account. It's a low standard, but it's living.

A budget for a retired couple doesn't make much sense. The reason it doesn't is that there is such a wide range in the tastes, customs, and circumstances of every couple. Here is a random of the range:

**FOOD.** This is the biggest item in the budget. And the best way to reduce it is to produce some of your food with your own hands. You can do this by hunting, by fishing, and by planting a garden. Any of these can reduce the \$2.50 a day spent for food, and give extra money for housing or hairpins.

A couple that drinks \$1.50 worth of coffee a week, and goes for steaks instead of vegetables will not get by on \$2.50 a day and thus will have to find housing for maybe \$40 a month, or put patches on clothes. A couple that chooses to buy packaged convenience foods, instead of stringing the beans themselves, probably will have to do the same.

On the other hand, the couple that can remain healthy on two meals a day instead of three can pay \$40 or \$70 a month for housing.

**HOUSING.** The couple must balance its desires for housing and type of neighborhood against its desires in food, always keeping about \$30 flexible to apply where other needs arise.

**CLOTHING.** The concern of a couple over the appearance they make to other people is the major factor here—and each person must assess his own vanity. Other factors are the wife's taste in keeping clothes in repair, and the couple's habits in taking care of clothes.

**LOCATION.** Strictly on the basis of economics a couple can get by about as well on \$200 a month in a big city in the North as it can in a small city in the South because of the wider choice in housing.

## Thunderbirds Loose Match

After winning 33 out of a possible 36 points, and showing signs of being the hottest team on the pin lanes, Coaches Thunderbirds ran head-on into the Pin Path five last Sunday and gotchance over to the new law. Pro-thrills clipped. Paced by Dave Kler's 661 and Bill Dalley's 632, the Pin Pathers were very in-ho-whose claims are being processed about the T-birds past record as they rolled over them 2744 pins to pension benefits on June 30, 1960.

dropped to second. Pin Path won four and took over the top spot with 45 wins. Coaches Thunderbirds remained at 42 wins but dropped to the third spot in a tie with Zales for total wins, although the latter had a postponed match and a potential of 46 wins.

Next Sunday the T-birds take on the Clark Chevrolet Thunderbirds on their home lanes at 2:00 p.m. This match will be played without the services of Tom Barger who has been one of the mainstays of the Coaches Sporting Goods team during the past several months. Besides being one of the top three bowlers in this area, Tom is probably the best known and most well-liked participant ever to compete around Norfolk in the tenpin sport. Modest and unassuming as he is, it took some sleuthing to only recently learn that Tom is the recipient of 13 ABC patches for 700 series, and 2 patches for 800 series rolled in ABC sanctioned competition. It is believed that no other tenpin kegler in this area can boast such a record. On more than one occasion Tom has won All-Navy honors, and has so many bowling trophies he needs a special room in which to house them. Being transferred because of navy orders, Tom Barger is going to be missed by all who know him. Some of the records he set will be the target of aspiring keglers for many years to come.

## New VA Pension Act Becomes Law July 1

The new pension act which becomes law this coming July 1 contains a savings clause, commonly known as the "grandfather clause" which gives those persons drawing Veterans Administration pensions on June 30, 1960 the right to the pension under the old law as to Path five last Sunday and gotchance over to the new law. Pro-thrills clipped. ## Carolina College Choir To Sing

The 60 member choir of East Carolina College under the direction of Dr. Karl Hjordtveit will perform in the Virginia Beach High School Auditorium on Friday, February 26 at 8:00 p.m. The choir is composed of men and women students, and is recognized throughout the south for its superb quality.

This is the first performance for the College Choir on its winter tour, the college students will stay overnight in Virginia Beach and leave early Saturday morning for New York City where they are scheduled for two other concerts.

The music department of Virginia Beach High School is sponsoring the concert, there will be no admission charge, but those who attend will have an opportunity to donate to the high school choir robe fund.

## Kenton Speaks To Ruitans

The Princess Anne Ruitan Club met at Kempsville Jr. High School Tuesday night, February 9, and was exceedingly privileged to hear an exhortation on the "Brotherhood of all Men" by Dr. Murray Kantor.

Dr. Kantor is from Suffolk, Virginia, and has been Rabbi for the Agudath Achin Congregation for the past 17 years. He is the illustrious "Chasidim" for the North American Shrine and spoke 290 times last year to various civic organizations all over the United States.

The members of the Princess Anne Ruitan Club feel that if there were only a few more people on earth with the ideals of Dr. Kantor, the Millennium age of which he spoke could be attained in the near future.

## SHORT STORY TELLINGS

### AND WITH WIN

The winners of the "Best Vehicle" awards for the 10th Transportation Battalion were announced on Monday. They are: James F. Santure of the 10th Transportation Company, for his 1958 truck-mounted crane in the Engineer vehicle class, and P. John G. Manning of the 347th Transportation Company, for his DEKW (Fort Story's light amphibian) in the Ordnance vehicle class.

A ceremony at the 347th Transportation Company Motor Pool, Lieutenant Colonel Jack W. T. 10th Battalion Commanding Officer, presented a letter of commendation and a three-day pass to each of the winners. The award-winning vehicles were chosen by Chief Warrant Officer Kenneth M. Stage, 10th Battalion Maintenance Officer, on the basis of technical knowledge of the operators, standards of maintenance, and operation.

### FOUR MEN RE-ENLIST

Fort Story. Four men of the 14th Terminal Battalion were added twenty-four years as four men of this amphibious Training Facility of the Transportation Command re-enlisted here yesterday.

Lieutenant Colonel J. C. Duff, Adjutant General of the 4th TTC and the post re-enlistment officer,

administered the oath of enlistment as the four men raised their right hands in acceptance of their new hitch.

In the group of re-enlistees were: Specialist fifth class, Randolph Williams, of the 135th Transportation Company, who has six years of service and signed for another six. He re-enlisted for his own vacation. Specialist fourth class David K. Price and Specialist fourth class Donald M. Kozan, both of the 47th Transportation Company, added six years each to their 12 years of service. They re-enlisted for duty in Europe. Specialist fourth class Carl Sublett of the 14th Terminal Battalion, upped his 12 years of service by another six in order to fill his own vacancy.

These four men were re-enlisted by Master Sergeant George Cuttler, the Post Re-enlistment Sergeant, who "buys what he sells." He has 23 years of military service.

### FORT STORY COMPANIES ARE COMMANDED

Major Warren J. Higgins, commanding officer of the 14th Terminal Battalion, presented today letters of commendation from Col. Philip E. Pons, commanding officer of United States Army Transportation Terminal Command Area, to company commanders of units of the 14th Battalion which participated in resupply missions last summer in Labrador and

Greenland, for their outstanding work.

First Lieutenant George W. Mudd, company commander of the 155th Transportation Company; Second Lieutenant James R. Pons, company commander of the 417th Transportation Company; and Chief Warrant Officer Floyd L. Bowen, of the 554th Transportation Platoon (BARC), each received letters. Lieutenant Mudd also received a letter of appreciation from Lieutenant Colonel Lawrence R. Ware, commander of the post at Goose Bay, Labrador, for the work of the 155th at that location.

### SGT. MAJOR ROWLAND RE-ENLISTS

George G. Rowland, Sergeant Major of the 14th Terminal Battalion, re-enlisted today for three years service. Major Warren J. Higgins, commanding officer of the 14th Battalion, gave Sergeant Rowland the oath in ceremony at the battalion headquarters.

Having served in the Army for over 29 years, Sergeant Rowland has been assigned to the 14th Battalion since he arrived at Fort Story in 1951. He was personnel sergeant for 4 years before becoming the battalion sergeant major. He will continue in his present assignment.

Sergeant Rowland served 13 years as an officer prior to re-enlisting to an enlisted status and is a lieutenant colonel in the army reserve.

### BERNARD PENNOCK PROMOTED

Wilfred Pennock, first sergeant of the 14th Transportation Company, was promoted today to the rank of sergeant major, the Army's highest enlisted grade. He has 27 years service.

Colonel William P. Pope, commanding officer of Fort Story, congratulated Sergeant Pennock on the promotion and commended him for his fine performance of duty which earned him the promotion.

Sergeant Pennock will be assigned to the 14th Terminal Battalion headquarters and become sergeant major of the battalion on the departure of the present sergeant major, George G. Rowland.

Sergeant Pennock served in the Ordnance Corps before being assigned to the Transportation Corps. He came to Fort Story in March 1957 and participated with the 417th during its mobile terminal service operations during the past summer in Greenland.

### THREE BARE MEN COMMANDED

Three members of the 554th Transportation Platoon (BARC) of the 14th Terminal Battalion of Fort Story received letters of commendation today from Brigadier General John J. Lane, assistant Chief of Transportation, for outstanding performance of duty on Okinawa during November, 1959.

Chief Warrant Officer Robert R. Ehrliche, Sergeant first class, Norman J. Watkins, and Specialist fourth class, George W. Shaffer were presented the letters by Major Warren J. Higgins, commanding officer of the 14th Battalion.

The three men, part of a group of seven, were commended for a display of BARC operations for SEATO nations representatives on Okinawa; support of the 1st Special Forces in a 48 minute fire-power demonstration and operation of the BARC under various conditions.

### PT. STORY TO FORM WOMEN'S BOWLING LEAGUE

A Fort Story Women's Bowling League is being formed, and all military wives of Army, Navy, Marine Corps, and Air Force are welcome to sign up.

The first meeting will be held on January 15 at 7:30 a.m. in the Fort Story Bowling Alley. For further information contact Mrs. Eleanor Ward, GY 7-0129 or you may register at the bowling alley here.

### P.L. SERGEANT RECEIVES CERTIFICATE

Sgt. 1st Class, Arthur B. Bingley Jr., of the Public Information Office at Fort Story, was presented a Certificate of Achievement, for his services as Operations Sergeant with the Headquarters Commandant of the 25th Division in Hawaii.

Col. William P. Pope, Commanding Officer of Fort Story, presented the award to Sgt. Bingley during a recent maneuver in the field on post, and congratulated him for a "job well done."

Sgt. Bingley, who has over 15 years service during which he has served in Alaska, Korea, Japan, and Hawaii, is a former graduate of Norwich High School in Norwich, where he played baseball and basketball.

### Woman's Club

#### Announces Citation

"Woman of Outstanding Accomplishment of Princess Anne County for 1959" citation will be presented at the Biennial Public Affairs Dinner of the Business and Professional Women's Club of Princess Anne County to be held March 14, at the Pine Tree Inn. This is a citation recognizing outstanding accomplishments which a woman in Princess Anne County or Virginia Beach may have made in the business or professional

world, in the social services or in the arts.

Recommendations may be submitted by either organizations or individuals to the Committee for Selection of the Princess Anne Woman of Outstanding Accomplishment on the basis of the recommendations and biographical sketches submitted by the sponsoring group or individual. All recommendations must be signed.

Women who have been named "Woman of Outstanding Accomplishment of Princess Anne County" in previous years are Mrs. Louise Hooper Ewell, Mrs. Cecil Henderson Reid, Mrs. Wallace Clark and Mrs. Paul Maestas.

**February's Cherry Pie!**  
  
Now for a Valentine Surprise—Sweetheart Cookies will be a happy treat—Certainly you know that little something "extra" for this most whimsical of holidays will endear you more than ever when you pass these delicately browned cookies topped with red hearts.  
These cookies, even minus the hearts, are an easy to put together that I hope the recipe will become a mainstay for year round baking—To save time and unnecessary dishwashing, the ingredients are combined in one saucepan. After the dough has been chilled, it is dropped by rounded teaspoonfuls onto a baking sheet. Cookies which are quickly mixed and baked make it less difficult to keep that cookie jar filled to the top. For these cookies as well as for all your other good cooking, you will want to use a margarine that has a delicate, natural flavor. One that is selected for table use as well as cooking is an economical choice.  
The hearts for these edible valentines are gumdrop candies which have been sliced in half. They are pressed cut side up into each mound of cookie dough just before it is popped into the oven. The finished cookies emerge with hearts in place and ready to say "Happy Valentine" in their own special way.  
**SWEETHEART COOKIES\***  
(An easy-to-make, cake-type cookie)  
Yield: 31 dozen cookies  
1 cup (2 sticks) margarine  
1 1/2 cups sugar  
2 eggs  
1 teaspoon vanilla  
3 cups sifted flour  
3 teaspoons baking powder  
3 cup milk  
21 red heart shaped gum drops, sliced in half  
Melt margarine in saucepan. Remove from heat. Stir in sugar. Add eggs and vanilla. Beat well. Add flour, baking powder and milk. Mix well. Chill thoroughly. To speed chilling, divide dough and put into two pie tins lined with waxed paper for 1 hour. Drop by rounded teaspoonfuls, on baking sheet. Into each cookie press a gum drop half, cut side up. Bake in moderate oven (375°F.) 10 to 12 minutes. Remove from cookie sheet to cooling rack.  
**LEMON REFRIGERATOR**  
Yield: 10 servings  
2 cup (14 sticks) margarine  
1 1/2 cups sugar  
5 tablespoons cornstarch  
1 teaspoon salt  
2 eggs, slightly beaten  
1 cup water  
1/2 cup lemon juice  
2 teaspoons grated lemon peel  
2 tablespoons margarine  
2 cups (73 oz. pkg.) vanilla wafer crumbs  
1 cup chopped pecans  
Mix sugar, cornstarch, and salt. Add eggs, water, and lemon juice. Stir and cook very slowly, about 25 to 30 minutes or until thick.  
Remove from heat and add lemon peel and 2 tablespoons margarine. Cool.  
Combine thoroughly 1 cup melted margarine, wafer crumbs, and pecans.  
Pack this crumb mixture into a 9x9x2 inch pan. Pat bottom and sides rubbed with margarine, reserving about 1 cup crumbs for topping. Spread lemon filling over crumb mixture. Sprinkle remaining crumbs over top. Chill in refrigerator for at least 2 hours before serving.  
**25 CARLOADS OF HOUSEHOLD PAPER PRODUCTS TO BE SOLD BY COLONIAL STORES**  
Twenty-five carloads of household paper products have been purchased by Colonial Stores Incorporated, from the Scott Paper Company, to back up its gigantic paper sale which began January 21, in all 81 Colonial supermarkets in the Norfolk Division, which extends from Salisbury, Maryland to Elizabeth City, North Carolina and west to Waynesboro, Virginia, including Norfolk, Portsmouth, Richmond and Newport News.  
Special prices and featured paper products, which will be offered to the public, will be announced via 27 newspaper in Colonial's advertisements, covering this Maryland, North Carolina and Virginia area. Kenneth J. Brethauer, General Manager, Norfolk Division, Colonial Stores Incorporated, said that this 25-carload sale of paper products was the first of a continuous series of vigorous and aggressive promotional plans of Colonial's operations for 1960.  
Indicative of the mass merchandising methods which Colonial will employ will be half-carload displays of Scott Paper products in the 27,000-square-foot area of both its new Jannet and Town and Country shopping center stores. All other Colonial stores in the Norfolk Division will also have comparable mass displays highlighted with special eye catching merchandising methods.  
In Michigan, a new bank building features a "money tree"—an abstract mural of lacquered steel, jadeite and aluminum containing hundreds of dollars worth of U. S. and foreign coins.

**CEC Wives Hold Tea-Luncheon**  
NAS Oceana — A Japanese Tea Ceremony and luncheon in traditional Japanese fashion were the highlights of the Civil Engineer Corps Officers' wives luncheon held the Oceana Officers' Mess (Open) on Wednesday, Feb. 3.  
Some 40 wives of CEC Officers within the Fifth Naval District, ate lunch in Japanese fashion, sitting on cushions on the floor.  
The Officers' Mess (Open) was decorated in Japanese style with ikebana, flowers, and a living room scene of a Japanese home.  
After the luncheon, Mrs. Yoshiko Christiansen and Mrs. Sonoko Meuse made a presentation of the Japanese Tea Ceremony.  
The presentation was narrated by Mrs. W. R. Petre, Wife of Chaplain Petre.  
Mrs. Phillip Pasquillo, wife of Commander P. P. Pasquillo, Public Works Officer at Oceana, served as hostess.

**Examinations Open Medical Officers**  
New examinations are now open for Medical Officer (Rotating Intern and Psychiatric Resident) and Statistical Draftsman positions, the United States Civil Service Commission announces. **LOOK AT THE LOWER PRICES**  
List prices as much as \$76.05 lower on popular models with popular equipment  
The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and de luxe heater—lists for a whole \$76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!  
Better, more smart ride with coil springs at all four wheels and new butyl rubber-cushioned body mounts.  
Big brakes for quicker, sure stops. Rivetless bonded linings mean they last longer, too.  
More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.  
Only full wraparound windshield among the leading low-priced cars.  
Electric windshield wipers keep sweeping even when you speed up to pass.  
Vent windows crank open and closed. So much simpler than fighting those tricky little catches.  
Keyless locking of all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.  
Economy Turbo-Fire V8. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."  
Turbo-Fire 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.  
Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.  
A trunk that's made for long trips with up to 22.5% more actual luggage space. Still's lower for easier loading.  
Fisher Body craftsmanship. Look at the finish, the fabric, the detail work. You'll see the difference.  
  
Drive it—It's fun-terrific! See your local authorized Chevrolet dealer for fast delivery, favorable deals.

## CRT STORY TELLINGS

**AND-SOUTH WIN BEST VEHICLE AWARDS**

The winners of the "Best Vehicle of the Month" awards for the 10th Battalion were announced on Monday. They are: Sgt. James F. Santalio of the 46th Transportation Company, for his 1958 truck-mounted crane; and Pfc. John G. Manning of the 347th Transportation Company, for his 1958 Ford light amphibian, in the Ordnance vehicle class.

A ceremony at the 347th Transportation Company Motor Pool, Lieutenant Colonel Jack W. T. 10th Battalion Commanding Officer, presented a letter of commendation and a three-day pass to each of the winners. The award-winning vehicles were chosen by Chief Warrant Officer Kenneth M. Sage, 10th Battalion Maintenance Officer, on the basis of technical knowledge of the operators, standards of maintenance, and operation.

**RE-ENLIST**

Fort Story

17 years of past military service were added twenty-four future years as four men of this Amphibious Training Facility of the Transportation Training Command re-enlisted here yesterday.

Captain Joseph C. Duff, the Adjutant General of the 4th TFC and the post re-enlistment officer,

administered the oath of enlistment as the four men raised their right hands in acceptance of their new hitch.

In the group of re-enlistees were Specialist, fifth class, Randolph Williams, of the 15th Transportation Company, who has six years of service and signed for another six. He re-enlisted for his own voluntary. Specialist, fourth class David K. Price and Specialist, fourth class Donald M. Kerzan, both of the 417th Transportation Company, added six years each to their ten years of service. They re-enlisted for duty in Europe. Specialist, fourth class Carl Bulett of the 417th Transportation Company, upped his ten years of service by another ten in order to fill his own vacancy.

These four men were re-enlisted by Master Sergeant George Cuttler, the Post Re-enlistment Sergeant, who "buys what he sells." He has 23 years of military service.

**PORT STORY COMPANIES ARE COMMANDED**

Major Warren J. Higgins, commanding officer of the 14th Terminal Battalion, presented today letters of commendation from Col. Philip E. Pons, commanding officer of United States Army Transportation Terminal Command Area, to company commanders of units of the 14th Battalion which participated in resupply missions last summer in Labrador and

Greenland, for their outstanding work.

First Lieutenant George W. Mudd, company commander of the 15th Transportation Company; Second Lieutenant James R. Pouch, company commander of the 417th Transportation Company; and Chief Warrant Officer Floyd L. Bowens, of the 554th Transportation Platoon, (BARC), each received letters. Lieutenant Mudd also received a letter of appreciation from Lieutenant Colonel Lawrence R. Ware, commander of the port at Goose Bay, Labrador, for his work of the 15th at that location.

**MAJOR ROWLAND RE-ENLISTS**

George G. Rowland, Sergeant Major of the 14th Terminal Battalion, re-enlisted today for three years service. Major Warren J. Higgins, commanding officer of the 14th Battalion, gave sergeant Rowland the oath in ceremony at the battalion headquarters.

Having served in the Army for over 29 years, sergeant Rowland has been assigned to the 14th Battalion since he arrived at Fort Story in 1954. He was personnel sergeant for 41 years before becoming the battalion sergeant major. He will continue in his present assignment.

Sergeant Rowland served 13 years as an officer prior to reverting to an enlisted status and is a lieutenant colonel in the army reserve.

**SENEGAL PENNOCK PROMOTED**

Wilfred Pennock, first sergeant of the 417th Transportation Company, was promoted today to the rank of sergeant major, the Army's highest enlisted grade. He has 27 years service.

Colonel William P. Pope, commanding officer of Fort Story, congratulated sergeant Pennock on the promotion and commended him for his fine performance of duty which earned him the promotion.

Sergeant Pennock will be assigned to the 14th Terminal Battalion headquarters and become sergeant major of the battalion on the departure of the present sergeant major, George G. Rowland. Sergeant Pennock served in the Ordnance Corps before being assigned to the Transportation Corps. He came to Fort Story in March 1957 and participated with the 417th during its mobile terminal service operations during the past summer in Greenland.

**THREE BARS MEN COMMANDED**

Three members of the 55th Transportation Platoon (BARC) of the 14th Terminal Battalion of Fort Story received letters of commendation today from Brigadier General John J. Lane, assistant Chief of Transportation, for outstanding performance of duty on Okinawa during November, 1959. Chief Warrant Officer Robert R. Ethridge, sergeant, first class, Norman J. Watkins, and Specialist, fourth class, George W. Shaffer were presented the letters by Major Warren J. Higgins, commanding officer of the 14th Battalion.

The three men, part of a group of seven, were commended for a display of BARC operations for SEATO nations representatives on Okinawa; support of the 1st Special Forces in a 45 minute fire power demonstration and operation of the BARC under various conditions.

**PT. STORY 25 FORM WOMEN'S BOWLING LEAGUE**

A Fort Story Women's Bowling League is being formed, and all military wives of Army, Navy, Marine Corps, and Air Force are welcome to sign up.

The first meeting will be held on January 30 at 1:30 p.m. in the Fort Story Bowling Alley. For further information contact Mrs. Eleanor Warr, GY 70129 or you may register at the post bowling Alley here.

**P.L. SERGEANT RECEIVES CERTIFICATE**

Sgt. 1st Class Arthur B. Bingley Jr., of the Public Information Office at Fort Story, was presented a Certificate of Achievement, for his services as Operations Sergeant with the Headquarters Commandant of the 25th Division in Hawaii.

Col. William P. Pope, Commanding Officer of Fort Story, presented the award to Sgt. Bingley during a recent maneuver in the field on post, and congratulated him for a "job well done."

Sgt. Bingley, who has over 15 years service during which he has served in Alaska, Korea, Japan and Hawaii, is a former graduate of Norwich High School in H.I., where he played football, basketball and four-letter man years at Norwich, New York.

Legionnaire, where he played basketball, with his family, a served Hawaii for one-half year before Fort Story last August. He is the former Jack of Norfolk and they have been Sgt. Bingley is on Mr. and Mrs. Arthur B. Sr., of 3000 Overbrook Ave. folk.

Despite Glenn Ford's unenthusiastic reaction, Carl Reiner, as a close family friend, takes the liberty of kissing Ford's wife, played by Debbie Reynolds, in "The Gazebo." The hilarious MGM mystery-comedy is based on the Broadway stage hit.

## Woman's Club Enters Citation

"Woman of Outstanding Accomplishment of Princess Anne County for 1959" citation will be presented at the Biennial Public Affairs Dinner of the Business and Professional Women's Club of Princess Anne County to be held March 14, at the Pine Tree Inn. This is a citation recognizing outstanding accomplishments of a woman in Princess Anne County or Virginia Beach may have made in the business or professional world, in the social services or in the arts.

Recommendations may be submitted by either organizations or individuals to the Committee for Selection of the Princess Anne Woman of Outstanding Accomplishment on the basis of the recommendations and biographical sketches submitted by the sponsoring group or individual. All recommendations must be signed. Women who have been named "Woman of Outstanding Accomplishment of Princess Anne County" in previous years are Mrs. Louise Hooper Ewell, Mrs. Cecil Henderson Reid, Mrs. Wallace Clark and Mrs. Paul Maestas.

## Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of that date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1940. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

## NEWS FOR VETERANS

Harry P. Carper, Jr., Director of The Virginia Division of War Veterans' Claims, a State agency which assists veterans and survivors to obtain their living benefits, announces the following information of interest from his office in Roanoke.

This Division is receiving many inquiries from retired railroad employees concerning income limitations on railroad retirement payments and the Veterans Pension Act of 1956, which goes into effect July 1, 1960. Under present law pensions and annuities from railroad retirement are not considered as income of veterans for VA pension purposes, but under the new pension law if a claim is filed after June 30, 1960 railroad retirement benefits must be considered as income after the retired employee has received an amount equal to his contributions during his years of work.

The VA points out that the new pension law contains a "grandfather clause," which provides that those veterans receiving VA City pensions on June 30, 1960 may continue to receive the pensions under the old law, which does not count railroad retirement pensions as income. If they so elect, they may choose to be paid under the new law, but it doubt that there will be many who will find such choice to their advantage.

This simply means that Congress intended that veterans receiving pensions from the VA on June 30, 1960 will not be disturbed as long as they continue to meet the disability and income limitations. For veterans who become disabled after the new law goes into effect, railroad retirement benefits will be counted as income just as retirement annuities from any other source.

Thomas A. Moore, Norfolk service officer for the Division, at 203 City Hall Avenue, will be pleased to assist and advise any person concerning veterans' affairs. Moore visits the Convention Center ("The Dome"), Pacific Avenue at 19th Street, from 11 a.m. to 3 p.m. only, on the second and fourth Thursdays each month.

During the coming year the research facilities of the Veterans Administration will place major emphasis on the process of aging and the major diseases of older persons. Congress has appropriated \$17,344,000 for VA medical research for the 1960 fiscal year, to include studies on the growing world problem of the aging of human cells and organs, and the treatment of heart diseases, strokes, cancer, and mental illness prevalent among old people.

The director of one of these research programs at a VA hospital in Virginia says that no two people grow old at the same rate in all respects. He observes that one man's hair may turn white at age 40 while another's stays black, but the white-haired man may be able to play 36 holes of golf in an afternoon when he is 60, while the black-haired man at 60 may be scarcely able to shuffle alog.

Medical science has increased life's span in the battle against infectious diseases, but more must be known about the chronic ailments and emotional problems which plague old age.

There is no time limit as to when a dependent parent of veteran who died of a service incurred condition may file a claim for death compensation. Many parents of men killed in action or died of wounds or disease in World War II and the Korean conflict are growing old and disabled, and are now without adequate means of support.

A parent of a veteran whose death was service-connected is held to be dependent if the parent does not have an income sufficient to provide "reasonable maintenance" for the parent and other members of his or her family. The other members of the parent's family which may be included are children, or adults of physical or mental incapacity whom the parent is legally or morally obligated to support. "Reasonable maintenance" includes housing, food, clothing, medical care, and other items beyond the bare necessities of life.

Dependency of one parent is established when the monthly income does not exceed \$105, and \$175 for a mother and father living together, plus \$45 for each additional member of the family. The fact that a parent or parents may receive income above these limits does not necessarily mean ineligibility of death compensation. The VA will take into consideration unusually heavy medical expenses, such as constant need of costly drugs and regular medical services because of prolonged illness or chronic disability. The period of illness with moderate medical expenses are not given special consideration. Death compensation payments are \$40 each for mother and father, and \$75 for only one parent.

PENSION AND WIDOW CLAIMS REVIEW NOT AUTOMATIC

We are receiving many requests for information and advice as to the reopening of widow's pension claims denied in the past, but which claimants will become basically eligible July 1, 1960 under the new pension law.

A series of meetings are to be held throughout the State by Congressional Districts during the month of February, arrangements for which have been completed by representatives of the Virginia Division of War Veterans' Claims and which will be attended by Veterans Administration officers for the purpose of providing full pension information. Members of all the veterans organizations and others interested have been invited to attend.

For the benefit of the widows and children in search of instructions on how to qualify under the new Act and who cannot attend one of these public meetings, I would like to correct a rumor spreading about that all these denied claims will be automatically reviewed by the VA. This impression is not true. Only those claims of WW II and Korean widows which have been denied since Aug. 20, 1959 will be rechecked by the VA and instructions mailed automatically. Until the President signed the new law last August the VA had no reason to keep a special list of the denied survivors' cases. It thus becomes the responsibility of my office to locate the widows and children in my area who will qualify. I do not know them all because in the past 15 years addresses have changed and many have moved in or out.

I invite all Korean and WW II widows in this area to get in touch with my office by March 1st for accurate advice and competent assistance.

Thomas A. Moore, Norfolk service officer for the Division, at 203 City Hall Avenue, will be pleased to assist and advise any person concerning veterans' affairs. Moore visits the Convention Center ("The Dome"), Pacific Avenue at 19th Street, from 11 a.m. to 3 p.m. only, on the second and fourth Thursdays each month.

### HERE ARE THE OFFICIAL PURE OIL ECONOMY TRIAL RESULTS

RAMBLER AMERICAN	51.281 Miles Per Gallon
FALCON	44.614 MPG—Rambler gave 14.9% more mileage
VAULT	41.801 MPG—Rambler gave 22.7% more mileage
CORVARI	39.582 MPG—Rambler gave 28.6% more mileage
MAX	32.945 MPG—Rambler gave 55.6% more mileage

IMPORTANT—All cars in the Pure Oil Economy Trials were driven by expert drivers and operated under ideal conditions. The winning Rambler American Custom was equipped with optional overdrive which is not available on most other cars in the Compact Car Class.

and averaged better than 25 miles per hour. No car owner should expect to approach in every day driving the mileage achieved in this test by Rambler or any of the other cars. However, the results prove again the superior economy that Rambler owners enjoy.

### CHANGES MADE IN RECOMMENDATIONS FOR CONTROL OF ALFALFA WEEVIL

A shift in the recommendations for alfalfa weevil control in Virginia has been announced by entomologists at VPI.

Heptachlor spray is not recommended this season because of the danger of residues on the crop.

Farmers can still do battle with the weevil by using either the ferti-herbicide mixture or the 25 per cent granulated heptachlor. However, these treatments should be applied by February 21, and all growers are being urged to buy and apply as soon as possible either the ferti-herbicide mixture or the granulated heptachlor.

The change in recommendations followed an announcement by the Pure Food and Drug Administration of a tolerance of zero for residues of heptachlor and heptachlor epoxide on alfalfa.

Heptachlor sprays should not be applied to any forage crops to be fed to dairy or beef animals, or to be shipped interstate.

### FOLLOW RULES WHEN USING PESTICIDES

Follow the rules when you're using pesticides. VPI specialists say that is one way to safeguard against excessive pesticide residues on harvested crops.

The specialists explain that the labeling of all pesticides, shipped interstate must be registered with the U.S. Department of Agriculture. All applications for registration or labeling are thoroughly examined to remove or modify any directions for use on particular crops which do not seem to fulfill the requirements of the law. Among other considerations, the USDA determines whether any treatment is likely to leave excessive chemical residues on the harvested raw agricultural commodities.

Follow these rules, as the specialists advise:  
Use a pesticide only on the crops for which its use is recommended on the registered label by the manufacturer.

Use the pesticide in the amounts specified on the label.

Apply the pesticide only at the time noted on the label.

If a crop is not named on the label of a particular pesticide, this may mean that no residue of that pesticide is permitted on that crop; and hence the treated crop could not be shipped if it contains a residue of that chemical.

It is not safe to reason that "if a little is good, more will be better." Growers who observe the recommended time and rate of application can be assured that the pesticide will not contaminate the edible part of the fruit or vegetable, or will have been removed or decreased enough by weather, decomposition, or other process so the residue will not be excessive at harvest.

If airplane or other custom applicators are employed, be sure they know their business, caution the specialists.

### SUMMER DATES SET AT VPI

Dates for summer conferences sponsored by the VPI Agricultural Extension Service have been announced by W. H. Daugherty, associate director.

They include the state 4-H All Star Conference, June 24 - June 26; the state 4-H short course; June 27-July 2; Institute of Rural Affairs, July 26-July 29; and the annual Extension Service Conference, August 29-September 2.

The Institute, which annually attracts some 1,500 farmers and homemakers to the VPI campus, will be preceded on July 26 by annual meetings of the Agricultural Conference Board of Virginia and the Virginia Federation of Home Demonstration Clubs.

### SOYBEAN SEED TREATMENT IMPORTANT THIS YEAR

Many farmers this year will have to use soybean seed of poor vitality and low germination - and it will be especially important to treat the seed before planting.

Many reports have been received about the low germination of soybean seed. Weather condition during the combining season were unfavorable for proper harvesting.

Seed treatment with a chemical such as Arason, Arason SF, or Sheron, will help prevent seedling diseases which reduce stands. The diseases are caused by various fungi carried on the seed and which may be in the soil. More disease fungi are apt to be in the soil when soybeans are grown in the same field year after year. Seedling diseases cause small plants to blight before or soon after they come through the soil.

Seed may be treated either in the fall or the spring. The chemicals are usually applied to the seed as a dust, with some kind of a mixing machine, such as a concrete mixer, revolving barrel tumbler, or special seed tumbler. Add 2 ounces of dust to each bushel of seed. Dump the seed into the tumbler, mix thoroughly until all seed are completely covered with dust, then bag.

Usually when soybeans are planted

ed on land for the first time, it is better not to use a chemical seed treatment because it might interfere with inoculation. However, numerous tests indicate that if the inoculum is added immediately before planting chemically treated seed, it will be quite safe. Add the nodules culture not more than two hours the seed are planted.

### TOPDRESSING WILL IMPROVE PASTURES

Well-fertilized pastures will furnish better grazing for a longer time than those which have not received enough plant food.

Pastures which are well-fertilized will furnish grazing two weeks later in the fall and will be ready to graze two weeks earlier in the spring. They also have greater ability to recover after a drought.

These facts add up to some timely advice - topdress your pastures this spring. Use the upper limits of the following recommendations if your soil is low in fertility. If you have already fertilized liberally and your soil is very fertile, the lower limit may be enough.

For ladino clover - tall grass mixtures (about half and half) topdress with 400 to 800 pounds per acre of 0-14-0 or 2-12-12 fertilizer or the equivalent. Use 5-10-10 on pastures that are closely grazed in summer and fall and when early grazing is desired. The 10-20-20 analysis fertilizer may be substituted for 5-10-10 at one-half the above rate. If soil tests show your soil is low in potash, use 0-10-20, or 39-18 instead at 400 to 800 pounds per acre.

If you are in doubt about the pH of your soil have it tested. Apply the lime needed according to recommendations. Soil tests will also show if the soil needs phosphate and potash.

### EVALUATE YOUR FARM FORAGE PROGRAM

Now is the time to evaluate the forage program for your farm. It won't be long until it's time to plant corn, sudan grass, pearl millet, and other crops. It's a false farmer who will ask a few hasty questions beforehand.

Farmers should plan what mixtures are needed to round out a

forage and pasture plan, where the mixtures would be seeded and what should be done before the actual seeding to help make the new stand a productive one.

Can I provide earlier spring grazing or later fall grazing than I do now? Am I growing enough winter forage - either hay or silage - for the livestock I feed over winter? What provisions have I made for drought insurance? Is my soil suited to the mixtures I am using or expect to seed? What about soil fertility - am I maintaining it by proper liming and fertilization?

### Year-Round Forage

These are important factors, in developing a year-round pasture and forage system that will furnish high quality grazing from early spring to late fall, and at the same time provide hay and silage for winter feeding and some reserve feed for drought emergencies.

An efficient forage system uses several mixtures which supplement each other to furnish grazing more uniformly throughout the season.

### Other Factors

Perhaps a ladino-tall fescue mixture, or either a damp soil or a shallow or droughty soil, will be workable on your farm. Sudan grass or pearl millet, or other summer grasses are excellent for summer grazing and for added drought insurance in the summer.

Information on a forage plan is available from my office. Ask for Circular 613, "Grow More Feed with a Forage Plan," and Bulletin 194, "Good Pastures."

### Shrinks Hemorrhoids Without Surgery

#### Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation 178. ## Ames, White Keeping Busy With P.A. County, City Bills

By LARRY WERKLEY  
Sun-News Richmond Correspondent  
RICHMOND, Feb. 17 — State Sen. E. Almer Ames Jr. wants to protect Princess Anne County from future annexations by Norfolk city unless the county residents want to be annexed.

Ames, whose senatorial district includes Princess Anne County, has introduced a controversial bill in the General Assembly to give county residents that protection.

**VOTE REQUIRED**  
The Ames bill, co-sponsored by Sen. Gordon F. Marsh of Norfolk County, would require that all annexations by Norfolk be submitted to affected county voters in a referendum. The annexation couldn't become effective without the approval of the county voters.

The bill was denounced by spokesmen for cities at a public hearing at the Capitol Tuesday. Earlier, Harold I. Baumes of Richmond, executive secretary of the Virginia League of Municipalities, described it as an attempt to kill annexation in Virginia.

Sen. Ames said, "Nobody wants to keep cities from growing, but counties have some rights too. If an annexation court gives a city a good deal, the county is stuck."

His bill, he said, would permit the county voters to judge whether annexation would benefit them. "If people in a county are going to get a good deal, they'll vote in favor of it," he said.

Princess Anne's other representative in the Assembly, Del. P. B. White of Virginia Beach, has been busy during the first half of the session trying to guide several local bills out of committees in the House.

**POP EXEMPTED**  
One of these, requested by the Virginia Beach and Princess Anne Fraternal Order of Police, would exempt POP from personal property and real estate taxation. It is pending in House Finance Committee.

Another of Ames' bills will authorize the Princess Anne Board of Supervisors to hold two official meetings a month instead of the present one.

The biggest news of the past week at the Capitol was the public hearing on the whiskey-the-drink bill offered by Del. Henry E. Howell and Calvin Childress of Norfolk City.

It was killed afterward by the House General Laws Committee. "If it had gotten to the floor, I would have voted for it," White said. "It would have been a good thing for Virginia Beach. We need it."

Another Ames bill, to allow the Princess Anne Board of Supervisors to hold more than one official meeting each month, also cleared the House of Delegates. There was not a dissenting vote in the lower chamber as the bill was sent to the governor for his signature.

The measure now goes to the governor for signature and then will become law. It was launched in the legislature at the request of the Virginia Beach government by Sen. E. Almer Ames Jr., who represents the Eastern Shore and Princess Anne-Virginia Beach.

pending in House Finance Committee.

A bill introduced by White two weeks ago would create a Rudee Inlet Authority. The proposed authority would establish a marina, piers and boat landings in the inlet just south of Virginia Beach.

Rudee Inlet offers the quickest and shortest route from the Hampton Roads area to deep sea fishing grounds, White said, and would be of immense benefit to salt water fishermen.

**NINE-MAN BOARD**  
Another of White's bills would make a technical correction in state law to authorize a nine-man police and fire board for Princess Anne County instead of a seven-man board. The correction became necessary when a new magisterial district was created in the county.

A Virginia Beach tax rate bill, removing the tax limits from the city's charter, has been passed in the Senate and is being considered in House Counties, Cities and Towns Committee.

This bill was introduced by Ames. Commenting on it, White said, "It doesn't mean the city is going to increase taxes. It's just a technical change requested by the city's bond attorneys."

Another of Ames' bills will authorize the Princess Anne Board of Supervisors to hold two official meetings a month instead of the present one.

## Census Exams Draw Record Crowd Here

This was the scene last Friday morning at the Virginia Beach Convention Center as more than 300 residents of the area turned out to take the written examination that they hope will qualify them to become census takers when the official United States census data is collected later this year. Officials were impressed by the large turnout. (Simmons Photo.)

## Preaching Mission Opens Here Sunday in Va. Beach High School

The Virginia Beach Preaching Mission will open Sunday, February 21, in the Virginia Beach High School Auditorium, at 7:30 p.m. Dr. James A. Jones of the Union Theological Seminary in Richmond will speak. Every day thereafter there will be a noon meeting in the Evangelical Lutheran Church of the Good Shepherd at 12:15, and every evening a Mass Meeting in the Virginia Beach High School Auditorium at 7:30 p.m. The mission will conclude with a Mass Meeting, Sunday, February 28, at 3 p.m. in the High School Auditorium. Dr. David M. Snow, who will also be with us for the Friday noon meeting, will give the final address. Dr. Snow is Educational Secretary of the American Board of Commissioners for Foreign Missions and formerly a missionary in China. Dr. Snow has taught in many colleges and universities both here in America and in China. He is an ordained Congregational minister. He is also Secretary of the Commission on Theology of Missions of the World Council of Churches and the International Missionary Council.

## News Digest

### Seahawks Win, 81-66

SMITHFIELD — Virginia Beach Sewell up a District One, Group Two tournament berth Tuesday night with an 81-66 victory over Smithfield. This highest total of the year gave the Seahawks an 8-5 record, placing them in a fifth place tie with Franklin.

Smithfield, now 6-9, is out of the tournament running.

Larence Copley scored 28 points, Steve Hublak 22 for Virginia Beach while Russell Batten tallied 20 for Smithfield.

**Blaze in Home Laid to Wiring**

The home of W. D. Cartwright of Route 2, London Bridge, was damaged by fire Monday about 9 a.m. The blaze is estimated to have caused about \$1,500 worth of damage to the five-room house and is believed to have started from the wiring.

The Seacock and Ocean Park volunteer fire departments responded. Patrolman J. H. Duncan and Navy units also aided in the fire-fighting.

## Norfolk Opposes It

## County Leaders Appear in Richmond to Support Annexation Bill That Would Require Referendum

Princess Anne County officials and civic leaders were on hand Tuesday in Richmond in support of a bill that would require a referendum in the case of big cities annexing new territory.

The bill in question is one proposed by State Sen. E. Almer Ames Jr., who represents Princess Anne and the Eastern Shore. Sen. Gordon F. Marsh of Norfolk County is co-patron with Ames.

The bill is designed to require a vote of the people of the proposed annexation area and at present would apply to the Cities of Norfolk and Richmond. Ames has added an amendment to his bill that would make such referendums subject to a petition by 50 per cent

of the qualified voters in areas sought by Norfolk and Richmond. Slidney S. Kellam led the Princess Anne delegation to Richmond for the committee hearing on the bill. Kellam, with Norfolk County political boss Major M. Hillard, declared nothing is so undemocratic as "gobbling up" large tracts of the counties without a vote of the people who would be annexed.

Kellam said Princess Anne lost 38,000 people to Norfolk who didn't want to go into the city.

"We cooperate with Norfolk until Annexation comes up, and then there is bitterness," Kellam said.

Princess Anne Treasurer V. Alfred Etheridge said annexation under the present code "violates every democratic process."

He charged that Norfolk grabbed Princess Anne territory and then increased taxes for the annexed people by four times the county rate. He said these annexed people had to send their children to schools built by the county, to teachers who are paid less than the county pays its teachers.

"I defy any man to show me any city whose indebtedness was decreased by annexation," Etheridge said.

Del. E. B. White, new Princess Anne representative in the House of Delegates, said if the people adjoining Norfolk wanted to live in the city, they would never have moved into the county.

"I was born in Norfolk and moved into Princess Anne, and I did it because I loved country life."

The selection committee noted that Tarrall's selection was based on "numberless gifts of time and ideas and repeated demonstrations of willingness to serve toward the development of the city."

"Most notable contributions have been the promotion of Virginia Beach through the Chamber of Commerce, Advertising Board and Tidewater Historic Drama Association; assistance to youth on work for Memorial Stadium, in selecting the high school band and in Boy Scout activities and improvement of police and fire departments through efforts on their behalf."

Tarrall joins a distinguished list of recipients of the First Citizen Award. They are James G. Konopash, 1950; E. B. "Bubba" Bayne, 1951; J. Peter Holland III, 1952; Woody Seamans, 1953; Mrs. Gilmore Lee Tibbels, 1954; Dr. Robert W. Woodhouse, 1955; R. Lee Pace, 1956; Sidney S. Kellam, 1957; and Rhoe Adams, 1958.

Members of the Jaycee selection committee were: Ayler Holland, chairman; George Darden, Dr. Roland Robinson, Edward T. Caton Jr., Jack Brock and Nell Owens.

Presentation of the award is scheduled to be made at a banquet to be held on Tuesday night, February 23, at the Cape Colony Club. The public is invited and the tariff will be four dollars per person. Reservation for the banquet

should be made at the Cape Colony Club not later than Sunday, February 21.

The Virginia Beach City Council Monday granted a use permit for the construction of a six-story, 54-unit motel at the corner of 17th street and the Oceanfront.

The proposed facility will be called the Beach Towers Motel. The permit was granted to C. J. Lindemann of Norfolk for a site now occupied by the Morrison Cottage and a Forbes Candy store.

Present tentative plans call for two swimming pools, one for adults and one for children. The first floor of the proposed motel will contain a foyer and lounge while the top floor will be utilized as a sun deck.

The architectural firm of Shriver and Holland have been retained for the motel structure.

In other matters before Council, Mayor Frank Dusch appointed the city's members of the Advertising Board consisting of Councilman Frank D. Tarrall Jr., Sidney Banks, Mrs. Lucy Trafton, Roy Niel, Charles Sale and Wallace T. Clark.

## State Contract Let for Bridge In P. A. County

A \$650,000 contract has been awarded by the State Highway Commission for one concrete bridge to replace the two wooden bridges over Beach Canal and Long Creek and build 12 miles of wide roadway on Great Neck Road (Rt. 615), south from Shore Drive

The award was made to Sanford Construction Co., Inc., Sanford, N.C., on the lowest of six bids submitted at a February 3 bid opening. The contractor will be allowed 450 days for completion, excluding time officially lost because of bad weather.

Resident Engineer W. Frank Robinson, of Norfolk, said the project is a stage of development that will eventually extend to the Virginia Beach Boulevard at London Bridge. Also, right of way will be wide enough to ultimately widen the road from Shore Drive to the bridge to a 44-foot travel space with two 24-foot parking lanes, a four-foot dividing strip concrete curb and gutter and five foot sidewalks on each side, the engineer said.

## Nominations Being Received by B&PW Club

Have you filed a nomination for the "Woman of Outstanding Accomplishment for 1959"? The nomination can be made by an individual or an organization.

The Business and Professional Women's Club of Princess Anne County is receiving nominations, according to Miss Irma E. Bell, committee chairman.

A committee of prominent local citizens will review the nominations and its decision will be announced at the Biennial Public Affairs Dinner to be held March 14, 1960 at the Pine Tree Inn.

The Woman of Accomplishment will be chosen for her service to the community from a business, professional, art, literature, music, welfare work or civic betterment standpoint.

All nominations should be signed and mailed to the Business and Professional Women's Club of Princess Anne County, P. O. Box 46, Oceana, Virginia, early enough to be in the hands of the committee by March 1.

The letter should include a biographical sketch and reasons why the nominee should be so honored.

A very interesting speaker is scheduled for the occasion.

Anyone interested in attending, can do so by requesting a reservation, not later than March 10, through Mrs. Agnes Mabry, 200 90th Street, Virginia Beach, Virginia. Price of dinner, \$3.50. Kindly mail your check when making reservations.

## Personal Mention

Cmdr. and Mrs. A. C. Cason Jr. and five children, who have been residing in Jacksonville, Fla., have arrived at the Beach and are occupying the Motley home on Bruton Lane, Bay Colony.

Mr. and Mrs. E. Lee LeCompte spent last weekend skiing at The Homestead, Hot Springs.

Mr. and Mrs. William Passano Jr. and two children of Gibson Island, Md., spent last weekend with Mrs. Passano's parents, Mr. and Mrs. J. C. Adlington, on Great Neck Road.

Mrs. Edith W. Burden has returned to her home on 77th St. after visiting her son-in-law and daughter, Mr. and Mrs. Robert F. Matthews in West Hartford, Conn., and her sister, Mrs. George J. Arnold of New York City.

## BRIDE-ELECT TO BE FETTERED AT BREAKFAST

Mrs. Percy C. Wingo of Thoroughgood, Bayside, will entertain at a breakfast at the Cape Colony Club on Saturday in honor of Miss Marilyn Ann Miller, whose marriage to Bobby Gene Wallace will take place Saturday afternoon at 4 o'clock at Calice Episcopal Church.

The guests, all classmates of the bride at Randolph-Macon College, will be the Misses Elizabeth Wingo, Kara Gretchen Goedel, Barbara Hookney, Kristen Wange, Joanne Gazi, Nancy Bledel and Mrs. Robert P. Shepard III, sister of the bride.

## LUNCHEON HONORS MISS JANE BROWN

Miss Jane Elizabeth Brown was guest of honor Saturday at a luncheon given by Mrs. Edwin Milton Hall. Miss Brown will marry John Wesley Perkinson Feb. 27 in the First Presbyterian Church at Virginia Beach.

The luncheon was held at the Cape Colony Club. The guests numbered 14.

### Annex Bill Draws Fire

The so-called "city boys" in the General Assembly have risen up in arms over the proposed bill that would require a vote of the people in the area proposed for annexation by cities of more than 200,000 population.

The bill has been introduced by Senator E. Almer Ames Jr., representing Princess Anne County, and Gordon F. Marsh, representing Norfolk County. The wording of the bill as to population naturally would affect only Norfolk and Richmond at the present time.

A delegation from this area was on hand Tuesday in Richmond to support the measure as it came before a committee meeting.

Senator Ames, in an effort to take some of the sting out of the bill, has amended

the original bill to require a referendum if requested in petition form by 50 per cent of the qualified voters of the proposed annexed area.

We think the bill is a good one for it would protect counties to a degree from losing more and more of its people and its land. It would, at least, give the people residing in the affected area an opportunity to voice their feeling in the matter.

As one spokesman pointed out in Richmond Tuesday, the people in the county lost to Norfolk in the last annexation move did not want to go into the city and if given the opportunity to vote would have preferred to remain in Princess Anne County. We believe the present bill is fair and should be passed.

### Is ABC Profit Change Coming?

If a new bill currently before the Virginia General Assembly is adopted a new formula would be used in the distribution of ABC profits to localities. The new formula would peg ABC fund distribution more closely to population trends.

In essence the new bill would base the ABC profits distribution on population counts every five years. At the present time the formula is adjusted every ten years based on the official United States census figures.

The new bill is sponsored by 21 General Assemblymen and is believed to have a good chance of passage. It would make use of population estimates of the University of Virginia.

Without going into the fact that localities with no ABC stores share in the profits of the system the distribution of these profits on a population basis is a very equitable yardstick. However, when the

formula was originally drawn using population figures every ten years the population was undergoing a slow growth. Now that the population is increasing rapidly the lawmakers see a need to change the formula to every five years.

Whether this proposed bill represents the best possible means of improving the distribution plan, we do not know; certainly a change every five years is better than having to wait ten years, but a more frequent adjustment would be preferable, if practical.

There is one thing that is certain and that is the Virginia Beach-Princess Anne area will benefit from a more frequent adjustment on population figures. With this area recognized as the fastest growing area in the state more of these funds would come back to us. We trust this bill will be adopted.

## News and Views of Aragona Village

By ELAINE HARVEY

Telephone GY 7-3342

### ARAGONA CIVIC LEAGUE

The Aragona Civic League held its regular monthly meeting on Thursday, Feb. 11. Sergeant Bryan, of the Princess Anne Juvenile Bureau, was guest speaker of the evening. In addition to covering a variety of subjects of a civic nature of interest to the residents in the Aragona community, Sergeant Bryan presented an outline of the juvenile activities in Princess Anne County in which he is so vitally concerned and to which he believes the parents and citizens should devote their thought and action. The speaker quoted by Bryan were in all instances enlightening and in some respects somewhat overwhelming in their impact. It is believed that the majority of those present at the meeting came away with the feeling that the activities of the children in our community, in their home life, their school study, and their recreational facilities must continue to be given most serious thought.

### DOOR-TO-DOOR MAIL DELIVERY

Official announcement was recently made that there would be door-to-door mail delivery in Aragona Village. The members of the Aragona Club are conducting a contest in the selling of individual mail boxes.

President Larry Marshall also stated that a drive is now being started to provide street lights in sections 7 and 8 of the Village, and it is hoped that all residents in these sections will give full support to this proposed project.

Mr. Robert E. Slattery of 1033 Broomer Road, and Mr. Elmer McLeod of 7929 Bark Lane, as representatives of the Aragona Civic League, attended the recent meeting of the Princess Anne County Council of Civic Organizations. They also plan to attend future meetings of the organization with the view of keeping the Aragona Civic League informed of current matters under discussion by that body which might prove of interest and benefit to residents of this community.

### ARAGONA COMMUNITY RECREATION CENTER, INC.

There is an enthusiastic group of members of the Recreation Center putting on a drive for membership at this time. Mrs. Jeanette Harvey of 1033 Broomer Road, is chairman of the Membership Committee. Other members are Mrs. Helen Spilka, Mrs. Adele Galt, Mrs. Pat Long, Mrs. L. H. Dosselle, Mrs. Bobbie Lee, Mrs. Ernest Reynolds, Mrs.

Verne Snyder, Mrs. Mary Webb, Mrs. Joan White, Mrs. Irene Huffman, Mr. Bob Spires, Mr. Harlow Morey, Mr. Earl Waters, Mr. Frank Beards, Mrs. Jean Spires, Mrs. Louise Lord, Mrs. Devila, Mrs. Fran Hodges, Mrs. Kitty Sheeley, and Mrs. Dorothy Smith members of the committee. The Ways and Means Committee is under the chairmanship of Mrs. Jane Morel, with Mr. and Mrs. Bob Spires, Mr. Dick Mitchell, Mr. Earl Waters, Mr. and Mrs. J. Bruce, Mrs. Verne Snyder, Mrs. Helen Spilka, Mr. and Mrs. Mickey Sawyer, Mr. and Mrs. L. N. Davis, Mrs. Phyllis Ingram, Mr. and Mrs. Bob Harvey, and Mrs. Fran Hodges as members of the committee. Mr. and Mrs. Harlow Morey are co-chairmen of the Carnival Arrangements Committee. Mr. Bob Harvey is chairman of the Booth Committee with Mr. Earl Waters, Mr. Luther Edwards, Mr. J. Bruce and Mr. Jack Hensley as members. Mrs. Jean Spires will serve as chairman of the Donations and Procurement Committee. Mrs. Helen Spilka, Mr. Dick Mitchell and Mrs. Connie Remark are in charge of publicity for the carnival. Mr. and Mrs. Tomlinson are co-chairmen of the Finance Committee. Mrs. Jeanette Harvey is chairman in charge of refreshments.

### CARNIVAL PROMISES TO BE GALA EVENT

With the experience gained in the production and presentation of several shows and carnivals in the Aragona community during the past year or two, the residents and active leaders in the community are sure to be able to give their next professional type show which should prove to be great fun for both the youngsters and the adults in the village.

### TEEN DANCES STILL POPULAR

Mrs. Jane Morey, chairman of the Teen Dances Club group which holds weekly dances every Friday evening, except the last Friday of the month which is reserved for the Pre-Teen Club in the auditorium of the Aragona Elementary School. From all reports these dances have enjoyed popularity and support by a heavy crowd of youngsters. Parents are invited to come and observe how much these events add to the pleasant recreation provided for their children in the community. The Teen Club group have been invited to appear on WAVY-TV Feb. 27. Mr. and Mrs. Bob Harvey are co-chairmen of the Pre-Teen Dance Club holding monthly dances in the school auditorium on the last Friday of

### GIRL SCOUT ACTIVITIES

Announcement has been made of the recent appointment of Mrs. Cora Borden, of 8006 Honeygrove Road, as Camp Chairman of Camp Laskin, which is the Girl Scout day camp near Virginia Beach, which was so greatly enjoyed by the Girl Scouts of the area in recent years.

### STAMP NO. 533

Due to the illness of the Troop Leader, who was unable to make the trip, Mrs. Jeanette Harvey presented the collection of stamps, and the co-leader, Mrs. Kelly and Betty Jane Harvey, Edna Fritchard, Sherry Core, Linda Sherratt, and Teresa Kelly, members of Girl Scout Troop No. 333, to the Norfolk Municipal Hospital as a Valentine Day visit to the elderly adopted patient, affectionately known to the troop as "Aunt Lulu," on last Saturday.

### BASKETBALL HOLDS SCOUTS

From all reports available it would seem that the Junior and Midlet basketball teams of the Village are keeping on their feet. Junior Team Coach John Lewis reports that his team has played five games, winning three and losing two. The Aragona Junior team defeated Virginia Beach team in their first game and later defeated the Kempville and Woodstock Junior teams. The Oceanside and Diamond Springs Junior teams but Coach Lewis is proud of his team and says they're exhibiting some fine playing and a high brand of sportsmanship which gives him a great deal of satisfaction when going over the roster of players. Lew, Salch, Walker, Pat Henry, Rick Richard and Glen Withrow. Bob Horner, Mike Chesser, Terry Bruce and Fred Board play guard, while Jimmy Stancil and Jim Greene play center.

### MIDGET COACH PREDICTS NEARBY CHAMPIONSHIP

Seventeen-year-old Midget team Coach Donny Tyler, predicts that his midget basketball team, the Aragona Shooting Stars, sponsored by Price's, will win the Princess Anne Midget League championship title for this season. This team has produced some spectacular plays. This is the first year that Aragona has had a midget basketball team, and none of the players have had much experience. Coach

## Pattern Contest Entries Get Together

Mrs. Ernest Turnbull, far right, was the winner of the recent Vogue Pattern Contest. Mrs. Turnbull is shown above with, left to right, Mrs. Noel Fallwell, Mrs. Arthur James, Mrs. George Evans, Mrs. W. H. Stith and Mrs. George Parker. All of the ladies are members of the Cape Henry Woman's Club. Mrs. Turnbull's entry will be entered in the Tidewater District contest to be held in Norfolk on February 25.

## LETTERS TO THE EDITOR

Editor, Virginia Beach Sun-News:

As an American Citizen, a Native Virginian and a Veteran of World War I, I want to voice my opinion on the handling of alcoholic beverages and the question of legalized gambling.

A thought which has not been realized by those who oppose the sale of liquor by the drink in well regulated, licensed and taxed hotels and restaurants seems to me to cancel many of the objections some opponents have stated. The facts are simply that none of the states which allow the sale of alcoholic beverages by the drink have any higher crime rate, any greater percentage of alcoholism nor any of the other evils which Virginia's plan is supposed to avoid or lessen.

I lived at one time for several years in Pennsylvania and certainly never lost a cent from their drink sale plan than I have seen in Virginia with the state store plan. Few readers can remember as I do, the days of Harry Tabb's and Steve Seelinger's Saloons. These men, before the "noble experiment," the 18th Amendment, catered to many of the best people in Norfolk. Their food was the best to be found and at least on one occasion a visiting President found their food, drink, and good fellowship to his liking. There were also family liquor stores on Commercial Place. I remember, two of these, W. P. Ives and G. Williams.

We must finally reach one conclusion. Those people who want to drink have always found and will always find drink obtainable. Those who want to gamble will find it. The long proved that in order to gamble they will either line the pockets of criminals or pay legitimate taxes for the privilege of State regulated pari-mutuel betting.

Why then must we mean people continue to object to plans which bring profit to many states, which do not cause the increase of the consumption of alcohol nor the inclination to gamble but rather put profits where they belong, in the state's treasury where they can be used for the benefit of all?

E. R. TALLAFERRO  
Virginia Beach.

Tyler exhibits justifiable pride in his boys and says they're the finest group he's ever worked with. Tyler stated that at this time the Shooting Stars are tied for first place with the Kempville team. Both teams are undefeated for the season, having each played and won five games. Assistant Coach Skaggs and Coach Tyler were scheduled to lead their team out for play last Saturday when they were to meet the Kempville Midgets, but the game was postponed because of inclement weather. It is hoped that this postponed game will be played at an early date. It will probably be the last game of the season.

The roster of players of the first string team of the Shooting Stars is Kenny Neigenfind and Billy Skaggs, as guards; Phil Lewis plays center, with Larry Bowman and Billy Dubosky, as forwards. The second string team is made up of Joe Boone and Don Peolia as guards, George Leary, plays center, and Jimmy Taylor, as forward. Stanley Hooper plays forward. Ronny Reid and Larry Cluskey play guards. Ronnie Boone is manager of the team. The record of this undefeated team is as follows:

Shooting Stars 21 ..... Lions 16  
Shooting Stars 16 ..... Royals 9  
Shooting Stars 26 ..... Boosters 11  
Shooting Stars 2 ..... Royals 0  
Shooting Stars 21 ..... Jets 11

## Deaths

MRS. CORA C. HALSTEAD  
Mrs. Cora Chamberlain Halstead, 62, wife of David S. Halstead of 346 12th Street, Virginia Beach, died in a local hospital at 3:37 p.m. Friday after a sudden illness.

Mrs. Halstead was a native of Great Bridge, the daughter of the late Willie Thomas and Mrs. Margaret Flahy Chamberlain. She had been a resident of Virginia Beach since 1911. She was a member of the Virginia Beach Methodist Church.

Surviving besides her husband are two brothers, J. Carlton Chamberlain of Great Bridge and James P. Chamberlain of New Haven, Conn.; and one sister, Mrs. J. L. Trino of West Haven, Conn.

Funeral services were conducted at the Macetas Funeral Home, Sunday at 2 p.m. by the Rev. C. O. Kidd, pastor of the Virginia Beach Methodist Church. Burial was in Charity Methodist Church Cemetery, Princess Anne County.

Bellekeepers were Leon Thomas, Claude S. Rogers Jr., Herbert S. Maxwell, Russell F. Harrison, Elmer Brock and Herman Dozier.

## Kiwanis Club Sponsors Math Contest in Area

The Virginia Beach Kiwanis Club will sponsor a mathematics contest in the local area. It will be open to any sophomore, junior or senior attending either Princess Anne or Virginia Beach High Schools. Both schools have been invited and have agreed to participate.

The objectives of the contest are to create interest in mathematics, to encourage more young people to enter science and engineering professions, and to acquaint the parents and community with the technical manpower crisis in the United States.

The rules require a contestant to submit a visual aid in two or three dimensions pertaining to any topic in mathematics. Each student project will be submitted to the Kiwanis Club by April 15. It will be assigned a number and the name withheld until after the judging. The judges, five in number, will be selected from among the local leaders in the field of engineering and science.

The main prizes will consist of three Kiwanis plaques, properly inscribed for the first, second and third choices. Each contestant submitting a visual aid will receive a Kiwanis Club certificate of merit for his or her effort. The aids submitted will be exhibited about May 4 in various store windows and other suitable places in Virginia Beach.

**RAINBOW PARTY CAKE**  
  
This is a Washington's Birthday cake to bring a gleeful gleam to the eye... it stands so high, and rainbow-beautiful.  
It's an angel food, sliced into layers, each with a different color filling... lemon yellow, berry red, mint green... giving rainbow-bright bands against the white of the cake. And adding, too, their own tang and lively flavor to the cloud light angel food.  
Now, see how easy all this is: The angel food can be a mix. The fillings—raspberry jam for the sweet red filling and for the yellow and green fillings, canned apple sauce fixed with tart lemon rind and cool mint flavoring.  
For Washington's Birthday, decorate the frosting with red sugar hatchets and red cherries. For any guest occasion or simply as a family treat, you can always swirl the cake with whipped cream instead of frosting.  
**RAINBOW PARTY CAKE**  
Baked angel food cake 2 cups canned apple sauce 1 teaspoon grated lemon rind Few drops mint extract  
Few drops green food coloring 1/4 cup raspberry jam Boiled frosting Red sugar Stemmed maraschino cherries  
Make up package of angel food cake mix, or use your favorite recipe. Cool cake. Take 1 cup of apple sauce, add lemon rind. To the other cup of apple sauce, add mint extract and green coloring. Cut cake into 4 layers. Spread bottom layer with lemon apple sauce, second layer with raspberry jam and third layer with mint apple sauce. Chill one hour. Just before serving, cover top and sides of cake with boiled frosting. To garnish: place hatchet shaped cookie cutter on top of cake; sprinkle red sugar in center; remove cutter. Place clusters of cherries on sides of cake steps up. Makes 10-12 servings.  
\* Whipped cream may be substituted for the boiled frosting.

**Cardinal Garden Club Holds Meet**  
The February meeting of the Cardinal Garden Club was held at the home of Mrs. C. J. Lancaster, with Mrs. C. L. Moore as hostess.  
The club approved plans to landscape a triangle on Cardinal Road at the entrance to the Cavalier Yacht and Country Club.  
Members brought Valentine gifts for patients in Norfolk Municipal Hospital.

**Mrs. Louis E. Guy Speaker at Junior Woman's Club Meet**  
The Junior Woman's Club of Princess Anne County held their February meeting Tuesday evening at 8 o'clock in the Virginia Beach High School. The guest speaker, Mrs. Louis E. Guy, gave the Juniors a wonderful lecture on the behavior of children from ages one year through six years.  
Mrs. David Polle announced that Mrs. Polle Brown would enter a costume in the Vogue Sewing Contest in connection with the program of the General Federation of Woman's Clubs and the Vogue Company.  
The nominating committee presented their slate of officers for the coming year and nominations were made from the floor. The candidates will be voted on at the March meeting.

**WORTH MORE BECAUSE THEY WORK MORE!**  
Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Standard-Bilt Sixties aren't just new, they're a full scale revolution!

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.  
**TORSION-SPRING RIDE**  
Each front wheel, suspended independently of the other, is free to stop individually over bumps. And shockproof torsion springs up front soak up the jabs and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.  
**NO SHIMMY, NO WHEEL FEINT**  
Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-ham shimmy and wheel feint common on ordinary trucks.  
With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.  
**CABS FOR BIG GUYS**  
Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizontal visibility through a windshield with 85% more glass area; a new seat-to-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

**6'S SWORN TO SAVE**  
Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long (famous for low fuel consumption, high performance).  
**SHORT STROKE V8'S**  
Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.  
**NEW DOLLAR-SAVING PRICES**  
Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Also, prices have been reduced on all optional V8's.  
**SEE YOUR DEALER**  
It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.  
**SLICK NEW SUBURBAN CARRYALLS**  
These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

## THE CHURCH FOR ALL

### ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a school of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Proverbs	8	1-11
Monday	Job	1	1-11
Tuesday	Isaiah	4	1-16
Wednesday	Matthew	23	1-11
Thursday	Matthew	23	1-11
Friday	Matthew	23	1-11
Saturday	Matthew	23	1-11

You can almost hear their voices, and see their eyes sparkle. They have confidence because they have studied their lessons. Questions do not worry them—they know!

Will they be as confident when it comes to the more serious questions of adult life? Those who grow up in the Church and give God His rightful place are building on a firm foundation. In His House they "increase in wisdom and stature and in favor with God and man." There is no substitute for the Christian precepts and ideals taught by your church.

But what about those who lack this training? Will life seem difficult to them because they lack the confidence which comes from a knowledge of God and His teachings?

Do your children have the advantage of this confidence?

### TOP TEN PIN LEAGUE STARTS SECOND HALF

The Intercity Traveling League started its second half last Sunday with 15 teams still hopeful of taking home a share of the several thousand dollars in prize money. The first half ended with five teams in contention for the top spot, while the others were bunched closely behind.

After the excitement and tension of the first second-half matches had subsided, it became evident that this half was going to be as close as the first. Pin Path held the lead at the half-way mark but lost four points to Zales and dropped to third. Coaches Thunderbirds was holding down the third place spot but took four points from the Clark Chevrolet City Champions and moved into a tie with Zales at 46 wins each. WVEC lost three points to Newport News but retained its fourth place rating with 38 wins. Only one point now separates the top three teams. Jim Caldwell of Zales found himself in the midst of a hot streak Sunday and before it was over had ran up a new series record

## FORT STORY TELLINGS

**STORY TELLING SCHOOL OPENS AT STORY**  
Fort Story, Monday, opened a preparatory school for candidates for Fort Eustis Mass Communication Officers' Academy with Maj. Allen R. Moran as Commandant.

The school is opened to specialists, fourth class, corporals, specialists, fifth class and sergeants on post. The men will study such military subjects as Leadership, Drills and Ceremonies, Interior Guard, Physical Training, Inspection, Instructor Training, Atomic Weapons, Combat Tactics, and Signal Procedures. Each student cycle will last for one week. Those who successfully complete this school will go on to the Fort Eustis NCO Academy.

The faculty includes officers and Non-Commissioned Officers from Headquarters and Headquarters Co., 4th Transportation Terminal Command "C". Instructors are: Lt. Col. George Folley, Chaplain (Maj.) Francis M. Kovacic, Maj. Robert Courain, Maj. Robert Gottschall, Capt. Donald Huddy, First Lt. Gerald McKinney, Sgt. Major Cecil Ralston, M/Sgt. George Cuttelle, Sgt. 1/c C. W. Gibbs, Sgt. 1/c Henry Crumb and Mr. Norbert Medley.

### 565th TRANS. CO. WINS BEST MESS AWARD

The 565th Transportation Co. of the 10th Terminal Battalion are the winners of this month's "Best Mess Hall" award for Fort Story.

The 565th has won the new award three out of the four times in as many competitions for the award. The basis of the award is placed on the highest degree of sanitation, food preparation, and administration.

Chief Warrant Officer George B. Pierce, Post Food Advisor, said: "The Best Mess contest has stimulated competition to the point that all mess halls have shown marked improvement in the past few months."

Before making the presentation, Col. William P. Pope, Commanding Officer of Fort Story, and Lt. Col. Jack W. Tooley, 10th Terminal Battalion Commanding Officer, were escorted through the mess hall by Capt. Evant L. Bowers, Commanding Officer of the 565th. Colonel Pope then presented the

for this season with a 717 set that included a 257 game. Al Hammett, also of Zales, was second with a 674.

Virginia Beach bowling fans are reminded that the City Champions will perform at the Thunderbird Bowl on Sunday, Feb. 21 at 2 p.m. The Thunderbirds journeyed to Ft. Eustis for their Intercity Traveling League match.

award to Captain Bowers and the 565th mess hall staff consisting of: Lt. Julius G. Mills, Mess Officer; Sfc Wilson Wilkins, Mess Steward; Sp4 Milton S. Bides, 1st cook; Sp4 John Wray, 1st cook; Sp4 Earl Stines, 1st cook; Pfc John Howard, 2nd cook; and Pfc Hoyt Bekemeier, cook's helper.

### PORT STORY MEN RETURN FROM ANTARCTICA

Twenty enlisted men and one officer, on temporary assignment to the 554th Transportation Co., returned Friday to Fort Story from a resupply mission at Antarctica.

Traveling to the Antarctic by way of Hawaii, the Phoenix and Fiji Island groups and New Zealand, the men performed their operations at McMurdo Sound in the Ross Sea. Under the command of First Lt. Merrill E. Johnson Jr., they unloaded scientific equipment, heavy duty vehicles, foodstuffs and general supplies for transport to inland bases by tractor drawn sleds.

Their ship, the USNS John R. Towel, was forced to enter the Ross Ice Shelf behind an ice breaking vessel. Although it was late summer in the southern hemisphere, the crew worked in temperatures that dropped as low as three degrees below zero and reached a high of 35 degrees. Wind velocity at the ice shelf was as much as 30 miles per hour. Generally, the men stayed on the

ship during their 14 days at Antarctica, but they made one trip ashore to an air base at the ice barrier, where they helped load all-terrain vehicles and equipment that moved equipment and supplies to the Byrd and South Pole stations on the glacier.

The supplies from the USNS John R. Towel were destined for the United States' Research Stations which the Navy maintains on the ice cap.

## Jefferson Day Luncheon Slated Wednesday, Feb. 24

## Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of that date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1945. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

## WHO CARES IF WASHDAY'S RAINY... LAUNDRY WITH THE HELP OF FULL HOUSEPOWER

Rain or shine, boys' grimy jeans or rompers with apple sauce stains wash cleaner, faster and fluff sunnier-dry in an All-Electric Laundry, backed by full Housepower.

But remember, these last words are important. A Housepower home has the modern wiring it needs to carry ample power to the Electric laundry ... to every room.

On the big-verco lines just outside your home there's plenty of power to help you live better electrically. To carry it to every room in your

home, you need a 100 ampere or more electric entrance box, at least eight regular and three heavy-duty circuits, and plenty of handy outlets. Then electric servants perform perfectly to make washdays ease-days ... cleaning and cooking a breeze.

Make your home a Housepower home. Call an Electrical Contractor today. Ask for a wiring check-up and his estimate on the modest cost of updated wiring. See the Yellow Pages of your telephone book for the name of the Contractor nearest you.

**LIBRARY NOTES**

Read our newest book, "An Unbiased History of the Republican Party," by a lifelong Democrat.

Also, "Why the Open Road is Always Closed for Repairs," from your State highway department.

And, "The Origin and Purpose of Nursery Rhymes," by the famous story teller, the Rev. Tweedie, D.D.

**A NOTE OF PROGRESS**

Soil sampling is on the increase in Princess Anne County. Farmers sampled more fields in January 1960, than they did the first three months of 1959.

Frank Williams of Back Bay has submitted the greatest number of soil samples, and he isn't finished yet. Frank is followed closely by two of his neighbors, Howard and John Salmons.

Frank, Howard, and John are sampling their soil for many reasons. First, they need to know if the soil needs liming for efficient use of fertilizer. Second, to determine the analysis of fertilizer to use on crops, such as corn, soybeans, and small grain. Third, to determine the amount of fertilizer needed by a specific crop for economical production.

Speaking of economics, farmers today are fighting the price-cost squeeze. The battle is harder now than for many a day. An "old-timer" said the other day, "Son, you can't afford to fertilize too heavy, but neither can you afford to fertilize too light." This, my friend, is your reason for taking soil samples.

Can you read in the dark? Of course not. A soil sample is the light with which to read soil's needs.

I have soil sample boxes in my office for your use. Come and get yours today. Please do not use paper bags. The wet soil deteriorates the bag before the soil is analyzed, and therefore, the sample is lost. Before top-dressing your small grain or pasture, be sure to take a soil sample.

**FOR TOP PASTURE—TOP DRESS**

Soil tests help you determine just the right fertilizer mixture you need for your pasture. Grasses and legumes, like people, need a balanced food supply. Why not have a soil test made and find out just what you need.

**HERE'S HOW TO**

**TEST THE PASTURE**  
If you don't have enough permanent pasture, then you'll want to need some this spring. To help you along the way, here are six guide posts to a successful pasture.

1. Lime—Grasses and legumes need plenty of lime. How do you tell? Take a soil sample and lime according to recommendations.

2. Fertilizer—Apply amount and analysis of fertilizer needed as indicated by a soil test. This will usually be 800 to 1000 pounds of 2-12-12 or the equivalent.

3. Encourage Deep Roots—This may be done by plowing down 1 or more of the lime and fertilizer.

4. What to Seed—Seed 1 to 2 lbs. Ladino clover and 12 to 14 lbs. orchard grass. On wet soils where orchard grass is not adapted, Kentucky 31 Fescue may be substituted at the same rate, 5 to 8 lbs. of red clover will give higher yields the first two years.

5. When to Seed—From now to March 15. The sooner the better.

6. Avoid Deep Covering of Seed—after preparing seed bed, harrow and roll until seedbed is firm. Sow seed. Cover 1 inch in heavy soils and 1/2 inch in lighter soils. Use corrugated roller to cover seed immediately after seeding.

**DAYS YORK NEVER DONE**

Things are really popping down on the farm. The old cow has calved, hens are laying good, and the old coon dog is too lazy to bay at the moon. A comfortable feeling in late winter, but there are things to be done, and time's a-wasting! Let's list a few that have not been jotted down:

1. Now is the time to top dress small grain with 40 to 50 lbs. of nitrogen per acre. VPI says there is no need to apply phosphate and potash, unless the potash level is low.

2. If you need more alfalfa and have adapted soil, you better try to get it seeded by March 15. That means lime and fertilizer now. Bring soil samples to me for analysis. We'll discuss production practices.

3. March 15 is a good goal for having red clover planted. Seed 15 lbs. per acre of Kenland or Chesapeake. Seed in small grain and cover lightly with spike-tooth harrow.

4. Time to seed lespedeza too. The sooner the better.

5. Spray alfalfa for chickweed before new growth starts with 3 pounds of Chlono HPC per acre.

6. February 21 is last to apply heptachlor or fertilizer-heptachlor mixtures for alfalfa weevil control.

7. If you are going to use your own soybeans for seed this year, better have a germination test run. Most soybeans are low this year. Don't buy seed unless it has germination test.

8. When soil is dry enough, try to do some spring plowing. Sure will cut down on the "push" when spring comes.

9. Castrate and dock lambs now. 5 minutes work will pay \$1.00 per head.

10. Get ready to plant Irish Potatoes. Recommendations in full next week.

11. Get rocking doh!!

**NINE PRINCESS ANNE DAIRY HERDS ON VIRGINIA DUAL HONOR ROLL**

A. J. Herschberger of Lynnhaven is a pretty good dairyman. Andy's herd of registered and grade Holsteins placed third in Virginia with an average production of 580 pounds of fat per cow, just 6 pounds under the first place herd.

Andy has 27 cows that averaged 14,260 pounds of milk, testing 4.1% fat, to give him this record.

The herd of Joe Herschberger and Son consisting of 29 cows averaged 14,392 pounds of milk, testing 3.6% fat, for 524 lbs. fat per cow.

Sixty-two Holsteins owned by Alec Brown produced 12,684 pounds of milk, testing 3.9, for 499 pounds fat.

Bayville Farms, Inc., was next highest in the County herds. 345 Guernseys produced an average of 9,398 lbs. milk, testing 4.9% fat, for 462 pounds fat.

Ninety-one Holsteins owned by

R. H. DeFord and Son produced 11,753 pounds milk, testing 3.8 for 445 pounds fat.

Stanley Farms' herd of 52 Guernseys produced 8,049 pounds milk and 418 lbs. fat.

Twenty-eight Holsteins owned by S. W. Smith produced 11,466 pounds milk and 416 pounds fat.

Henry Herschberger has not been testing for 12 month, however according to EDPM current accumulative rate of production, Henry's 35 Guernseys are producing at the rate of 10,103 pounds of milk and 528 lbs. fat, testing 5.2.

**4-H PUBLIC SPEAKING CONTEST**  
Princess Anne County 4-H Members will compete in a public speaking contest to be held at Woodstock School. This contest will begin at 3:30 P.M. on Wednesday, February 24.

There are four divisions in which club members will be competing. These are for junior girls, senior girls, junior boys and senior boys. To compete in the junior division a 4-H club member must not have reached his fourteenth birthday as of January 1, 1960.

Club members competing in this contest must win their individual club contests which are being held as part of the program for the February meetings. Each of the 18 clubs in the county is holding its own contest and selecting the outstanding speakers to represent them at the county event.

Boys and girls may choose their own topic for this contest. The speeches should be approximately three minutes long for the junior contestants and five to seven minutes long for senior members.

This is an annual event in Princess Anne County. It is a 4-H activity which helps boys and girls grow into more useful and desirable citizens by teaching them to express themselves before a group.

The winner of each division will receive a scholarship to attend 4-H Camp this summer. The winners of the senior division will also compete in the district contest which will be held at Petersburg in April. Winner of the district contest will then compete for state honors at the 4-H Short Course at Blacksburg in June.

## Pythians Honor Mrs. Ozment as Past Grand Chief

Alta Gray Ozment, resident of Princess Anne County for many years, was born in Norfolk County on November 18, 1891. She attended the public schools of Norfolk City and graduated from the Norfolk County High School. She was married to Samuel Ozment on December 7, 1910.

She became a member of Norfolk Temple No. 3, Pythian Sisters in 1923. She served as Most Excellent Chief of Norfolk Temple in 1927. She took the Grand Temple Degree in Lexington, Va., on October 1, 1929, and was appointed District Deputy Grand Chief for District No. 2 on Dec. 9, 1938 by Grand Chief Estelle Gray. She was elected Grand Guard of the Grand Temple in Roanoke on Oct. 11, 1943 and served as Grand Chief in 1947-48 assuming office in the City of Roanoke on Oct. 20, 1947. She was elected Supreme Representative at the Grand Temple session in Martinsville on October 13, 1959.

In addition to her many activities in the Pythian Sisters she holds membership in the Elizabeth Chapter No. 45 Order of Eastern Star, Virginia Rebekah Lodge No. 13, the Kempville Woman's Club, W. B. A. Review, of which she has been a member for 54 years and president of the Pioneer Club No. 1 of the W. B. A. and chairman of the Altar Guild of St. Peter's Episcopal Church.

Over the period of her many years of fraternal activities Mrs. Ozment has been a source of profound inspiration to all with whom she has come in contact. To them she has demonstrated the true meaning of fraternity which lies in her willing self-sacrifice in the interest of others.

Surf Queens Win Two Games on Local Courts

The Virginia Beach Surf Queens added two victories last weekend as they turned back the Colleens from Arlington in games Saturday and Sunday on local courts.

Saturday the local girls won 41-34 as Ann Thompson dumped in 21 points and Bobbie Pittman hit for 11. Sunday's score was nearly identical, the Queens winning by 41-33. In this game Barbara Foxwell regaled her tough and posted 17 points and was outstanding on defense.

The Colleens led the Beach girls 25-24 at halftime in Saturday's game whereas Sunday's game was a different story with the Surf Queens leading all the way, though the difference was never more than about three points until the last quarter.

Next Sunday the Surf Queens will meet the Martin Chevrolet team from Richmond in what appears to be a tough encounter. The Richmond girls got started late this year, but with a team of AAU veterans, many of them All-Stars in the past, the local girls will have their hands full.

Next Tuesday night the Surf Queens will play the NOB Waves who are All-Navy Champions, winning the crown at San Diego, Calif. last year.

Youth Group to Sponsor Pancake Dinner on March 1

The Young People's Fellowship of Gallie Episcopal Church will sponsor a traditional Shrove Tuesday Pancake Supper March 1st, from 5:30 to 8 p.m. in the church parish hall. Donations will be 75 cents for adults and 50 cents for children under 12. Proceeds will go towards the youth discolor project which is a scholarship to the Virginia Theological Seminary.

Graham Dalton, Virginia Beach Police Department dispatcher, was made a life member of the Fraternal Order of Police Lodge 7, Virginia Beach, at the annual meeting of the FOP-FOPA held last week.

Dalton was recognized for his untiring efforts in behalf of the FOP-FOPA and particularly his work in staging the highly successful minstrel show this year.

Jack Dudek, national president of the Fraternal Order of Police, was principal speaker and reminded those present that for law enforcement to be effective it must have the full support of the public.

## College Choir to Perform Here

This is the choir of East Carolina College that will be presented here in the Virginia Beach High School Friday night. Prior to the choir's appearance there will be an alumni dinner for East Carolina College.

The East Carolina Choir of Greenville, N.C., will present a program of outstanding choral works when the ensemble of 50 men and women students appears in Virginia Beach Friday, Feb. 26, at 8:30 p.m. in the high school auditorium.

Directed by Dr. Carl T. Hjortvang of the college department of music, the choir is now on its seventh annual tour. A series of programs will be given in New York City, Washington, D. C., Montreal, N. J., Virginia Beach and Prince George's, and several towns in Eastern North Carolina. Selections appropriate to the occasion will be chosen for each of the concerts. Numbers will be selected from a repertoire made up of choral music of outstanding worth, ranging from the Sixteenth Century to the present day.

Among selections in the repertoire of the choir are the "Gloria Patri" by Palestrina; Frederick Nield's "In Mirth and in Gladness"; the Norwegian folk song "The Vision of Christ"; an arrangement by E. Melles, Christiansen, and Charles Wood's "Hail Gladness"; "The Passover Hymn"; a sequence of seven unaccompanied choruses based on the Prophecy of Isaiah: "Zion Rain Prayer," by Thurston Lieurance; and Tom Scott's "Go Down Death," taken from a traditional chant of the Georgia Sea Islands.

**Supervisors Want Better Roads, More Telephones for County**

Transportation and communication problems were the big items at Monday's meeting of the Princess Anne County Board of Supervisors and one member of the governing body sharply criticized the State Highway Department financing policy for county roads.

The communication problem involved the telephone needs for Princess Anne Courthouse.

Kempville Supervisor Swindell Pollock, in speaking of the county roads financing, said: "If they don't improve, I am in favor of operating our own highway department."

The criticism Monday was aimed not at the operation of the State Highway Department, but at what was termed its "inadequate financing" to take care of Princess Anne road improvements.

"The roads are going down in the county," Supervisor James Darden said after the meeting.

In other action, the supervisors requested the Carolina Trailways bus system to extend its present lines to provide bus service to residents of Aragona Village.

"Fifteen thousand persons are not served by any bus line," board members said in their police departments.

## Bill Introduced

**City, Hotel Operators Here Against Proposed Legislation to Place State Tax on Hotel, Motel Rooms**

The City of Virginia Beach and hotel interests here are definitely opposed to proposed legislation that would place a five per cent state tax on hotel and motel rooms, the Sun-News learned from a city official and a spokesman for the hotel-motel group.

A special meeting of the Virginia Beach City Council was held Tuesday and Council passed a resolution condemning suggested legislation in the General Assembly that would place a state tax on hotel and motel rooms.

The Virginia Beach Hotel, Motel and Cottage Association was scheduled to meet Wednesday night in the Convention Center and it was expected that this group would vigorously oppose such a state tax, according to A. B. Crews, its president.

The proposed legislation that would impose a five per cent state tax on hotel and motel rooms was introduced Monday in the General Assembly by Delegate Toy D. Savage of Norfolk.

According to City Manager W. Russell Hatchett the present three per cent tax on hotel and motel rooms here brings in approximately \$125,000 per year which is used to combat beach erosion, advertise the city and for special summer garbage collection.

City Council felt, Hatchett stated, that imposition of a five per cent state tax would be prohibitive here with our present three per cent tax and the city would be forced to eliminate its tax.

In other action by Council, approval was given to spend \$30,000 to add a professional stage, additional rooms and an airconditioned foyer to the Convention Center.

City Council also authorized Hatchett to make a study of school, road and sewage needs in Virginia Beach.

**White Moves to Protect Back Bay Fishing, Hunting**

RICHMOND, Feb. 24 — Hunting and fishing grounds in Back Bay won't be wrecked by commercial oyster shell dredgers, if Del. P. B. White of Princess Anne County has his way.

White introduced a bill in the General Assembly last week to put Back Bay and its tributaries under the regulatory thumb of Virginia Commission of Game and Inland Fisheries. Under his bill, the commission would be empowered to prohibit any dredging that would harm the wildlife of the bay.

## Connie Wilkins Bland Winner

The Lions Club of Virginia Beach held their annual James A. Bland Memorial Musical Scholarship Contest at the Paramount Restaurant on Feb. 22. The honorable Judge Robert S. Wahab Jr. was master of ceremonies. Those taking part in the contest were Miss Louise Jacobs, vocalist, a sophomore at Virginia Beach High School; Miss Fay Coppedge, vocalist, a senior at Virginia Beach High School; and Miss Connie Wilkins, pianist, the organist at Princess Anne High School.

Miss Wilkins won first place in the contest and will compete in the finals at the Dome at Virginia Beach during the Lions Zone Social on March 4. Miss Fay Coppedge won second place, and Miss Louise Jacobs, fourth place.

The judges were Mrs. Charles Hitchings who has her own school of music at Oceana and teachers' major; Mrs. J. J. Owens Jr., who majored in music during her college days and now plays the organ at the Presbyterian Church at Virginia Beach; Mrs. Fred Bonney, who sings in the choir at the Presbyterian Church at Virginia Beach and is junior choir director.

Arthur B. Ware was chairman of the contest, assisted by James Tail.

**Mother Finds Son's Bike In Amateur Detective Stint**

A Virginia Beach mother decided to play detective here last week when she became involved over her son's bike being stolen. The result: she not only located her son's bike but the bicycles of several other youngsters.

According to Detective Sergeant W. W. Davis, Mrs. Anne Jones reported her son's bicycle was taken from in front of the Bayne Theatre on Atlantic avenue.

Mrs. Jones returned to the police station the same day, according to the report, and said her son's bike was in a house on 18th street.

A squad of Virginia Beach patrolmen, including C. W. Simmons, A. H. Woodhouse and C. J. Siler went to the address where they saw several bicycles and numerous frames, wheels and parts.

A search warrant followed and as a result of an investigation by Detective Henry Capps and William Hall four youths ranging in age from 11 through 14 will be petitioned to Juvenile and Domestic Relations Court, Davis said.

Identification numbers and brand names had been obscured on the bikes, according to Capps.

**County School Bond Issue Vote to Be March 15; \$5,500,000 Needed**

Residents of Princess Anne County will vote on March 15 on a proposed \$5,500,000 bond issue for construction of five new schools. School officials have stated that this construction is necessary to keep pace with the rapid population growth.

## Navy Wives Will Present Art Show

The Navy Wives Club of Virginia Beach will present an art show at the Princess Anne County Public Library, 1100 S. 1st St., on Thursday, Feb. 25, from 10 a. m. to 1 p. m. The show will feature the work of 15 Navy wives who have been active in the club since its organization in 1955. The club has been successful in raising funds for the purchase of a new clubhouse, which is now under construction. The art show is one of the many activities sponsored by the club to promote the welfare of the Navy families in the area.

## Horace W. Moore Promoted to Red Cross Director

Horace W. Moore, Assistant Field Director of the Red Cross at the Virginia Beach Base and Fort Story, has been promoted to Field Director. Mr. Moore has been in the position of Assistant Field Director for the past eight months. He was previously promoted to Assistant Field Director in 1958. Mr. Moore is a native of Virginia and has been in the Red Cross service for over 20 years. He has been instrumental in the development of the Red Cross program in the Virginia Beach area. He is currently in charge of the Red Cross program at the Virginia Beach Base and Fort Story. He will continue to work closely with the local community to provide relief and assistance to those in need.

By ELISE HARVEY

### ARAGONA LITTLE THEATRE

#### PRESENTS FIRST PLAY

Mr. Larry Marshall, president of the Aragona Civic League, announced a few days ago that the Aragona Little Theatre will present their first play of this season, "The Little Theatre." The play is a comedy which deals with the theme of the college professor who was about to lose his wife to the football idol of the moment.

Tryouts have been held and practically all parts in the cast of 13, eight men and five women, have been placed. However, President Marshall stated that they would like to have two or three young men, between the ages of 18 and 20 years, and two or three young women, between the ages of 18 and 24, try out for the cast. Those who might be interested in taking a part in this delightful and amusing play which will be presented some time in April, are requested to communicate with Larry Marshall, Telephone GY 74300, at an early date. Information may also be obtained by telephoning Jack Hutchins, GY 74304.

### SPORTS ACTIVITIES

#### Aragona Midnets Play Today

Important Game for Team, Coach Feb. 25, at 8 p. m. at the Kempville School gymnasium. The Aragona Midnets basketball team, sponsored by Prices, will meet the Kempville Midnets to play off the game postponed during the snow two weeks ago. Rumor has it that Kempville is favored to win by six points, but, even so, Coach Tyler states that he will use every trick he knows. This game is particularly important to the team and to Coach Tyler as well, especially in view of the fact that Tyler was coach of the Kempville team two years ago. The two teams are tied for first place. Coach Tyler and Skaggs are optimistic and have been wide awake and working hard with their team to hold the

top place. Although the Aragona Midnets defeated the Virginia Beach Lions the first game of the season, the Lions are a strong team and constitute a threat to the Aragona Midnets. Tyler has had his team out for some hard work and practice and stated that they have taken advantage of the generous offer to use the Oceana Naval Air Station Gymnasium for the past several weeks. Don't miss this important game — come one, come all, cheer your team to a win at 8 p. m. today, Kempville School gymnasium.

### Don't Forget to Go Way

While our sports are high and our basketball team are keeping us on our toes to the very last minute of the season, there is evidence that the baseball bug is just about ready to take over. Announcements have been made that tryouts for the Midnets, Pony and Colt baseball teams will be made at the Aragona Elementary School field, at 10:30 a. m. March 26. Prospective players and coaches will soon be observed lumbering up for another active season of baseball.

### Girls' Softball Team

To Be Organized As the girls' softball team has been planned for this year, it will soon be able to give a permanent boost. Any interested in setting as coach and assistant coach are requested to contact the girls' committee, GY 74302, who is athletic director of Aragona Village community.

### SCOUTS HAVE BEEN HERE

Scout Pack 470 held its 10th and Gold Anniversary Feb. 9, at the Aragona School. More than 150 scouts, friends and relatives attended the "Bring your own food affair." Joe McLeary, Neighborhood Commissioner, presented the Pack Charter to Maj. Wm. C. Bell, USMC, who was representing the Christ Presbyterian Church of Aragona Village, which sponsors Pack No. 470. Major Bell then gave the charter to Chaplain Otto Schneider, Chairman of the Pack Committee. Capt. Robert W. Dyer, USMC, Cub master of Pack No. 470, was master of ceremonies.

Entertainment during the banquet was provided by Frankie LeGrange and his fellow scouts from Boy Scout Troop No. 403. This consisted of a half hour program of interpretive Indian dances in costumes designed and made by the scouts themselves. Awards were presented to the following cubbers: William Parrish, Andrew Naroni, Gregory Long, Lorrelle Crippen, Michael Morris, John Smith, Michael Wray, Wm. Smith, Robert Varipapa, Thelma Annas, Chris Gerloff, John Gerloff, Larry McGree, George O. Ondalan, Garry Seaver, Mike Hutchinson, Billy Warren, Carl Mullin, Roger McLarry, Ricky McClintock, John Schneider, Steve Counts, Den mothers of Pack No. 470 are Mesdames Ruth Schneider, Amanda Marshall, Frances Ellis, Ruby Gray, Mary Gerloff, Carolyn Fessler. Flowers for the speakers' table were furnished through the courtesy of Reynolds Hardware Store on Virginia Beach Blvd. The evening was a delightful affair and was enjoyed by a happy and lively group of scouts and their leaders, with the added joy of many friends present.

### HOME DEMONSTRATION CLUB ORGANIZED FOR ARAGONA

The first meeting of the newly organized Aragona Village Home Demonstration Club was held Feb. 18. Mrs. Betty Deal, County Home Demonstration Agent, discussed real and personal property matters, and outlined what happens to your property when a person dies without a will. Mrs. Deal informed the group that Mr. A. H. Tucker, executor, would be present at the Court House in Princess Anne, on March 8, 9 and 10, and would discuss with anyone in the county the matter of "will" without charge. Mr. Tucker is author of the book, "What Will Become of Your Property." This book is available through the County Demonstration Agent's Office. The second meeting of the club will be held at 8 p. m. March 8, at the home of Mrs. D. D. Smith, 7008 Sullivan Blvd., and those who might be interested in joining are invited to attend this meeting. Future demonstrations will include "Time Management," "Beef Breakfasts," "Butter Meals," and "Outdoor Meals." Early next fall it is planned to hold a "Tailoring Course," and information on gardening and landscaping by the VPI Extension Service. Anyone desiring further information regarding the club may communicate with Mrs. Joan Martin, at GY 14501.

### GIRL SCOUT ACTIVITIES

Girl Scout Troop No. 220, at a recent Court of Honor meeting at Girl Scout Troop 220, at which Mrs. E. E. Wright is leader, and Miss E. E. Wright is leader, the following girls were awarded their second class badge: Kim Warren, Merry Robinson, Gloria Brinkley, Cheryl Hopp, Barbara Cretin, Linda Henderson, Nancy Cooper, Carol Henderson, Laura Simpson, Natalie Bromfield, Nancy Martin. The Cook Badge was awarded to Carol Lynn Wright. At a meeting held Feb. 18, the following girls were leaders for the troop: Betty Spencer, Regina Ragle, Patty Rowdy, Patricia Ryan, Paula Pomeroy, Susan Smaragosa, Jean Edwards, Jennifer Riney, Corbin Harris. At the present time the girls of the troop are working on the requirements to receive a

All best sellers from the National Fiction list are available for circulation from the Virginia Beach-Princess Anne County Public Library. These include: Hawaii by James Michener; Advise and Consent by Allen Drury; Dear and Glorious Physician by Taylor Caldwell; Exodus by Leon Uris; The Devil's Advocate by Morris West; Darkness and the Dawn by Thomas Mann; For No More by Robert Ruark; The Ugly American by William J. Lederer and Eugene L. Burdick; War Lover by John Hersey and The Thirteenth Apostle by Eugene V. Rieu.

The War Lover by John Hersey relates the scene of an American bomber base in England sometime before D-Day. The characters are the crew of a B-29, particularly the pilot, Paul Marvey, and the copilot, Roman, who tells the story of his hero-worship of Marvey, and of how his hero assumed, on their final crucial mission, to the first wreckage with which he crashed his war — his secret delight in assassination. Roman also tells the story of the English girl he loved, and of her fatal intervention in Marvey's collapse.

The following best sellers from the fiction list are available to persons with Medicine by P. C. Jervis; Act One by Isaac Bashevis Singer; The State of Mind by Vance Packard; This is My God by Norman Mailer; The American Way by William Bradford Huie, Jr. and E. B. White.

Fate Medicine, a Vermont doctor's guide to good health, by D.C. Jervis, M.D., is a book advocating the simple, basic remedy of healthy eating and living for many and various human ills. It is now in its 10th printing and if read for enjoyment and light conversation is of recreational value. However, critics within the field of medicine have stated that it is another "fad" book and if taken as gospel truth could be disillusioning to the do-it-yourself patient. Controversy will no doubt build high.

The following non-fiction books are on order and should be on the shelves within the next two weeks: The Longest Day by Cornelius Ryan; The Joy of Music by Leonard Bernstein; May This House Be Safe from Tigers by Alexander King; The Armada by Garrett Mattingly and My Wicked, Wicked Ways by Errol Flynn.

Bookmobile Schedule for the coming week, Feb. 25 - March 1: Thursday, Feb. 25 - 9:30 - 11:30 a. m. Thalia - 12:30 - 2:30 p. m. Saturday, Feb. 27 - Aragona Village - 10 - 1 p. m. Tuesday, March 1 - District Springs - 10 - 12 noon. Ocean Park - 1 - 3 p. m. Lynnhaven Colony - 3:15 - 5 p. m.

## BAYSIDE NEWS BRIEFS

By RITA D. VELLANES

## BAYSIDE LIONS CLUB

The regular meeting of the Bayside Lions Club was held Wednesday, Feb. 24, at Shore Drive Inn at 7 p.m. The president, Eugene F. Caldwell, presided.

Gordon Hughson, second vice president of the club, introduced Jim Martin, from the Norfolk Lions Club, who is a leader in "Sight Conservation Work" in District 24B.

Mr. Martin spoke to the club on "The District's Sight Conservation Program," which is being enlarged upon. He used three points in telling about the program. First, education. "There are approximately 6,000 persons in Virginia who are sightless and about twice that many with visual handicaps. It is very important that the Lions Clubs unite with the State to help all of these people." The Lions do a tremendous amount of work towards this end. "Second is club activities. One of which is furnishing eye testing machines to the schools." The Bayside Club recently gave two of these new type machines to the Princess Anne County Schools. He stressed the importance of working together with the PTA groups in testing the school children.

Third "It is important that we give financial aid to the two state agencies, the State School for the Blind and the Virginia State Commission for the Blind. The State Commission is furnishing 'Talking Books' to the blind. The Readers Digest and Newsweek are recorded for the blind in order that they might keep up with current events." He also brought out the work being done at the Hutton Eye Bank in Richmond.

The club members will solicit for the "Heart Fund" Saturday and Sunday, Feb. 27-28 in the Bayside area. George Lyon is chairman of the Bayside area.

Michael Henry, program chairman, reminded the club of the Zone Blind Memorial Contest which will be held Friday, March 4 at the Virginia Beach Dome. This will take the place of the regular Wednesday dinner meeting.

**BAYSIDE PTA MEETS**  
The Bayside PTA met Monday night, Feb. 22 in the school auditorium at 8 p.m.

Mrs. H. B. Holland, ways and means chairman, announced that Friday night, Feb. 19 "Oronoff" the hypnotist and mentalist will have a program at the school.

Mrs. T. M. Snow, legislative chairman, urged everyone to register at Paul's TV on Saturdays in order to vote on the \$1 million dollar bond issue for new schools in the county.

The program for the evening was a skit put on by the faculty, done in satire, on "Why parents don't come to PTA." All faculty members who had a part in the program were introduced by the principal, Mrs. Hortense Parker.

Mrs. O. B. Bornstein, president, presided.

**FINE ARTS GROUP OF OCEAN PARK WOMAN'S CLUB MEETS**  
The Fine Arts group of the Ocean Park Woman's Club met Wednesday, Feb. 24, at 10 a.m. at the home of Mrs. Michael Henry in Baylake Pines.

The group is taking an "Arm chair trip around the world." Each month the 14 or so members each reads a different book on the next "port of call" and discuss what they have read at the meeting. This month's visit was to "Taiwan (Formosa) and Hong Kong." They learned that Taiwan is not friendly to tourists and that no cameras are allowed on the island.

They learned that Hong Kong is a shoppers paradise. Many exotic items are offered very cheap. The only catch is that U.S. travelers are not allowed to bring into this country any items made in Red China. However, the reputable shops warn the tourists of purchases that they will not be allowed to bring into this country.

Next month the group will visit Vietnam which they are very interested in because CARE to Vietnam is one of the projects of the General Federation of Woman's Clubs.

**OCEAN PARK COMMUNITY CHURCH NEWS**  
Thursday night, Feb. 25, the Adult Bible Class will meet at the church for a business session. Fred Guichard is president of the class.

**BAYSIDE BAPTIST CHURCH**  
The Junior GA's will have a supper meeting Thursday, Feb. 25 from 6:30 p.m. until 8 p.m. at the church. Mrs. T. C. Dula and Mrs. Wayne Whittle are co-leaders. Supper will be served by the Elizabeth Hale Circle. Following the

dinner there will be a Mission Study period.

Sunday night, Feb. 28, there will be an Ordination Service of deacons for the church. Those to be ordained will be: Gus Hartzog, Don Boyd, Harold Beard and J. C. Wills.

Rev. James Meade of Camilla Baptist Church will bring the message.

**BAYSIDE CHRISTIAN CHURCH**  
All of the clerics of the Woman's Fellowship of the church will meet Thursday, Feb. 25 at 8 p.m. at the church for Home Mission Study Review. "The Church Members in Town and County" will be reviewed by Mrs. S. F. Morgan, widow of Rev. S. F. Morgan, who was a pastor in South Norfolk for many years.

The women from Lynnhaven Colony Christian Church will be guests at this meeting.

**BAYLAKE METHODIST CHURCH**  
New members joining Baylake Methodist Church Sunday, Feb. 21, were: Mr. and Mrs. D. E. Rowlin and Mr. and Mrs. Alfred Olson.

The Woman's Society of Christian Service will meet Thursday, Feb. 25 at 8 p.m. Mrs. O. L. Everett is president of the circle.

Saturday, Feb. 27 at 8 p.m. the Adult Fellowship will hold a square dance. Bill Determan will be the caller.

Sunday, Feb. 28 at 11 a.m. Worship Service. Rev. R. P. Parker will be guest speaker. Rev. Parker is Executive Director of the Methodist Colleges Foundation.

Sunday, Feb. 28 at 5 p.m. the Junior High Methodist Youth Fellowship will have their parents as guests for a snack and discussion of their future programs. Mrs. E. J. Pontifex, superintendent of the Youth Division has worked out an interesting evening in cooperation with the Junior High Staff which includes Mrs. J. I. Hightower and Mr. W. L. Holmes, counselors and Mrs. O. L. Everett and Mrs. J. B. Wright, teachers.

The Mission Study on Africa for fourth, fifth and sixth graders will begin on Sunday, Feb. 28. The session will be from 7 until 8:30 p.m. Mrs. B. M. Culbreth, secretary of Children's Work of the WSCS will be in charge.

The Junior Department staff was added in their teaching techniques on the visit Monday night, Feb. 22 of Mrs. O. D. Gardiner of the Norfolk District Director of Children's Work.

**Leap Year Dance Set for Saturday**  
The Woman's Club of Chesapeake Beach will present a Leap Year Dance Saturday evening, Feb. 27, at the Chesapeake Beach Community Center. Music will be furnished by the "Beachcombers."

The dance is being sponsored through the Education Department of the Woman's Club, with Mrs. J. N. Scarborough chairman. Mrs. Scarborough announced that proceeds from the event will go toward establishing a scholarship fund, through which Bayside students will be helped.

It is hoped that the dance will be a "neighborhood fellowship" occasion, and that those in the area interested in the future education of children will dance to support the effort.

Mrs. Roy M. Harksen and Mrs. Richard G. Hines are in charge of tickets and reservations. For reservations, please call the following numbers, HO 4-2609, HO 4-2903 or HO 4-1494.

## EDITORIAL SPEAKING

### State Room Tax Unwise Legislation

A bill was introduced Monday in the Virginia General Assembly by Delegate Toy D. Savage of Norfolk that would place a five per cent state tax on hotel and motel rooms for guests remaining less than one month. A provision of the bill would set aside a part of the revenue for advertising the State under the program now conducted by the Department of Conservation and Development.

This might appear to some to be a good piece of legislation since it would increase the State's advertising budget. However, we suspect that this provision has been included to help sway the hotel and motel operator.

This bill appears to be unsound in view of the competition in the travel industry and the bargain room rates to be found in other areas that have more resources

from which to derive their tourist revenue. If Virginia would see fit to place the State's tourist and resort areas on an equal basis with out-of-state resort and tourist areas then a room tax might be more feasible.

Legislation of this type is not the answer. This bill, if enacted into law, would greatly jeopardize the future of Virginia Beach and we believe it would be detrimental to the hotel, motel and travel industry as a whole. In the case of Virginia Beach it would mean the elimination of the present city tax on rooms which is used to continue the beach erosion abatement program.

But, besides the effect it would have on Virginia Beach hotels and motels and the city in general it would be an additional burden on the State's already burdened travel industry. This bill should be killed forthwith.

### Two Beach Citizens Recognized

Virginia Beach citizens have been in the area news of late and two in particular have been cited for their outstanding contributions to the community and the area.

The two citizens so recognized have been City Councilman Frank D. Terrall Jr., who has been named "First Citizen for 1959" by a special committee of the Virginia Beach Junior Chamber of Commerce. The other is City Manager W. Russell Hatchett, who became the first recipient of the Charles B. Borland Accomplishment Award of the Hampton Roads Sanitation Commission. He was presented the award in ceremonies held Wednesday.

Terrall was cited for his various civic activities in becoming the tenth person to be honored as this community's "First Citizen." The Jaycee citation noted Terrall's efforts in the promotion of Virginia Beach through his presidency of the Chamber of

Commerce, his work with the city advertising board and the Tidewater Historical Drama Association, sponsors of "The Confederacy." Also, Terrall was cited for his work with the youth and Boy Scouts and his efforts in behalf of the fire and police departments of the city.

Hatchett was cited by the Hampton Roads Sanitation Commission for his work as chairman of an area-wide committee formed several years ago to clean up harbor waters and beach fronts. Through this committee's efforts Federal aid was obtained for year-round inspection of Hampton Roads waters to prevent bilge pumping and other abuses detrimental to fish life and resorts.

The Sun-News congratulates Frank Terrall and Russell Hatchett for these awards. They give the community a sense of pride and accomplishment.

### Drama Preaching Mission Highlight

The United Preaching Mission of Virginia Beach which has been in progress here this week will present a unique feature Saturday night in the Virginia Beach High School auditorium when the Mission presents the popular Bishop's Company.

The Bishop's Company will present Rumer Godden's "An Episode of Sparrows." For those who have seen this company perform in other parts of the country have been greatly impressed by their fine work.

## WHAT OTHERS ARE SAYING

### Thank You, Mr. Satterfield

Yesterday's action of the House General Laws Committee, in killing the "whiskey by-the-drink" bill, had been so widely predicted beforehand that one's sense of regret at the 14-3 vote is tempered by gratification that three members, at least, had the courage and common sense to support the bill.

Among these three was Richmond's freshman Delegate Dave E. Satterfield, III. We hope Mr. Satterfield's vote on this issue causes him to lead the ticket over-whelmingly in 1961; such political independence merits support.

This was a good bill. It would have permitted the sale of liquor by the drink only in those localities that authorized such sales by local referendum. A petition signed by a number of voters equal to 30 per cent of the locality's largest turnout at the polls would have been required even to conduct a referendum. The ABC Board would have retained strict control over the number of licenses in any locality.

That this fair, reasonable, and democratic bill should have died under pressure of prudes, persons, and thin-lipped old

ladies is a dismal testimony to the stranglehold still imposed by Prohibitionist forces on our public and private lives. These people hate pleasure; they hate it in their own lives and they cannot tolerate the thought of pleasure in the lives of others. They are not willing to take the risk at the polls, under a local option bill, that their fellow human beings might refuse to follow their dog-in-the-manger leadership.

Well, sweet are the uses of adversity. Let us look forward to making this bill a major issue in the next year's legislative elections. Yesterday's hearings saw the first heartening evidence of concerted action on the part of proponents. Politically, this is how things get done. The bleak and glacial forces of totalitarianism already are girded for battle, wrapped in the whole-bore corsets of their own self-righteousness. Those more tolerant Virginians, blessed with a respect for man's free will, would do well to get organized, too.

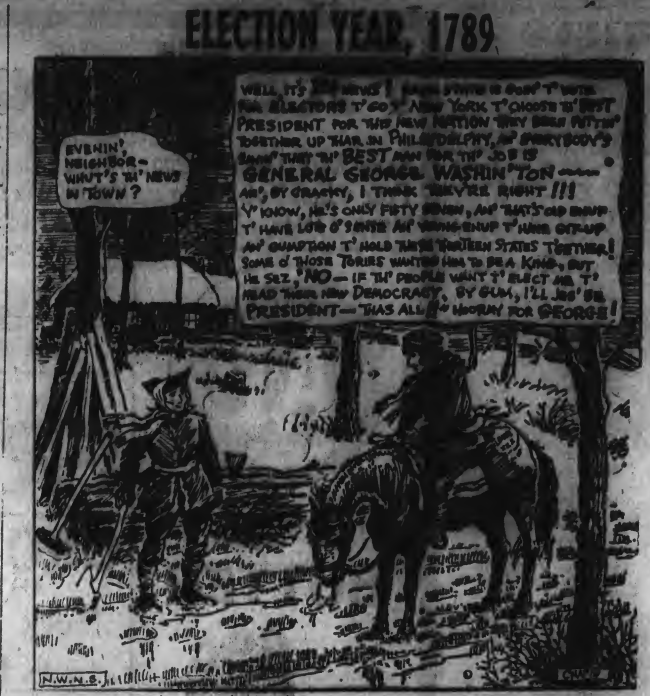

To Mr. Satterfield: Thank you, sir. To the opponents: See you in 1962.

Reprinted from Richmond News Leader.

### Fourth Degree K. of C. Representation

Four men from the Virginia Beach Council No. 4632 of the Knights of Columbus were prominently featured in the recently held 42nd Degree of the K. of C. The Fourth Degree of the K. of C. is the highest degree in the order and is awarded to those who have rendered exceptional service to the community.

The award ceremony was held in Richmond on Saturday, Feb. 20. Brothers V. Beauchamp, J. Garza, J. Giron and J. P. W. were representing the Beach Council.

### Deaths

ARCHIE JOSEPH RANCOURT, 55, husband of Mrs. Mary Bunting Rancourt of 1908 Baltic Avenue, Virginia Beach, died in a local hospital at 9:20 a.m. Friday after a short illness.

Mr. Rancourt was a native of Lowell, Mass., the son of the late George J. and Mrs. Coutt N. Rancourt and had been a resident of Virginia Beach since 1947. He retired from the U.S. Navy in 1949 as a Chief Petty Officer after 32 years of service. He was employed as an electrician at the Naval Air Station, Norfolk, at the time of his death.

Besides his wife he is survived by two sisters, Mrs. Raymond Richard of Lowell and Mrs. Fred Phileas of Norfolk Beach. He leaves two stepdaughters, Mrs. Mark Guzel of Chester, Pa., and Mrs. Donald Navorska of Cherry Point, N.C., and one stepson, George J. Rancourt of Arlington Village.

Funeral services were conducted at the Maestas Funeral Home at 10 a.m. Monday by the Rev. Nicholas J. Habel, pastor of the St. of the Sea Catholic Church. Burial was in Arlington National Cemetery. Military honors were accorded at the grave.

### Lark Deliveries Increase First Ten Days of February

A 34 per cent increase in retail deliveries of new Larks during the first ten days of February over the same period a month earlier was announced today by Studebaker-Packard Corp.

Deliveries during this ten day period also showed a 2.4 per cent gain over the previous ten day period compared to a total industry decrease of 2.0 per cent.

S. A. Skillman, vice president and general sales manager, said that total retail deliveries now have passed 45,000 units since 1960 model introduction, Oct. 15.

Fact that both six cylinder and V-8 engines are offered throughout the complete line has contributed to the increased public acceptance of the Lark, Skillman said. The V-8's have increased to 4.8 per cent of total Lark deliveries to date in contrast to 2.5 per cent at same time last year.

Addition of the Lark convertible, only U.S. built soft top in its size and price bracket, accounted for 6.9 per cent of Studebaker-Packard's retail deliveries in January, Skillman said, while station wagons and convertibles combined now account for 20.7 per cent of 1960 deliveries.

Coincident with the current sales increase, Studebaker-Packard has published a booklet entitled "An Analytical Comparison of the U.S. Compact Cars" to facilitate shopping in the growing compact car market.

### Beach High School Year Book Goes To Printer

The 1960 Hurricane, Virginia Beach High School's yearbook, has been completed, and sent to press. After a long and effort on the part of the entire staff, the book has reached its point of perfection and the staff feels assured that this will be the high school's finest annual.

The theme and cover of the book are both entirely new but will remain a secret until the date of issue, sometime in April or possibly in May.

### Residential Service Firm Opens Offices in Norfolk

A new firm designed to centralize and maintain quality standards in the many services needed in the modern home has just been organized in Norfolk. Affiliated Residential Services, 200 Roper Building, will offer to provide every type of home service to its members through a network of hand-picked tradesmen and to guarantee the satisfaction of such services.

Patterned after similar firms springing up through other parts of the country, Affiliated offers to bring its members fast and satisfactory service on anything from acoustical installations to wrought iron work and 123 other classifications in between.

Leslie E. Jones, Jr. is president of the new firm, J. Martin Conroy is executive vice-president and Hugh G. Cooke is vice-president.

Mr. Jones is a native of Norfolk and a graduate of Maury High School. He received a degree in business administration from the University of North Carolina in 1951. He was previously associated with General Electric Credit Corporation in Norfolk.

Mr. Conroy is also a Norfolk native. He is married to the former Frances Marie Corley. Mr. Conroy attended Elmhurst College, the University of Richmond and Williams & Mary College. He was previously employed by the Hartford Accident and Indemnity Company and the Fidelity and Casualty Co. of New York as a claims adjuster.

Mr. Cooke is also a former employee of the General Electric Credit Corp. He is a Norfolk native and a resident of Princess Anne Garden.

Mr. Cooke was sales manager of Southern Construction Company in Norfolk.

One of the prime attractions of membership is the fact that the firm is on call 24 hours a day, 365 days a year. Plumbers, heating specialists and others needed for emergency home services, will take time on "standby" to answer the needs of ARS members.

Another feature, Mr. Jones explained, is the fact that tradesmen affiliated with the network are uniformed, bonded, and insured. Complaints of members are acted upon immediately and excessive complaints against any tradesman in the network will result in his being replaced by another in his field.

This type of business, he explained, has grown out of the complexity of the modern home, combined with the fact that the average homeowner is at a loss to know where to turn for reliable help in any one of dozens of home service categories.

The very assurance of having one number to call for any emergency service in itself is a peace of mind for the home owner, Mr. Jones said.

The business is so unique at this stage that it has been the subject of articles in Reader's Digest and Saturday Evening Post. Affiliated Residential Services will shortly embark on an advertising campaign to explain its service to the public.

### Seahawks Prepare For Surf Ball

The grand fiesta of the spring at Virginia Beach High School, out-ranked only by the Junior-Senior Prom, is in full swing. It's the annual Surf Ball and the lovely lady to reign over the ball is Alice Armstrong. She was elected to her position by the school body. Her Senior Class Attendants are Claudie Tucker, Joan Vaughan, Susan Perrenot, George Purrington, Alice Snellings, Martha Dickerson, and Carol Currie. The undersized attendants are to be elected in the near future.

The big event will take place on the night of March 12, at the high school. Student Council President Tommy Cayer has chosen Oral Lebert general chairman of the Surf Ball; the committee chairman under him are Jo Ann Barco, programs; Pat Hall and Trudy Kitchin, voting and ballots; Mrs. Kewell, dance chairman; Susan Perrenot, publicity; Jon Sneed, entertainment; Freddy Derring, refreshments; Mary Ben Wooling, chaperones; Sandy Crutchfield, music; and Reid Wilder, the all-important responsibility of the theme and decorations.

Guest speaker for the day was Nancy Carter, Home Economist for the Colonial Stores and also spoke on "What's New in the Grocery Cart."

### Chesapeake Beach Woman's Club to Elect Officers

The Woman's Club of Chesapeake Beach held their regular monthly meeting Feb. 9 at the Shere Drive Inn in the absence of the president, Mrs. Harry W. Fulford, Mrs. Gordon Oliver, first vice president, presided over the meeting.

The reservations committee, with Mrs. Oscar T. Edmondson, chairman, presented proposed revisions in the club's by-laws.

The nominating committee, Mrs. Edward A. Hudson, chairman, presented the following slate of officers for the year 1960-61. President, Mrs. Frederick Rieder; first vice president, Mrs. Thomas B. Petty; second vice president, Mrs. Colton L. Powers; secretary, Mrs. Roy M. Harkness; treasurer, Mrs. Ronald K. Irving. Those who served on the nominating committee were, in addition to Mrs. Hudson, Mrs. A. L. Zevilekian, Mrs. Oscar T. Edmondson, and Mrs. L. E. Ledington.

Club members elected Mrs. Thomas B. Petty and Mrs. Frederick Rieder to serve on the Chesapeake Beach Community Center Board.

Mrs. Edward A. Hudson, who was County Chairman with Mrs. Carroll G. Cough, for the 1960 Polio Mother's March, announced that the Bayshore area led the county in collections. Mrs. Hudson thanked the Woman's Club members for their help and support. She thanked also, the Chesapeake Beach Fire Dept. and their auxiliary for their work in a successful "Road Block."

Highlighting the program for the day was the "Do It Yourself" Fashion Show in which five club members participated. This is an annual event, originally sponsored through the General Federation of Women's Clubs with the Vogue Pattern Service. Last year the Tidewater District of Woman's Clubs introduced the District Contest in which patterns other than Vogue may be used.

For the Vogue Contest, Mrs. Frederick Rieder took first prize. In the District Contest, Mrs. U. L. Harmon won first place. Other members participating in the event were Mrs. D. B. Claypool, Mrs. Richard J. Veillette, and Mrs. T. B. Petty. Mrs. Petty was chairman for the contest, and Mrs. Colton L. Powers was commentator. Her comments on the fashions and the models, was most original, and as plausible as that for the models.

Guest speaker for the day was Nancy Carter, Home Economist for the Colonial Stores and also spoke on "What's New in the Grocery Cart."

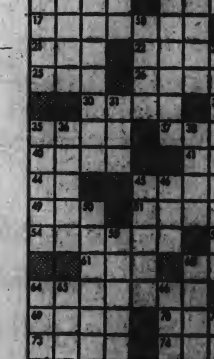

Chairman of the day was Mrs. L. E. Ledington. Mrs. Ernest Moore was in charge of decorations for the tables, and Mrs. Fredrick Rieder was in charge of flowers.

### Books for Teens Added to Library Collection

Books for teen-agers have been the main area of concentration in the Virginia Beach-Princess Anne County Public Library during the past week. Several hundred titles have been added to the Young People's section.

Duane Decker's books on baseball including Starting Pitcher, Mr. Shortstop, Long Ball to Left Field among others have been placed on the shelves for circulation.

Hila Coiman's A Crown for Gina and The Big Step have also been added.

Daughter of Wolf House and Ride Out the Storm by Margaret E. Bell have been shelved and are ready for withdrawal by patrons.

Also, the young adults will find Elizabeth Howard's Star to Follow and Summer Under Sail, as well as Phillip Harkins' Young Skin Diver, Game, Carol Canning, Break Away Back and Lighting on Ice.

Not to completely forget the adult readers, mystery fans will find several new titles by Stanley Gardner books including The Case of the Footloose Doll, The Count of Nine and Pass the Gravy. The mystery books have been separated from the other fiction in order that these readers can now go to one section and browse within this category.

The Civic Chorus, Art Association members, and members of the Council of Garden Clubs participated in the Allied Arts Night at the Virginia Beach High School Feb. 9 and 10. Proceeding the play, "The Third Best Story," presented by the Little Theatre group, the Civic Chorus gave a short recital. Under the direction of Charles Daws and accompanied by Olga Perrenot, the chorus sang "Three Blind Mice," "I Must Sing," and "So You Want to Be Single."

Paintings of area artists were exhibited. Each art work was accompanied by a floral arrangement which further carried out the theme of the exhibited painting. Artists whose works were exhibited included: Ruth Epperson, Polly Blackford, Henrietta Heath, Sue Price, Elizabeth Walker, Jane Whitmore, Meredith Stewart Smith, Betty Lowe, Alfred Kharut, and Ann Pennington.

Floral arrangements were created by Mrs. Luther Crockett, Mrs. H. E. Heaster of the Whispering Pines Garden Club; Mrs. Clinton Woodhouse of the Virginia Beach Garden Club; Mrs. C. W. Wakley of the Princess Anne Garden Club; Mrs. Lee Whitehurst of the Jr. Virginia Beach Garden Club; Mrs. John H. Burton and Mrs. E. W. Regel of the Bayshore Garden Club; Mrs. L. O. Clarke Jr. of the Cavalier Garden Club; and Mrs. William Overman of the Bay Colony Garden Club. These displays were coordinated by Mrs. Arthur Winder, Mrs. Harry Price, Mrs. John Field, Mrs. Carey Pennington, and Mrs. Donald Jefferson. The Allied Arts Association will soon announce future plans of this newly organized group, headed by Mr. George Mullen.

Mr. Davis discussed investments and the techniques of establishing investment club.

Members and invited guests convened at 8 p.m., Feb. 17, at the Country Dry School.

## FORT STORY TELLINGS

NEW FREIGHT TRANSPORTATION OFFICER ASSIGNED TO FORT STORY

Major John A. Tell has been assigned to Fort Story as Post Freight Transportation Officer. Major Tell comes to Story from Korea where he was an Assistant Transportation Officer.

The Major entered the Army in 1942 as an enlisted man, and received his commission as a second lieutenant in 1943. During the second World War he saw duty in the Pacific Theater of operations from 1943 to 1945.

Included among his decorations

are the American Campaign Medal, the Asiatic-Pacific Campaign Medal, World War II Victory Medal, Army of Occupation Medal, National Defense Service Medal and Armed Forces Reserve Medal.

Major Tell is a native of Haverhill, Pa., and is married and the father of two children.

### TWENTY-SIX GRADUATE AS DUKW DRIVERS

Twenty-six men graduated last week from the amphibious truck drivers' course of the 461st Transportation Co. Ceremonies were held in the company's classroom at Fort Story.

The program opened with an invocation by Chaplain (Captain) Joseph G. Killinger of the 14th Terminal Battalion, after which First Lt. James J. Kelly, commanding officer of the 461st, introduced Col. William P. Pope, Post Commander.

Colonel Pope congratulated the students on the completion of the course. He then gave them an all-over picture of Fort Story projects and future activities. In commending the durability and versatility of the light amphibian (the DUKW), he told the men to become well trained so they will be in a position

to train others. This will be particularly important during the summer when they will be supporting the Army Reservists coming here for training, he said.

After awarding the diplomas to the students, Colonel Pope commended the class honor student, Pvt. Francis Thompson. Thompson was chosen both on the basis of his academic record and performance, and by vote of his classmates.

The student-soldiers came to the 461st from the 537th Transportation Co. of Fort Eustis where they received training on conventional trucks.

The six-week course started on Jan. 6 and included DUKW nomenclature; functioning; driving on land, sand, in water and in convoy; harbor regulations; mooring at shipside Landing Ship, Tank (LST) operations; A-frame use; night operations and cargo handling.

During the working day, at any given moment, over 2 million Americans are talking on the telephone to each other.

## Alvin T. Stone To Be Honored At Dance-Buffer

The nobility of Khedive Temple, consisting of Shriners throughout the 17 counties nearest Norfolk, will pay homage to the man charged with the direction of the Temple during 1960, illustrious Potentate Alvin T. Stone, of Great Neck Point, London Bridge, Va., and Mrs. Stone, at a ball and buffet to be held in the Mosque, Freemason and Duke Streets, Friday, Feb. 26 at 9 p.m.

Illustrious Noble Stone has been a tower of strength in the growth of Khedive Temple since becoming a member some 18 years ago. His outstanding services will be duly recognized during the evening.

Visiting Shrine dignitaries expected for the occasion include Potentates, or their representatives, from all Shrine Temples in Virginia as well as from Temples in adjoining states.

The Grand March and the presentation of the illustrious Potentate and his guests will be followed by dancing for the remainder of the evening. Music will be provided by Jack O'Neill and his orchestra.

## Garden Tour Is Planned by Beach Junior Club

The Junior Virginia Beach Garden Club is planning to sponsor a tour of the homes and gardens of Portsmouth, opened during Virginia's Garden Week in April.

The tour will be Thursday, April 28, leaving the Cavalier Hotel by bus at 9:30 a.m. A box lunch will be served and the tour will return to the Cavalier at 5:30 p.m. The price of the tickets will be \$3, which includes the bus trip, tour ticket and lunch.

Eight homes will be seen, beginning with Quarters "A" of the U.S. Naval Shipyard. Built in 1824, it has been the gracious home of many distinguished naval officers, from Commodore James Barron, to the present occupants, Rear Adm. William H. Leahy, USN, and Mrs. Leahy.

The old Rodman farm house, built in 1750 and now the home of Mr. and Mrs. Mahlon D. Clark Sr., features the original fire places and flooring of random width heart pine.

Near Churchland, the tour will visit the Carney House, now owned by Quarters "A" of the U.S. Naval Shipyard and Mrs. Charles D. Taylor (nee Miss Elizabeth Carney). The royal grant for the land on which these houses stand still exists and title to the property has never passed from the Carney family.

Mrs. William G. Maupins' home on North Court Street was built around 1900. The notable features of this home are the handsome panelling and the unusual starway, which is attached only to the outer walls.

The home of Mr. and Mrs. Frank L. Kirby Jr., at 3 Swimming Point, is a beautiful and charming in every detail. A beautiful garden only nine years old, is an highlight of this home.

The lovely old home of Mr. and Mrs. Robert M. Reed, built in 1775, shows the style popular in 18th Century England. Original pine floors and many of the old window panes throughout the house remain. When it was purchased in 1920 by the present owner's father, Mr. J. Davis Reed, in the earth-floored basement was discovered a dungeon with iron-barred cells.

The Parish House and Church Yard of Trinity Church will be open. The history of Trinity Church is so closely identified with the annals of Portsmouth that the old building may be considered as a municipal as well as an ecclesiastical memorial.

Anyone wishing to make reservations for this unusual tour, please call Mrs. George Powell Jr., at GA 4-9302 or any member of the Junior Virginia Beach Garden Club.

## Training School Honor Roll Listed

The honor roll for the first semester has been released by the office of the principal. Those students whose names appear on the honor roll have made no grade below "B" in any subject and have made a grade of at least "B" in Citizenship.

Twelfth Grade: Stanley Brown, Sarah Clark, Marjorie Dukes, Mary Moeley, James Haynes, Magaleen Williams.

Eleventh Grade: Larry Melvin, John Sydnor.

Tenth Grade: Dyanne Johnson, Henry Spence, Joseph Somerville, Patricia Wilson.

Ninth Grade: Dedra Brown, Margaret Burford, Deloris Johnson, Alice Somerville, Lillian Somerville, Jesse Sydnor, Inez Watts, Barbara Wright, Robert Singleton.

Eighth Grade: Thaddeus Aubby, Joan Ackew, Joseph Boykin, Floyd Conley, Betty Evans, Ruth Harold, Rufus Knight, Olivia Lawrence, Ralph Saunders.

The Ninth Grade Civic Classes and the Eighth Grade History Classes taught by Mrs. Louise H. Carter, visited the Virginia General Assembly on Feb. 16. Between visits to the Valentine Museum, The Confederate Museum, The War Memorial, and St. John's Church, the group had lunch at the George Washington Carver School.

The group was accompanied by their teacher, Mrs. Carter, Mrs. Ruby L. Allen, and Mr. J. V. Boykin, Principal.

## Local Composer Returns After N.Y. Performance

Virginia Beach composer Johan Franco just returned from New York where he accompanied soprano Jan DeGastani. In the first performance of his "Song of the Spirit" in Carnegie Recital Hall on the 21st Annual American Music Festival, broadcast over New York City's own radio station WNYC.

Thursday, Feb. 25, Franco will play his own compositions for piano at a program of American music organized by the Marsh School of Music for the Parade of American Music of the National Federation of Music Clubs, to be held at Northside Junior High School auditorium on Granby Street near Wards Corner. The public is invited.

## Cape Henry Club To Celebrate 6th Anniversary

The Cape Henry Woman's Club held its February luncheon at the Princess Anne Country Club Feb. 11 at 11 a.m.

The club will donate \$25 to the Students Cooperation Association Princess Anne High School for the Exchange Student Fund. The club will purchase a gavel for the Cape Henry Junior Woman's Club to be presented at their march meeting.

A contribution is to be made to the Lynchburg Training School for their transportation fund.

The club will hold its 6th birthday luncheon at Shore Drive Inn April 21.

Bigger and better plans are in the making for the "Lotus Festival" to be held the week of July 25-29. Mrs. L. S. Hiteshew is chairman and Mrs. W. H. Stith co-chairman.

Mrs. Hiteshew announced a Queens Contest will be held at the Domes at Virginia Beach July 22 and the Queen will be crowned that night.

Mrs. Robert S. Wahab, Cape Henry Woman's Club "Woman of the Year," has been recommended to the Business and Professional Woman's Club for the "Woman of Outstanding Accomplishment" of Princess Anne County for 1959.

Mrs. C. H. Bungard and Mrs. D. G. Polle were the judges for "Vogue Pattern Sewing Contest." Mrs. Ernest W. Turnbull, winner, will enter her suit in the Tidewater District Contest Feb. 25 in Norfolk. Mrs. R. S. Steinhilber furnished the music for a fashion show of interest in the contest, and Mrs. F. H. Stiebel gave the commentary.

Mrs. Martha Langdon played "sweetheart" music and sang several musical selections on the occasion for the musical part of the program. Mrs. Stith and Mrs. Early carried out the Valentine theme in the table decorations.

Mr. Frank D. Tarrall Jr., of Frank D. Tarrall Jr. and Associates, Surveyors, has been recommended by the club for the "First Citizens of Virginia Beach."

Mrs. Robert S. Wahab, program chairman, and dressings chairman for the Princess Anne Unit, American Cancer Society, spoke on "Cancer Dressings" and showed a film, "The Other City." The Princess Anne Unit made 11,274 dressings, 3,231 special dressings, 819 bed pads and 43 Johnny coats. There are 15 different groups making dressings at the center and a few who make them at home.

The film took a city of 75,000 and showed it lifeless, because that is the number lost each year needlessly from cancer. An annual visit should be a must on every one's calendar. Only one lily cell can break loose from a small cancer and into the blood stream and spread it through the entire body. So why delay? Why gamble? Cancer strikes four in every 100, it knows no faith or boundary.

All the club members went on record, and letters are being written to members of the Senate and House of Delegates, asking for separate housing and psychiatric care and study of newly committed children of the State Welfare Dept. from those already committed to the training school. The proposal now is to combine all children to Beaumont, the industrial school for boys.

## Plans Set for Heart Campaign

Volunteers throughout Virginia are putting finishing touches on plans for Heart Sunday Weekend which will start Thursday evening, February 25, and continue through Sunday afternoon, February 28. Dr. L. Floyd Hobbs, Alexandria, President-elect of the Virginia Heart Association and Chairman of the State Campaign Advisory Committee, has announced.

During Heart Sunday Weekend, volunteers will make a door-to-door collection of contributions to the Heart Fund, goal for which is \$450,000 this year.

Contributions will be used to continue and expand the programs of heart research, lay and professional education, and community service sponsored by Virginia Heart Association, its chapters and councils.

It is well known that diseases of the heart and circulatory system are this nation's Number 1 Health Enemy, taking more lives each year than all other causes combined. The Heart Fund, in turn, is the nation's Number 1 Defense against this enemy.

Prominent cardiologists have expressed the opinion that the control and eventual prevention of the heart diseases depend upon medical research to develop new and improved methods of diagnosis, treatment, and control of the heart disorders.

On Heart Research Day, February 3, many lay and professional people visited heart research laboratories at the Medical College of Virginia in Richmond and at the University of Virginia School of Medicine in Charlottesville and saw in progress research projects supported by Virginia Heart Association and its affiliates. Projects such as these are bringing answers to many questions which are baffling medical science. The answers gained through these and other projects throughout the nation are making it possible for lives to be saved and prolonged.

The educational programs supported by the Heart Fund are the vehicles through which vital heart information — the results of research — is passed to doctors, nurses, and lay people.

The various community services — including the cardiac work evaluation unit at Medical College of Virginia, the giving of oxygen equipment to rescue squads, loan closet services — are helping cardiac patients to lead useful, happy lives. Many heart patients, with proper treatment and care, can return to their accustomed way of life; others can learn to make adjustments in their activities so that they may be almost as active as they were before heart disease struck.

**FOR TOP PASTURES, TOP DRESS**  
Lime is the first requirement for pasture improvement. Have your soil tested and apply the amount needed to give you a pH of between 6 and 6.5. This range will make phosphorus more available and your pasture will do better. If your pasture needs lime, apply it at once. Remember, for top pastures, top-dress.

## Woman of Accomplishment To Be Honored March 14

Nominations are being received daily for the "1959 Woman of Outstanding Accomplishment," which designation is sponsored biennially by the Business and Professional Women's Club of Princess Anne County.

Only a few days remain for you to submit your nomination. All nominations must be signed and in the hands of the Selection Committee by March 1, P.O. Box 46, Oceana, Virginia.

The woman selected will be honored at the March 14 meeting of the club, to be held at the Pine Tree Inn.

The woman will be selected from a list of eligibles recommended by individuals and organizations; and the selection will be made by a committee composed of three highly capable persons residing in Princess Anne County or the City of Virginia Beach.

"Outstanding Accomplishment" shall be interpreted to mean accomplishment of such definite degree and value as to have received recognition from leaders in fields similar to those in which she is engaged, and may be based on individual achievement, or on eminent leadership in organized accomplishment over a period of years up to the present time. The Outstanding Accomplishment shall be based on accomplishment in (1) Business (2) Profession (3) Artwork also be available at the door.

(4) Literature (5) Music (6) Welfare Work (7) Civic Betterment, any one or a combination of same in excess of required duties of her profession or for which she received no remuneration. The woman selected for the honor shall be a resident of the City of Virginia Beach or Princess Anne County, either a member or a non-member of the club.

Reservations for the dinner can be made by communicating with Mrs. Agnes Mabry, 200 8th Street, Virginia Beach. The price is \$3.50 per person, and the money should be included with the reservation request.

## School Plans Spaghetti Dinner And Bake Sale

The W. T. Cooke School P-T-A is planning a Spaghetti Dinner and Bake Sale for Thursday, March 10, from 5:30 to 7:30 p.m. in the school cafeteria.

Adult and student tickets may be obtained by calling Mrs. W. B. Costenbader at GA 8-7361 or Mrs. J. E. Lail at GA 8-4756. Tickets will also be available at the door.

## Preaching Mission To Present Drama Saturday, Feb. 27

The dramatization of Rumer Godden's "An Episode of Sparrows" will be presented on Saturday, Feb. 27, at 7:30 p.m. at the Virginia Beach High School. This presentation will be part of the United Preaching Mission.

The Rev. John D. Keiser, of the Lutheran Church of the Good Shepherd, is in charge of the presentation. Mrs. V. K. Almond is making arrangements for a reception to follow in the high school. Coffee and cookies will be served and the public will be given an opportunity to meet the cast.

The story begins on a windy Saturday morning in March on Catford Street, London. The Garden Committee had met to discuss the earth—not the whole earth, the terrestrial globe—but the bit of it that had been stolen from the Gardens of the Square. The holes in the earth involve Lyskov Mason, the little girl who lived in Vincent's Restaurant; the rich Miss Chesney's in the Square; Tip, the leader of one of Catford Street's gangs; and others, who find their lives changed as the secret of the missing earth is solved. The audience will go away with a feeling of desiring to "hold more dearly" what they have and to respect and love what others "hold more dearly."

"An Episode of Sparrows" will be presented with a skilled cast of The Bishop's Company, founded in 1952 by Phyllis Benbow Readley.

The English theatre, as most people know, was born before the altar of the church. The long separation between church and stage is being brought to an end by The Bishop's Company, first professional repertory company to reunite the forces of religion and theatre. Its outstanding record includes 400,000 miles of travel in 45 states and Canada. Asking the audience to share in the creation of the play is part of the technique of this Company which uses sets or props.

The Company is an independent organization named in honor of Bishop Gerald H. Kennedy of the Methodist Church.

The touring units of the Company have a full schedule of college and universities, as well as being a highlight of church calendars.

**Writers' Workshop To Meet Friday**

The writers' workshop of the Tidewater District of the Virginia Federation of Women's Clubs will meet Friday evening, Feb. 25, at 7:45 p.m. at the Woman's Club, Fairfax Avenue, Norfolk.

The workshop offers instruction and critical guidance in all forms of writing. Miss Phyllis Hanson, director, requests that all persons wishing criticism on work which they plan to enter in the VFWC Literary Contest closing March 1 bring that work to this meeting.

Because of limited facilities, attendance is restricted to members of federated women's clubs in Tidewater District.

**New Tournament Added to Virginia Softball Program**

RICHMOND — Continuing its custom of trying something different, Virginia Amateur Softball Association will hold its first annual state industrial slow pitch tournament here on August 7.

This tournament will be restricted to all-employee teams, governmental agencies, teams in the armed forces, police and firemen, with the winner qualifying for the world industrial division tournament on Labor Day weekend in Louisville, Ky.

Softball teams and umpires in the Virginia Beach area interested in affiliating with the Virginia organization should write State Softball Commissioner Hank Wolfe, 118 Seneca Rd., Richmond 26, Va. Hampton Roads Junior Chamber of Commerce is interested in sponsoring the Virginia men's class A fast pitch tournament on August 12-13-14. Negotiations are under way and March 1 has been set as the deadline. The winner will be eligible for the central Atlantic regionals at Baynard Stadium on September 2-5 in Wilmington, Del.

The fourth annual women's national invitational slow pitch tournament was awarded to Richmond on July 23, with June 22 as the entry deadline.

The event has attracted 43 teams from Kentucky, Maryland, Massachusetts, North Carolina, Ohio, Virginia and District of Columbia. Dana Gardens of Cincinnati won the original title in 1957 and Pearl Laundry of Richmond took charge the past two seasons.

Virginia ASA was organized in 1935. It folded in 1949 with 20 tournaments. Its steady growth was climaxed by an all-time high of 31 tournaments in 1959, 15 of which were held in Richmond.

**Surf Queens Split Two at Richmond**

The Virginia Beach Surf Queens were playing without two of their leading scorers won one and lost one to Richmond teams over the weekend.

In the first game with RPI, the college girls ran up a 14 point lead in the first half that proved too much for the beach girls to overcome. With the forward combination of Pope, Pittman and Langen played together for the first time this season, the Surf Queens could not get going until the second half. They closed the gap to four points but finally lost by a 43-37 score. Barbara Wilke for several years one of the best AAU players in the state, playing college ball for the first time, led the Richmond girls with 23 points. Langen with 14 points and Pittman and Pope with 12 and 11 respectively led the Surf Queens.

Against Martin Chevrolet the Surf Queens were never behind in a rough game that ended 30-23 in the Virginia Beach girls' favor. Emma Lou Pope got 14 points in this game to lead the winners, Sue Taylor and Patsy Smith led the losers with a point each.

The Surf Queens were playing without the usually high scoring Ann Thompson and Barbara Foxwell who were left at home with the flu.

The Virginia Beach girls now have a record of 7 wins and 3 losses for the season.

### Boosting Your Insurance

Here is a sound Rule-of-Thumb that every property owner can follow: If your fire insurance has been in effect for a number of years without review or revision, it's an odds on bet that you are seriously under-insured.

Since 1945, the statistics show, the cost of home building has just about doubled so if your home was insured in 1945 and you have not increased the amount of insurance that you carried as of that date, you can imagine what could happen to your pocketbook if fire strikes.

What is true of your home itself is true of practically everything inside it. For instance, the cost of household furniture, clothing, appliances—almost every item found in the home—has more than doubled since 1940. Then too you have added new furniture, new appliances, T.V. sets, sewing machines, and many other items and you probably have neglected to increase the insurance on your household and personal effects. These "little things" add up to a surprisingly big total when an accurate inventory is made.

The remedy is for you to review your present coverage, the amount of insurance you carry on your dwelling and the amount of insurance you carry on your household and personal effects. Don't be caught half-insured in the event that disaster strikes you.

We would be pleased for you to consult us to see if the amount of insurance you are now carrying is in line with present day values.

### Jog Appetites With Fruit

This is the time of year when meals are apt to become hom-drum. It's no secret that flavorful canned fruits give a big lift to sluggish appetites. Serve them as:

**FIRST COURSE**—Fruit cocktail, or chilled grapefruit and orange sections dressed up with a couple of drops of mint flavoring.  
**SALAD MEAL**—Tangy purple plums around a peach half filled with cream cheese and nuts on crispy greens. Serve hearty chowder type soup with this salad.  
**MEAT GARNISH**—Bake spiced fruits to serve with meat, poultry or fish meals.  
**DESSERT**—Canned fruits as they come from the can or jar, alone or in combination, in cobblers, or in pie.

#### Jubilee Cherry Pie

1 cup sugar  
5 tablespoons cornstarch  
1/4 teaspoon salt  
1 cup juice drained from canned cherries  
1/4 teaspoon red food coloring (optional)  
8 cups drained water pack red tart pitted cherries  
2 tablespoons butter, or margarine  
Mix sugar, cornstarch and salt in a saucepan. Add juice and coloring; stir until smooth. Cook until thickened and clear, stirring. Remove from heat; add cherries and butter. Pour into an ungreased 9-inch party lined pie pan. Cover with top crust, lattice, or cut-outs. Bake in a hot oven (425 degrees) about 40 minutes. One 9-inch pie.

While we've usually plenty of fresh fruit, there are days and seasons of the year when the variety isn't all we could desire, so here's a hint from the country's biggest fruit growing area, Florida, for extending what fresh things we have on hand. Grand idea, too, for those times when company drops in and you haven't much in the fresh larder. It's a means of extending your fresh with Florida's fine canned grapefruit sections, so handy and economical.

Keep a can or two of the grapefruit sections in your freezer compartment and you can make this recipe do more than double duty. It can be salad, dessert, or first course with just the addition of a little fresh fruit in season and the turn of a can opener.

#### Frozen Grapefruit and Fruit Medley

1 can (1-pound) Florida grapefruit sections  
Watermelon wedges  
Honeydew melon slices  
Cantaloupe slices  
Fresh cherries, pitted and halved  
Place unwrapped can Florida grapefruit sections in freezing compartment of refrigerator several hours or overnight. When ready to serve, prepare fresh fruit. Open can of frozen grapefruit sections; ender remove contents in one piece and into a mixing bowl with fruit.  
YIELD: 4 servings.

### Port Official Guest Speaker at Woman's Club Meet

Michael M. Mora, executive director of the Norfolk Port Authority, was guest speaker at the regular luncheon meeting of the Woman's Club of Princess Anne County Tuesday at the Pine Tree Inn.

As this was International Affairs day for the club, Mora chose as his topic "America on the World Scene." The ladies chose as their meal Rice a la Espanola, Peas of Nanking, Beef d' Anglaise, Salade du Chef and good old American cherry cobbler.

"While our foreign trade is not a means of making money, it is vital to our domestic life," said Mora. He said we were dependent upon resources not within our boundaries which forces us to be an international nation. Because of this our export market is adjusting more to foreign markets. Mora said he was quite happy to be working with and associated with Virginia gentlemen—men who always keep their word.

The club approved of a \$25 donation to go toward expenses through the exchange system of sending a Scandinavian boy to Princess Anne High School.

The club will sponsor the Heart Fund Drive in Virginia Beach and Princess Anne County. Mrs. C. L. Herberger, chairman of the club's Health and Mental Health Department will head the drive.

The club will participate, along with the other clubs in the General Federation of Women's Clubs, in the selection of the All American Family. Mrs. Roy Aycock is chairman.

Mrs. Waverly J. Dickens Jr. reported on the recent State Board and President's Council meetings.

Mrs. Harry Billups, chairman of membership, introduced Mrs. J. H. Costenbader as a new member.

The club's Fine Arts Department will sponsor a tea and art exhibit at Scott Memorial Church on Feb. 22 at 2 p.m. Mrs. C. O. Kidd and Mrs. W. C. Ashman are chairmen.

Guests attending Tuesday's meeting were Mrs. R. W. Weiss, wife of the Consul to Germany and Mexico; Mrs. James A. Albano, wife of the Consul to Ecuador and Mrs. R. Massey, wife of the Vice-Consul to Brazil.

Mrs. George Miller was program chairman.

In just one year, the cable supplied by Western Electric to Bell Telephone Companies contained 23 million miles of wire. This is enough wire to reach to the moon and back 47 times.

### Deadline Set for Writing Contest

Deadline for the Creative Writing Contest sponsored by the Virginia Division, American Association of University Women, has been announced as April 1, 1960. The annual contest is intended to encourage amateur writers of Virginia. It is open to all residents of the state or to any legal resident temporarily living elsewhere. Contestants must be non-professional writers, defined as not marketing writings regularly.

Final judges, who are well-known writers or teachers of writing, will choose the best three manuscripts in each category. Names of these winners will be announced, and certificates awarded, at the Virginia Highlands Festival, Abingdon, at Creative Writers Day, August, 1960. All participants are invited to be present. Other rules and information on the contest follow:

Material entered must not have been copyrighted, must not have received paid publication, must not have won a first place award in any previous contest. The contestant retains all legal rights to content of manuscripts submitted, but the actual entries will not be returned. The contestant should keep carbon copies.

Manuscripts must be typed, double spaced, one side only, standard size paper (8 1/2 x 11), with one inch or more margins. Each entry must be preceded by a title page listing the following: title, name and address of writer, category, approximate word count (prose), or number lines (poetry), age if under 18. The title should appear at top of each numbered page of manuscript. The writer's name must appear on the title page and nowhere else on manuscript.

A fee of one dollar (to cover contest expenses) entitles contestant to enter two prose manuscripts in any one category, or three poems. Contestant may enter more than one category if fee is sent for each category entered. Manuscripts and fee must be sent by April 1, 1960, to the category chairmen, listed as follows:

**Poetry** (three poems limit)  
Mrs. Carleton Dreyer, 1301 Clarke Avenue, S.W., Roanoke, Va.  
**Short Story** (500 words or under)  
Mrs. V. B. Tate (Arts Chairman), Virginia Beach Branch-AAUW, 220 Penguin Place, Virginia Beach, Va.

**"CORVAIR HANDLES BETTER, STEERS MORE EASILY, RESPONDS MUCH MORE QUICKLY AND HOLDS THE ROAD MORE SECURELY THAN ANY STOCK FOUR-DOOR SEDAN EVER MADE IN THE U.S."**

—Jim Whipple, Car Life

If you think we're enthusiastic about Corvair, leaf through the leading automotive, sports and science magazines and see what the experts are saying. Then, by all means, drive one yourself.

"Corvair's steering is so light that at parking speeds it feels power assisted; it is so precise as to be absolutely without play, and it is fast enough to allow complete control over every situation."  
—Karl Ludvigsen, Sports Cars Illustrated

"Steers like a feather and is extremely quiet. . . This is a beautifully designed machine, engineered by real pros."  
—Tom McCall, Mechanics Illustrated

"Most surprising thing to me outside of the excellent handling characteristics was the feeling of roominess inside. . . I didn't have the sensation of driving a small car and the headroom was greater

in the Corvair than in some standard size cars. . ."  
—L. H. Houck, Automotive News

"So far as shopping goes, the Corvair is a housewife's dream. It's small and easily maneuvered without any power steering, and so easily parked . . . it's a lot easier to unload a cart full of groceries into a front trunk at the supermarket than it is into a rear one."  
—Rosemary Francis, Popular Science

"I want to state as firmly as I can that the Corvair handles as beautifully and is as safe as—if not safer than—any family car on the road today."  
—Jim Whipple, Car Life

"There is none of the typical stiffness normally associated with run-around vehicles. Inside the car, the effect is quite unlike anything we have ever experienced. It almost seems that there is no engine and the general effect is so quiet as to be almost uncanny."  
—John R. Bond, Road & Track

"No written word can suffice for the genuine pleasure that you will receive behind the wheel of America's newest and most advanced contribution to transportation. . . It is a great car."  
—Don Stewart, Motor Life

**Elizabeth Smith, John M. Miller Jr. Exchange Vows**

ROCKY MOUNT, N.C. — The marriage of Miss Elizabeth Herbert Smith and Dr. John Milton Miller Jr. took place Saturday at 4 p.m. in the Church of the Good Shepherd.

The ceremony was performed by the Rev. Thomas J. C. Smythe. The bride is the daughter of Dr. and Mrs. Claiborne Thewett Smith. The bridegroom is the son of Mr. and Mrs. John Milton Miller of Virginia Beach and Mathews County.

Given in marriage by her father, the bride wore a wedding gown of candlelight silk. The scooped neckline and princess line waist were trimmed with floral designed lace and iridescent sequins. The full skirt, with deep pleats, formed a chapel train. Her full length veil was of Princess Margaret lace. She carried phalaenopsis orchids and lilies of the valley.

Miss Erwin MacEntyre Robbins was maid of honor. Misses Betsy Smith Chipley and Anne Claiborne Chipley were flower girls.

Ridgely D. Miller Jr. was best man. The groomsmen were Dr. Pete Brittain, Dr. Robert Woodhouse III, Dr. Jonathan M. Sutton and Flake B. Chipley.

After the ceremony a reception was given at the Benvenue Country Club. Later Dr. and Mrs. Miller left for a wedding trip through the mountains of Virginia. They will reside in Winston-Salem where Dr. Miller is a resident at Baptist Hospital.

**TEENERS' HAIRDO**

A professional haircut by a good hair stylist once in a while is a good investment for you, Miss Teen. The trouble with a do-it-yourself attempt is that you cannot get at all parts of the head. A young face looks best with little lipstick and a simple, veil-brushed hairdo. Make a fetish of reaching for the hair brush and using it with the excitement of making your hair an outstanding beauty asset.

Miss Teen, let us arrange your hairstyle the way it should be done. We do expert haircutting and shaping for girls of all ages. Creekmore Beauty Salon, 2611 Atlantic Avenue, Virginia Beach. Phone Garden 8-3091.

**A SPRAY PROGRAM FOR THE SMALL FRUIT GROWER**

Nearly every home gardener who tries to grow fruits soon realizes that spraying is necessary to control insects and diseases.

There are a number of commercially prepared insecticides on the market suitable as all purpose sprays. All purpose sprays can be used on nearly all fruits. Occasionally you may need special spray material.

Too often the home owner with a few fruit trees will not spray for either insects or diseases because it is considered to be too complicated. This would be true if you had to use all of the combinations of different chemicals at different times that the commercial orchard grower has to use. However, with the all purpose sprays, you use the same spray each time.

How can you tell when to spray all of the different types of fruit trees that you may have? The answer to that is very simple. Send a post card to me with your name and address on it and ask for "The Spray Program for the Home Gardener," and I will be very happy to send you a very brief and simple spray program that will tell you when you should spray the following fruits for best results: Apples, peaches, pears, plums, cherries, grapes, raspberries, and strawberries.

**4-H CLUB PROGRAM EXPANDING**

The Virginia 4-H Club Program is always on the increase. In 1959, there were 1,930 4-H Clubs in the state, with 54,004 4-H Club members. These 4-H Club members completed 69,305 projects.

In 1959, there were 19 4-H Clubs in operation in Princess Anne County, 239 4-H boys, and 315 4-H girls. The boys completed 273 different projects, and the girls completed 292 projects.

The average enrollment per county in the state is 264 boys and 307 girls.

**POULTRYMAN'S SHORT COURSE**

The third annual Poultry Short Course, sponsored by the Agricultural Committee of the Norfolk Chamber of Commerce will be held Tuesday, March 16, from 10 a.m. to 3 p.m. at the Great Bridge Christian Church.

Here you have a unique opportunity to obtain valuable, first hand information on successful poultry raising from those who know.

Topics will include: "Long Time Egg Outlook for the Nation and the Norfolk Area," "Reduction of Labor Requirements through the Use of New Egg Handling Methods," "Use of Grain Storage Facilities to Reduce Feed Production Costs," "Vaccination and Disease Prevention," "Increased Poultry Profits through Improved Housing."

The program will be presented by experts from VPI. The last portion of the Short Course will be reserved for Panel Discussion, so that any questions you may have will be given professional handling.

Notice that the time and place have been selected with the convenience of the poultrymen in mind. The actual setting is easily accessible for poultry producers in Princess Anne and Norfolk Counties. The hours from 10 a.m. to 3 p.m. mean that the early morning and late afternoon are open for other "on the farm" activities.

This Short Course is offered at no cost. For a delicious luncheon served by ladies of the church, there will be, of course, a charge of \$1.50.

The Chamber of Commerce must know how many plan to attend so that enough food can be arranged. They have set the deadline for reservations for Friday, March 11. Mail your reservation along with your check for \$1.50 per person, to the Agricultural Committee, Norfolk Chamber of Commerce, 209 Boush Street, Norfolk 10, Virginia.

**CONTROL WEEDS IN PERMANENT PASTURES**

Many dairymen have asked me recently how to control various weeds in permanent pastures without serious damage to the pasture itself.

If you are having troubles with thistle, burdock, dandelions, plantain, buttercup, daisies, or stick weed, you can get good control by spraying your pastures with 2,4-D. The low volatile ester form should be used at the rate of 1 pound of acid equivalent per acre in 10 to 20 gallons of water per acre. The greater the amount of water used, the better the coverage will be.

These weeds can be sprayed this spring as soon as growth starts. Injury to ladino clover is to be expected with the 2,4-D treatment, but recovery usually occurs. I know of several folks who have sprayed their pastures with 2,4-D and have gotten very good results on the control of the weeds listed above.

For the control of other weeds that are more difficult to chemically kill, please contact my office for recommendations.

**SORGHUM ALBUM NOT RECOMMENDED IN STATE**

Recently there has been a great deal of advertising about the use of sorghum album as a forage crop. Many people are asking, "Is this recommended?" The answer to that oft-asked question is a blunt and unhesitant "no."

This is why. It is a tall, vigorous grass much like Johnson grass, and is thought to be a natural cross between Johnson grass and some other sorghum. The seed closely resembles Johnson grass seed and it is difficult, if not impossible, to tell the difference.

There is a wide variation in plant types of sorghum album. Eradication could become a problem.

Seed from two sources were tested last year by the Virginia Agricultural Experiment Station. One source was relatively low in yield at all locations tested. The other was low at two locations, but did yield well at Blackburg, and Orange. However, quality was not as good as the better varieties of sudan or pearl millet. Other states have reported that sorghum album does not compare well with the better sudan grass and pearl millet varieties.

Finally, sorghum album is listed as a prohibited noxious weed under the Virginia seed law, which means that it cannot be legally sold in Virginia.

**CHEMICALS IN FOOD ARE NOTHING NEW**

There's been much ado recently about chemicals in food—but really there's nothing new about it.

And, food laws in effect give America the safest, purest food supply in the world.

Chemicals in foods are used to satisfy the consumer's want. Salt, for example, has been used in food for years. It is a chemical. Baking soda is a chemical. So is vinegar. In the modern food industry many chemicals, with safety already established, are used to provide food products the consumer wants. Around 700 new and old chemicals are used, some to add color, some to prevent mold, some to retard spoilage, some to keep food from getting stale, some to improve nutrition—such as the vitamins and minerals added to enriched bread.

The main purpose of food laws is to ensure a clean, wholesome food supply. Fifth or decay still account for most of the food seized. In 1958, for example, about 80 per cent of the total food seized by the govern-

ment was seized because it was dirty or because it had started to decay or spoil.

**PLANNED FEEDING WILL HOLD DOWN MILK FLAVORS**

A good feeding schedule in the dairy barn will prevent a lot of off-flavors in milk during the winter months. There are several things a farmer can do to keep milk quality up in cold weather.

Give strong feeds, like silage, just after milking, not immediately before, to get rid of most feed flavors in the milk. Keep feeds cleaned up to cut down on odors around the barn. Many off-flavors are caused when the cow breathes the odor laden air.

Ventilation is the best remedy for ordinary barn odors. Even if there is no modern ventilating system in the barn, open windows help. Fix windows so they can be tilted in at the top, but put up side protectors to prevent drafts on the animals.

**DAIRYMEN CAN "GROW BIGGER" ON PRESENT FARM ACREAGE**

Silage offers the dairyman a chance to "grow bigger" on his present number of acres.

Increasing the size of dairy operations is one way operators can combat the increase of production expenses. And while these expenses have increased ten per cent in the last five years, prices for his products have dropped 3 per cent.

Number of cattle kept on a farm depends largely on the feed and labor available on the farm. Silage offers the possibility of increasing feed supplies.

Seventy bushels of corn per acre would make a 12-ton silage per acre yield. There is about 56 per cent more feed harvested from an acre of corn in the form of silage than as grain. This is in terms of food value to the dairy cow.

A yield of 32 bushels of oats per acre is equal to four to five tons of oat silage. If the oats are harvested as silage, the dairyman will get 147 per cent more food value in terms of cow consumption.

And Kenneth Loope, farm management specialist at VPI, says that where accurate records are kept in the state, most farmers lose money on oats as a crop.

Silage does require more labor per acre, but less per pound of actual food. Farm management records show it takes ten hours to produce an acre of corn. Corn silage takes 16 hours of labor per acre.

But silage will yield more pounds of high energy feed per acre than any other forage program. Silage handling can be mechanized. Greater production per acre using available labor means reduced costs and larger net returns. Silage can also be stored at low cost. Waste and spoilage can be reduced.

If your dairy cows are not now eating seven to eight tons of silage per year, it will probably be possible for you to increase your net income through an expanded silage program.

So, it is possible to grow bigger on the same acreage. It is possible to increase food value yield per acre. Most farms can do a better job of producing dairy cattle feed if silage is used.

**BEEF CATTLE GROUP TO MEET AT NATURAL BRIDGE**

Plans for the 1960 feeder cattle sales in Virginia will be discussed at the annual Feeder Cattle Sales and Virginia Beef Cattle Association meeting at Natural Bridge, Feb. 29.

This meeting will be of a special interest to producers who consign to the special feeder sales. During 1959, over 2,000 Virginia cattle producers consigned over 35,000 head of cattle to the 52 feeder cattle sales.

Several Princess Anne producers plan to attend.
